

To determine if the call is local or long distance, verification is on the first six digits of the phone number you are calling, i.e., 214268 (214 =NPA and 268 is the NXX). If you find the NPA/NXX on the list below, your call is local and does not require the use of a long distance code. If you find the NPA/NXX on the attached list and you receive a recording your call cannot be completed as dialed or a "1" is needed to complete your call, please contact Communications and Central Services/Telecommunications @ (214)653-7100.
