

# Public Notice

In the very near future, the Dallas County District Clerk and Dallas County County Clerk will be offering a new service to attorneys on Civil and Family cases. Our offices will very soon have the functionality to send out automatic e-mail notifications whenever a document is filed and docketed on our systems.

Even though this functionality is not yet available, attorneys are encouraged to sign up for this service now as new cases are filed. Once this new functionality has been activated, attorneys wishing to receive notifications on older existing cases should contact the clerk of the court in which your case is assigned.

Please stay tuned and make sure your e-mail addresses are up to date. To update your e-mail address, please complete the Attorney Update Register Form on line at
