Presentations:

Unlocking DOORS:

Christina Melton Crain spoke and introduced Unlocking DOORS. With over 70,000 offenders being released from prison each year, Unlocking DOORS is a Texas Reentry Network. They are committed to reducing crime through lowering the recidivism rate which is at 70% at the moment. The purpose of Unlocking DOORS is to give guidance and assistance to each client known as offenders. Throughout this program, several services are provided to each client to help them succeed and prevent them from reoffending any time in the future. Some of these services range from housing to job searches.

Ms. Crain reported that Texas currently ranks as the largest criminal justice system in the United States. Over 70,000 offenders are released from state prison and jail systems into the Texas community each year. Unlocking DOORS functions to serve this population through their unique delivery model. Ms. Crain explained that Unlocking DOORS provides offenders reentering the community with reentry brokerage services. This includes Unlocking DOORS brokerage staff with providing reentry individuals with a comprehensive risk/needs assessment, working to develop an individualized reentry brokerage plan to address specific needs, assistance with referrals to community services, and ongoing monitoring and assistance. Ms. Crain stated that once an individual is an Unlocking DOORS

client they are always an Unlocking DOORS client and are free to return for assistance at any time.

Ms. Crain reported that Unlocking DOORS also works to collect, analyze, and report data they collect from their services. They use this data to further aid them in assisting reentering offenders, particularly by focusing on four key areas of need that if not met often lead to reoffending behavior: housing, employment, transportation, and medical/mental health services.

Ms. Crain concluded her presentation by informing the committee of the upcoming Unlocking Doors symposium which is taking place on Friday, September 27 at the Belo Mansion. For more information and to register, individuals can visit the Unlocking DOORS website at dallasdoors.org.

Committee Project Updates:

Bail Bond:

Miguel Canales gave the update. The Bond Forfeiture Judgment Report reflected judgment totals from January – May 2019 of \$572,325.21 for 919 cases. The Account 62 reports reflected total bond forfeitures collected by the felony courts in May 2019 was \$21,360.00. For the same reporting period, the misdemeanor courts collected \$28,481.60.

Fair Defense Committee:

Lynn Richardson gave the update. It was reported that there has been a significant increase in funding to assist the committee. A portion of the funding was set aside to expand for public offenders who work with mentally ill clients this includes existing programs and being able to expand them. Also, includes assisting defense attorneys who are not public defenders and provide training in addition to representing people who are mentally ill.

Soon to expand again with approximately 2 supervisors, in-take positions and electronic monitor numbers have rapidly increased. Staff positions plan to continue to growth to meet the demands. Michael Laughlin spoke and mentioned he is working with contractors to implement new risk tool, known as PSA that is based on more criminal history and less on subjective factors. The goal for PSA is to get more objective criminal history risk related information before the judge's eyes, and make better release decisions structure for pretrial. In addition, contractors will be training judges and many others on this process.
