All Dallas County Business Owners:

The Dallas County Commissioners' Court adopted the 2015 International Uniformed Fire Code in August 2018. This gives the Dallas County Fire Marshal's Office the opportunity to inspect businesses in the unincorporated areas of Dallas County.

The Dallas County Fire Marshal's Office is to provide quality inspections of Residential, Business and Commercial projects to ensure they provide the minimum requirements to safeguard the public health, safety and welfare of our citizens and business community, and to ensure the safety of emergency personnel during emergency operations. This shall be achieved through a plans review process and on-site inspection. After verifying code compliance, a permit or Certificate of Occupancy may be issued throughout the remainder of the construction / compliance process.
