

One dose or two?

2010-2011 flu vaccine for
children 6 months through 8 years old

Your child needs **one** dose if they:

 received at least one dose of the 2009 H1N1 vaccine

and

received 2 doses of the seasonal flu vaccine during last season

OR

 received at least one dose of the 2009 H1N1 vaccine

and

have been immunized for flu prior to the 2009-2010 season

Your child needs **two*** doses if they:

 did not receive the 2009 H1N1 vaccine

OR

 received less than 2 doses of the seasonal flu vaccine during last season

and

were NOT immunized for flu prior to the 2009-2010 season

* Doses should be at least a month apart.
