This project marks an important moment in the progressive changes that have and continue to improve the Dallas County jail. The facility promises to change the nature of medical treatment at the jail. However, this project could not have been done without the tremendous teamwork from everyone involved. I am definitely looking forward to the opening of this new state of the art medical facility with in the jail.

## MEMORIAL SERVICE HELD FOR WISE COUNTY K9 KILLED IN LINE OF DUTY

A memorial service with full honors was held on February 4, 2015 for the Wise County Sheriff's Department canine "Pepper" who was killed in the line of duty. "Pepper", a Dutch Shepherd, was shot by a suspect on January 28, 2015 after "Pepper" found the suspect hiding under a pile of leaves.

The Texas Department of Public Safety said it all started around 2:30 p.m. on that Wednesday afternoon, when Montague County deputies attempted to arrest a man on an outstanding warrant. The suspect displayed a gun and drove away, with the deputies in pursuit.

DPS said the suspect abandoned his vehicle and fled into a wooded area along a dirt road near the town of Sunset, just north of the Wise County line and about 55 miles northwest of Fort Worth. Pepper and his handler had been called to assist the officers and when they arrived "Pepper" was released to flush out the suspect. But when the Dutch Shepherd located the man under a pile of leaves, the suspect opened fire on the officers and killed "Pepper". Officers returned fire, killing the suspect. Pepper was one of the department's newest canines and had been on the force for only a few months. The suspect identified as Alverson had been arrested 23 times since 1990 and was being sought on a probation violation and an outstanding arrest warrant from Tarrant County. Past arrests included escape, carrying a prohibited weapon and drug possession. Condolences poured in for "Pepper" and expressions of sympathy were also posted on the Officer Down Memorial Page website, which remembers officers and dogs killed in the line of duty.

The Dallas County Sheriff's Department has two drug detecting Dutch Shepards imported from Holland named "Lewis" and "Ali". They are the Sheriff Department's latest weapon against the war on drugs. Funded with federal seizure money, this unit is self supporting at no cost to the taxpayers of Dallas County. Trained in South Louisiana at US-K9 Unlimited's Dog Training Academy, each canine and their handler go through several weeks of training. These well trained canines have "hit" on everything from a truck load of marijuana to small amounts of cocaine residue.

Many local law enforcement agencies have called on their drug sniffing abilities. Arlington, Dallas, Grand Prairie, Red Oak, Ferris, Desoto, Glen Heights, Lancaster, Wilmer, Hutchins, Mesquite, Forney, Seagoville, the Department of Public Safety, Immigration & Customs Enforcement, the Drug Enforcement Agency, the Internal Revenue Service, the Federal Bureau of Investigations and the Federal Bureau of Prisons have all utilized the Dallas Sheriff's Department canine unit with a high degree of success. Deputy J. Payton and Deputy L. Jones, who are the canine handlers, have over 30 years of law enforcement experience. The partnership with their canines make them a team that will have an enormous impact on the nations drug traffic trade.

This year the Dallas Sheriff's Department is joining more than 300 Texas law enforcement agencies for the warrant round-up. That makes the annual initiative the largest to date.

Each year around this time the warrant round-up targets those who have outstanding fines from traffic, parking or city ordinance tickets. Sheriff Valdez urged people to take care of their responsibilities.

*"I'm sure no one wants to undergo the embarrassment of being arrested in front of your friends, family, co-workers, strangers."*

Don't wait to be arrested! If you have outstanding traffic ticket warrants, a lawyer can post an attorney bond and remove the warrants without your having to go to jail. Even if your arrest warrant is for a more serious misdemeanor, or even a felony, an attorney may be able to post a personal recognizance bond or an attorney bail bond on your behalf, and work with you to seek a favorable resolution to your criminal case.

## Correctional Management Institute of Texas Recognizes Dallas County Assistant Chief Deputies for their Leadership Qualities

**Assistant Chief  
Earnestine Sanders**

**Assistant Chief Deputy  
Maria "Lupe" Garza**

The Dallas County Sheriff's Department received a letter from Carmella Jones, Program Specialist with the Sam Houston State University Correctional Management Institute of Texas in which she praised Assistant Chief Deputy Maria "Lupe" Garza and Assistant Chief Earnestine Sanders. Mrs. Jones stated it was with great honor that the Correctional Management Institute of Texas recognized Assistant Chief Deputy Garza and Assistant Chief Sanders for their Leadership Qualities during the 16th Jail Administration Management and Operations Training, conducted February 15 – 20, 2015 in Huntsville, TX. The two Assistant Chiefs received this esteemed acknowledgement from the class during dinner on the last evening of their training. The class was attended by 36 jail administration personnel from around the state. Mrs. Jones congratulated the Sheriff and all of her staff for this recognition. She stated how she was honored to know the two exceptional representatives from the Sheriff's Department.

### DID YOU KNOW?

The "Old Jail" is found across from Dealy Plaza and located in the upper floors of the Criminal Courts Building on the corner of Main Street and Houston Street across from the 1890 Dallas County Courthouse known today as "Old Red."

It was originally thought to be an escape-proof jail since it was in a high-rise building, but several escapes took place when it was open, including some members of Clyde Barrow's notorious gang.

Jack Ruby became a so called "guest" of the "Old Jail," when he was caught on film shooting Lee Harvey Oswald. Lee Harvey Oswald was detained by the City of Dallas Police Department until he was charged with felony murder, for the murder of President John F. Kennedy on November 22, 1963. Oswald was being transferred into the County's custody when he was shot by Jack Ruby. Ruby was immediately taken into custody. When the "Old Jail" was constructed, Dallas County still participated in hangings. Executions on gallows were conducted outside until the "Old Jail" was complete. "Death Row" prisoners were then hanged inside the "Old Jail" until the mid-1920's.

Inspection & Registration — Together At Last!

IT'S THE NEW  
**TEXAS  
TWO  
STEP**

**STARTING  
MARCH 1  
2015**

## IT'S EASY HERE'S HOW IT WORKS

- Step 1** Pass a vehicle inspection and retain your vehicle inspection report.
- Step 2** Renew your annual registration by mail, online or in person, and your inspection status will be verified electronically. A passing inspection is required for registration.

You'll be issued one sticker as proof of inspection and registration.

[www.TwoStepsOneSticker.com](http://www.TwoStepsOneSticker.com)

## TWO STEP TIPS

**Single Expiration Date:** Transitioning to "Two Steps, One Sticker" will require every vehicle's inspection and registration dates to expire at the same time. In order to do this, during the first year you will be allowed to register your vehicle as long as your vehicle inspection is valid the day you register.

**90 Days to Inspect:** Beginning March 1, 2016, you will have a convenient 90 day window to complete the Two Steps. In order to register on time, you must have your vehicle inspected within 90 days before your sticker expires.

**Inspection Verification:** If your vehicle passed inspection but the system is unable to electronically verify it, simply present your valid, passing vehicle inspection report (VIR), and you will be able to register.

**Inspection Fees:** The inspection fees have not changed but where you pay them has. You will now pay the inspection station its portion of the fee at the time of inspection and the state's portion of the fee will now be collected at the time of registration.

### DALLAS COUNTY JAIL MEDICAL MODIFICATION PROJECT NEARS COMPLETION

The Dallas County Medical Modification Project is a collaboration between the Sheriff's Office, Parkland Hospital, and the Commissioners Court that broke ground in the beginning of FY2013. The facility housed in the North Tower is a unique medical health care facility within Lew Sterrett that will allow for the treatment of inmates onsite, thus significantly reducing the need to transport individual inmates to Parkland as well as increasing the expediency in which inmates receive proper care. The plan for the Medical Modification Project was developed with consideration given to the new area designated for inmates within the New Parkland Hospital. More serious, complicated cases will continue to emerge that will require specialized services that will be delivered at the Parkland Hospital Campus.

## HAPPY RETIREMENT CAPTAIN JASON VALENTINE!
