

Brookhaven Trail

ADDISON

This map has been prepared courtesy of **VIRGINIA COOK, REALTORS.**

Scale: 1" = 0.3 Miles

The 0.9-mile Brookhaven Trail not only connects with Brookhaven College, but it also connects with the Addison Trail to create a much-longer, continuous 4.6-mile trail that extends from Valley View Lane to Arapaho. In so doing, people can reach the restaurants on Beltline Road, attend class at Brookhaven, enjoy the views in Vitruvian Park, or simply have some fun or get some exercise.

Located in both Farmers Branch and Addison, the Brookhaven Trail was made possible by the County and the North Central Council of Governments who provided funding, and by Brookhaven College/the Dallas County Community College District who provided the land and who maintain the trail.
