

John Weninger  
123 Divorce Company

With his two-attorney office based in Oak Lawn, it really wasn't that far to the courthouse for John Weninger. But like all others who file paper petitions, he still had to drive downtown, park and stand in lines.

When he discovered eFiling from information posted at the District Clerk's filing desk, he enrolled immediately and has been using the system several hundred times a year since then, saving hundreds of hours in travel and wait time.

The greatly enhanced efficiency that the service provides has provided invaluable time away from paper work to spend with clients, who are pleasantly surprised at how quickly lawyers serve their clients.
