## **EXECUTIVE SUMMARY**

The District 4 Road & Bridge Service Center is located at 4403 West Illinois Avenue, Dallas, Texas 75211. Principal areas of responsibility include maintenance and repair of Dallas County roads and bridges, as well as, those of other municipalities that have maintenance contracts with Dallas County. During fiscal year 2018, District 4 was responsible for maintaining 0.495 road miles, excluding the miles maintained under contract with other municipalities. Management of Road and Bridge 4 is overseen by Commissioner Elba Garcia. Staff includes two administrative assistants, a road superintendent and an office manager.

Due to the health and safety recommendations related to the Covid-19 pandemic, the Auditor's Office did not perform a physical count of the inventory of Dallas County Road and Bridge District No. 4's storeroom supplies, fuel and lube, and road materials. The attached report represents the unaudited counts provided by Road & Bridge 4 personnel. This report is intended for the information and use of management. A summary of significant observations is listed below:

### **Summary of Significant Observations**

- None identified

### **Repeat Observations from Previous Audits:**

- None identified

**Only those weaknesses which have come to our attention as a result of the audit have been reported. It is the responsibility of the department management to establish and maintain effective internal control over compliance with the requirement of laws, regulations, and contracts applicable to the department.**

## **INTRODUCTION**

**Dallas County Auditor's Office mission is to provide responsible, progressive leadership by accomplishing the following:**

- Comply with applicable laws and regulations
- Safeguard and monitor the assets of the County utilizing sound fiscal policies
- Assess risk and establish and administer adequate internal controls
- Accurately record and report financial transactions of the County
- Ensure accurate and timely processing of amounts due to County employees and vendors
- Set an example of honesty, fairness and professionalism for Dallas County government
- Provide services with integrity
- Work in partnership with all departments to resolve all issues of the County
- Strive to utilize the latest efficient and effective technology in the performance of tasks
- Provide technical support and training in the development, implementation, and maintenance of information systems
- Hold ourselves accountable to the citizens of the County at all times
- Be responsive to the elected officials and department heads of Dallas County

The objectives of this audit are to:

1. Ensure compliance with statutory requirements
2. Evaluate internal controls
3. Verification of accuracy and completeness of reporting
4. Review controls over safeguarding of assets

This audit covered the period of August 16, 2020 through August 15, 2021. Report reflects unaudited inventory counts provided Road & Bridge 4.

The attached report represents the unaudited counts provided by Road & Bridge 4.

**DETAILS****Diesel Usage Report Review**

On August 17, 2021, Dallas County Road and Bridge District No. 4 provided the physical inventory of their storeroom supplies, diesel fuel and lube, and road materials for an inventory recorded amount of \$21,577. A review of the diesel, battery, and tire purchases and issuances were performed to verify those balances were fairly stated for the period.

A review of the monthly diesel usage reports compared to monthly stock card issuance records revealed variances of 4 gallons and 30 gallons for the months of August 2020 and November 2020, respectively. A comparison of the reports and stock cards for the full year reflected a minor variance of 16.30 gallons. Operational practices and review steps relevant to inventory should include procedural controls that provide reasonable assurance of accurate record-keeping for diesel fuel purchases and usage. Lack of final review on reported diesel use amount entered on store card and clerical input error has resulted in inaccurate diesel use amounts recorded.

**Recommendation**

Diesel Usage Report Review  
Management should:

- Establish written inventory procedures that detail the recording and reporting of usages and purchases.
- Performed a final review of the daily fuel sheets and monthly diesel reports comparison to store card and prior to submission to Financial Audit who records to accounting records.

**Management Action Plan**

- Road and Bridge 4 concurs with Auditor's recommendations concerning diesel usage reports and store card use amounts as provided in the report.

**Auditors Response**

- None
