Proposed FY2016 County Budget

Background

The purpose of this memo is to summarize the proposed FY2016 County operating and capital budgets. The full detail of the proposed budget has been filed with the Clerk of the Court and County Auditor as required by state law.

General Fund Summary

Table I presents a summary of the FY2016 General Fund budget compared with the FY2015 Budget and projected expenditures. The revenues have been projected by the County Auditor, as prescribed by state law. The budget meets the established policy directive of the Commissioners Court requiring that the General Fund budgeted ending balance be no less than 10.5% of budgeted expenditures.

FY2016 General Fund Expenditures of \$482.5 million represent a \$11 million (2.3%) increase over the \$471.5 million expenditure projection for FY2015.

New and Expanded Programs

The Commissioners Court during the FY2016 budget process focused on identifying several key areas for additional staffing with the majority of the remaining resources being applied towards compensation increases. The FY2016 Budget includes the addition of 44 positions and deletion of 5 positions for a net increase of 39 positions.

Part I of the accompanying document includes (a) new staff included in the budget, (b) staff to be deleted, (c) deleted position control clean up, (d) authorized position moves, (e) approved reclassifications, (f) workforce investment description, and g) approved equipment list.

Tax Rate

The tax rate for FY2016 was set at 24.31 cents per \$100 assessed valuation which is the same rate as FY2015. This is the sixth year that the rate has been set at 24.31 cents per \$100 assessed valuation.

Equipment and Major Capital

The accompanying document also contains the FY2016 appropriations and projects for the County's three capital funds: Major Technology, Major Capital Development, and Permanent Improvement, each of which receives a dedicated portion of the property tax.

Reserves

The proposed budget contains an Unallocated Reserve of \$2.4 million and Emergency Reserves of \$48.3 million, each meeting the key policy targets established by Commissioners Court.

Other Funds

Table II summarizes the budgets for all County Funds.

JUVENILE DEPARTMENT

Mission Statement

The mission of the Dallas County Juvenile Department is to assist referred youth in becoming productive, law abiding citizens, while promoting public safety and victim restoration.

Description

The Juvenile Department provides a continuum of services for youth age 10-16 who become involved in the juvenile justice system as a result of delinquent conduct. The Dallas County Juvenile Board oversees the programmatic aspects of the department. The composition of the Juvenile Board is set forth in State law and includes two members of Commissioners Court, the two Juvenile District Court Judges, one Judge from each of the Civil, Family, and Criminal District Courts, the Local Administrative Judge, and the chair of the Youth Services Advisory Board. The Commissioners Court maintains authority over the department's budget.

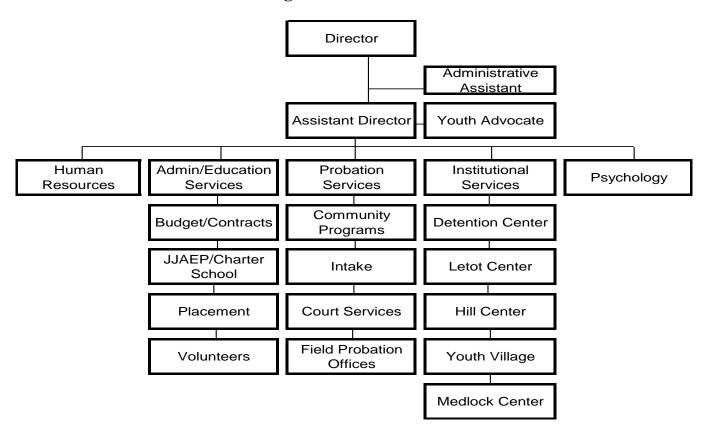

The budgetary organization of the department is divided into two components: the five County-operated facilities and Administration, which includes all probation services, psychological services, human resources, and contract management. The department's five facilities include the Juvenile Detention Center, the Emergency Shelter, the Dallas County Youth Village, the Letot Center, Lyle B. Medlock Center. Each of these facilities is discussed in more detail on the following pages.

The department contracts with several residential providers, in Texas and across the nation, for youth in need of long-term treatment. These contracts include a private provider who operates two residential programs in County-owned buildings. In a precedent setting contract, this provider has agreed to performance guarantees that include monetary reimbursement to the County if recidivism goals are not met.

In 1997, the legislature mandated the counties provide an alternative education program to youth expelled from their local school districts. Dallas County initially chose to implement this program through a private contractor rather than with County staff. In FY2005, the program was operated in-house with approximately 63 staff. This program continues to be funded completely through State funds.

Beginning in 1999, the department further expanded on privatization in educational opportunities for the delinquent population through charter schools. The department requested charter school status through the Texas Education Agency in order to improve the educational services offered at the department's facilities and programs. The charter school transitioned from a private contractor to being operated directly by the Juvenile Board in FY2004.

JUVENILE - LETOT RTC

Department #5119

Mission Statement

The mission of the Dallas County Juvenile Department's Letot Center is to assist referred youth in becoming productive, law-abiding citizens, while promoting public safety and victim restoration.

Description

The Dallas County Juvenile Board approved the creation of the Letot Girls' Residential Treatment Center on September 27, 2010 and has planned for estimated annual operating expenses of \$2.25 million to be paid by the Juvenile Department's budget. Currently, the Juvenile Department is funding the placement of girls out of Dallas County with a State of Texas grant. When the Girls' Center is opened, these state funds will fund the Center's operating expenses. The Juvenile Department anticipates that the cost of operating the Girls' Center will equal the out of County placement expenses it is currently incurring. Although the Girls' Center will not save the County money, girls will be provided the local, long-term comprehensive, family inclusive treatment essential to re-integrating them into our community.

The Letot Girls' Residential Treatment Center will be housed in a new two-story, 55,000 square foot facility which will be built on the corner of Denton Drive and Lombardy, adjacent to the existing Letot Center. The first floor is comprised of a central exterior courtyard surrounded on three sides by 1) an administrative, intake services and medical area, 2) mechanical, storage, kitchen and dining facilities and 3) educational services and gymnasium area.

MENTAL HEALTH AND MENTAL RETARDATION

Department #5310

Mission Statement

The purpose of Dallas County's mental health and mental retardation contracts is to promote high quality support, treatment, and assistance to people who live with the challenges of mental illness and mental retardation.

Description

In previous years, these contracts were made directly and exclusively with Dallas County Mental Health and Mental Retardation (DCMHMR), now called Dallas MetroCare Services. This arrangement, however, was changed on July 1, 1999, by the rollout of the Medicaid managed care waiver plan known as NorthSTAR.

Under the NorthSTAR pilot study, the State pooled together all mental health and substance abuse treatment funding in a seven-county region including Dallas. NorthSTAR blended local match funds with federal and state funds (i.e. Medicaid, TCADA dollars, and Federal Block Grants). Those funds were then disbursed to two behavioral health organizations (BHOs) in FY2000 (and one BHO for FY2001), who in turn reimburse providers for services rendered to Medicaid and medically indigent persons. Dallas County has retained its mental retardation contracts with Dallas MetroCare Services. Behavior and Psychiatric Services and Personal Family Assistance remain unchanged and are funded through the *Other Contracts* of the FY2007 budget. During January 2016 transition planning funding was approved by Dallas County for the North Texas Behavioral Health Authority (NTBHA) for the period of January 2016 – August 2016.

FY2016 Budget Highlights

- The FY2016 Budget represents an additional\$450,000 to fund the transitional planning budget for North Texas Behavioral Health Authority. It is anticipated Dallas County will be reimbursed for actual expenditures provided during the transition stages of NTBHA.
- The FY2015 Budget represents the addition of the Child Advocacy contract in the amount of \$250,000.
- The FY2014 Budget eliminated the contribution to the State for NorthStar and replaced it with a contribution to the 1115 Waiver Project.
- As part of the FY2007 budget, Commissioners Court approved funding to Dallas Metrocare Safe Haven Supportive Housing Program that serves difficult to reach homeless individuals with mental illness or a substance addiction problem.

- In FY2008, Commissioners Court approved a local grant match for the Texas Department of Agriculture Home Delivered Meal Grant Program. The Visiting Nurse Association and Jewish Services of Greater Dallas, Inc. were the local recipients of the grant which provides meals for homebound elderly and disabled persons.
- As part of the FY2008, Commissioners Court agreed to inter into a local agreement between the City of Dallas for supplemental funding to support the operating of the homeless Assistance Center "The Bridge".
- In FY2010, as a cost saving initiative, Commissioner's Court reduced the majority of the advocacy agencies budget by 10%.
- In FY2011, as a cost saving initiative, Commissioner's Court reduced the majority of the advocacy agencies budget by 10%.
- The Office of Budget & Evaluation submitted a request to provide continued funding for New Beginning Center in the amount of \$10,000 for FY2011 as part of the Budget Office annual contracts. Initially, New Beginnings Center received funding from the Emergency Shelter Grant, after the conclusion of the grant New Beginnings requested continued funding. The New Beginning Center would receive a not to exceed amount of \$10,000 for FY2011 from Unallocated Reserves. The Homeless Assistance Center "The Bridge" FY2011 contribution was decreased by \$10,000 to make this contribution budget neutral.
- The FY2012 Budget includes an increase in the Home-Delivered Meals contract due to an increase in the population of individuals 60 years and older in Dallas County, as reflected in the 2010 Census.

TRUANCY ENFORCEMENT CENTER

Department # 5430

Mission Statement

The mission of the Dallas Challenge's Truancy Enforcement Center is to reduce truancy in Dallas County and prevent further progression into the juvenile justice system.

Description

The Truancy Enforcement Center was created in 1996 as a result of a legislative change that enabled Justice and Municipal courts to file contempt charges against youth who failed to comply with court orders to attend school. This change created a new category of class B misdemeanors that would have overloaded the juvenile justice system.

The Center's program is geared to address issues faced by the youth and family, to stabilize the youth in an educational setting, to prevent further appearances in the system for contempt of court, and to prevent the commission of other delinquent acts. To accomplish these tasks, the Center provides indepth assessments of youth and their families, case plan development, case management, and referrals to other social services.

FY2016 Budget Highlights

• The FY2016 Budget program was discontinued due to legislative changes related to the Truancy Code. The FY2016 Budget allowed for 3 months in order for TEC to complete the review and audit of their program for the purpose of winding down all the final contract services.

COUNTY CLERK - COLLECTIONS

Department #4032

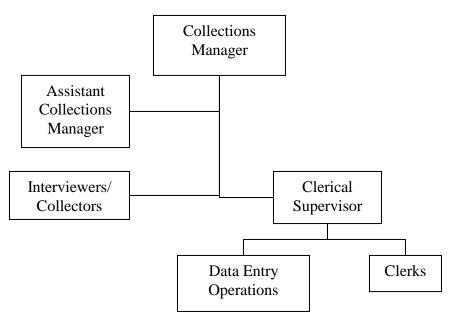

Mission Statement

The mission of the County Clerk's Collections Division is to collect the fines and court fees owed to the County by individuals who have been found guilty of breaking the law.

Description

The Collections Division began in 1993 as a response to large amounts of unpaid fines and fees in the County Criminal Courts. Originally begun as a pilot program to prove its effectiveness, the program now sees referrals from all of the courts.

In operation, an adjudicated defendant who cannot immediately pay his or her fine and court costs is required to attend a session with a County employee who conducts a thorough credit assessment, takes a partial payment, and assigns a payment plan to the individual. The Collections Division aggressively monitors the success of the agreed-to payment plan and refers individuals who fail to comply with their payment plan back to the court for action.

• The FY2016 County Clerk Collections Budget represents a continuation of current service levels.

Description

The Public Defender's Office aims to effectively represent clients in pre-trial motion hearings, jail visits, record checks, plea negotiations, competency hearings, client and witness interviews, and both jury and bench trials. CONSTABLES

Description

Constables are elected officials who are responsible for the service of a variety of legal process within the boundaries of their precinct and occasionally in other precincts within the county. Each Constable is assigned to two or three Justice of the Peace Courts and works closely with the Judges of their respective courts.

Constable Deputy staffing for civil functions is a fixed staffing level determined based on the number of civil papers received. Constable Deputy staffing for warrant service is capped and standardized by Commissioners Court. Deputy Constables are required to be sworn peace officers and hold all of the rights and responsibilities associated with this designation. In particular, Deputy Constables may be called upon to protect the public in emergencies and may arrest perpetrators of unlawful acts.

- Although Workers Comp is budgeted in this department, appropriations are periodically distributed to all departments to cover the workers comp "premiums" charged to departments going to Workers' Comp Escrow Account where the actual program expenditures are charged. This bookkeeping procedure of charging premiums to all departments and all funds, allows the Auditor to charge grants and other funds their fair share of the Workers' Comp cost.

CONTINGENT APPROPRIATIONS

Department #9940

FY2016 Budget Highlights

The FY2016 budget for contingent appropriations has been developed using the assumptions detailed below.

Personnel

\$900,000 Funding for staff positions that are budgeted in contingency and reviewed throughout the fiscal year. If funding continues to be required for the positions, the funds are moved into the departmental budgets.

Description

In the FY2016 budget, each authorized full-time position is fully funded. Since the possibility is remote that each department will have all positions filled the entire year, a negative appropriation is required in order to adjust the overall expenditure level (and as a consequence, the required tax rate) to a realistic level. This adjustment is known as salary lag.

Prior to FY2004, salary lag was budgeted centrally, rather than in each department's budget. Under this policy, departments were not held responsible for vacancy management. Beginning in FY2004, each department has a salary lag target they are expected to meet through the management of vacancies as they occur throughout the year. The target is based on the County's overall salary lag experience rather than on each department's history.

UNALLOCATED, EMERGENCY RESERVES

Departments #9950

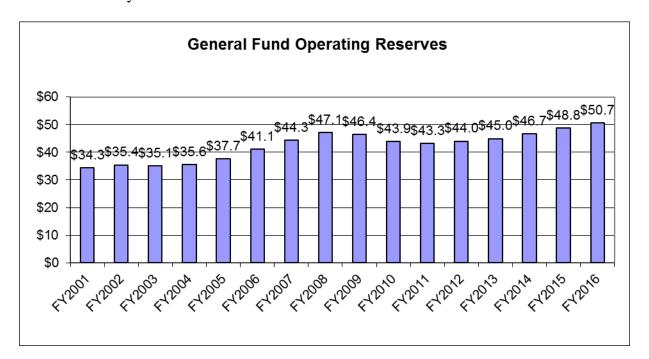

Description

The County's approved budget appropriates all revenues certified by the County Auditor, including a full appropriation of the budgeted ending balance. The County's policy is to budget ½% of budgeted expenditures as an Unallocated Reserve and the remainder of the projected ending balance as an Emergency Reserve. Unallocated Reserve is intended for routine, although unanticipated expenditures throughout the year and requires a majority vote of the Commissioners Court.

Emergency Reserves are intended for significant unanticipated emergency needs and require a unanimous vote of the Commissioners Court before being spent (i.e., transferred to another budget). Occasionally, Emergency Reserves are used as an appropriation source for funds received that exceed the Auditor's projection. That is, they are spent with the knowledge that they will be replenished at year end by larger-than-anticipated revenue. Texas law forbids total appropriations that exceed the originally approved budget, and therefore without use of Emergency Reserves in this manner, additional revenue could not be spent in the year it is received.

Financial Summary

The recent history of the two reserves is shown below.
