

## Dallas County Health and Human Services CRO Screening Checklist

### Now that you've swabbed everyone, have you:

- Wrapped parafilm around all specimen tubes to prevent leakage?
- Double checked that all names and DOBs match on the tube, test request form, and colonization line list?
- Sent email with the following completed attachments to DCHHS contact?
  - Colonization line list
  - All test request forms (in one PDF preferably)
- Put paper copy of test request form in each biohazard bag with specimen?
- Put all leftover supplies back in box?
- Put paper copy of colonization line list on top?
- Give back both Styrofoam shipper and outer cardboard box?
