H&HS - COMMUNICABLE DISEASE CONTROL

Department #5214

Mission Statement

The mission of the Communicable Disease Control program is to monitor the incidence of communicable diseases within the County and coordinate treatment programs and action plans in the event of an epidemic or centralized outbreak of disease.

Description

The Communicable Disease Control program coordinates the surveillance, investigation, and intervention in cases related to communicable diseases (except for AIDS, sexually transmitted diseases, and tuberculosis), for the entire County. State law requires that certain diseases be reported to the County for epidemiological purposes to track public health and identify potential health problems before they escalate.

This program works hand-in-hand with the Environmental Health program to dispense rabies vaccinations when necessary, to investigate the possibility of lead poisoning in children when a lead-infested site is discovered, and to educate parents when a day care center inspection reveals the presence of disease. As a secondary function, this program consults with private physicians and clinics to identify rare diseases that could be of a concern to public health.

FY2019 Budget Highlights

- The FY2019 Budget reflects a continuation of FY2018 service levels
- The FY2018 Budget for the Communicable Disease Control Department represents a continuation of current service levels.

JUVENILE DEPARTMENT

Mission Statement

The mission of the Dallas County Juvenile Department is to assist referred youth in becoming productive, law abiding citizens, while promoting public safety and victim restoration.

Description

The Juvenile Department provides a continuum of services for youth age 10-16 who become involved in the juvenile justice system as a result of delinquent conduct. The Dallas County Juvenile Board oversees the programmatic aspects of the department. The composition of the Juvenile Board is set forth in State law and includes two members of Commissioners Court, the two Juvenile District Court Judges, one Judge from each of the Civil, Family, and Criminal District Courts, the Local Administrative Judge, and the chair of the Youth Services Advisory Board. The Commissioners Court maintains authority over the department's budget.

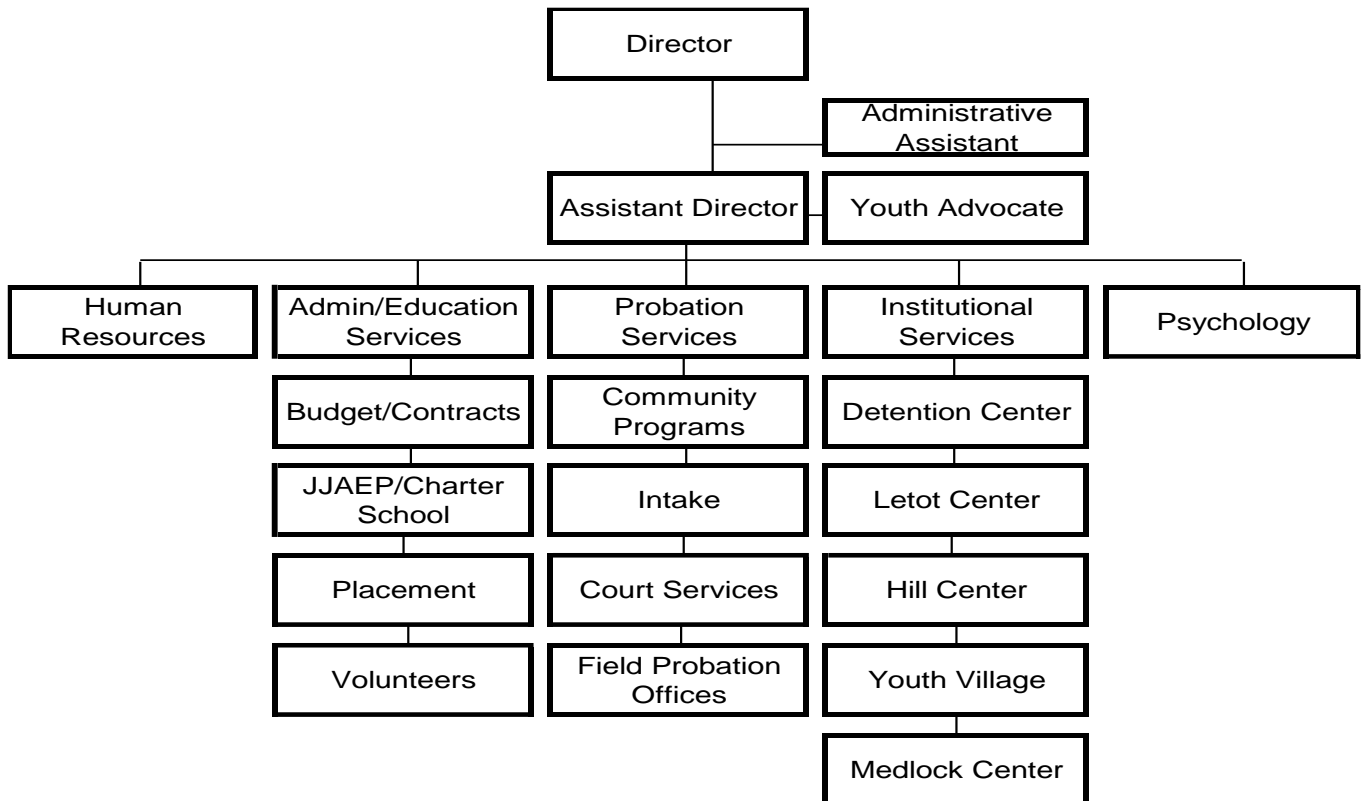

The budgetary organization of the department is divided into two components: the five County-operated facilities and Administration, which includes all probation services, psychological services, human resources, and contract management. The department's five facilities include the Juvenile Detention Center, the Emergency Shelter, the Dallas County Youth Village, the Letot Center, Lyle B. Medlock Center. Each of these facilities is discussed in more detail on the following pages.

The department contracts with several residential providers, in Texas and across the nation, for youth in need of long-term treatment. These contracts include a private provider who operates two residential programs in County-owned buildings. In a precedent setting contract, this provider has agreed to performance guarantees that include monetary reimbursement to the County if recidivism goals are not met.

In 1997, the legislature mandated the counties provide an alternative education program to youth expelled from their local school districts. Dallas County initially chose to implement this program through a private contractor rather than with County staff. In FY2005, the program was operated in-house with approximately 63 staff. This program continues to be funded completely through State funds.

Beginning in 1999, the department further expanded on privatization in educational opportunities for the delinquent population through charter schools. The department requested charter school status through the Texas Education Agency in order to improve the educational services offered at the department's facilities and programs. The charter school transitioned from a private contractor to being operated directly by the Juvenile Board in FY2004.

JUVENILE - LETOT RTC

Department #5119

Mission Statement

The mission of the Dallas County Juvenile Department's Letot Center is to assist referred youth in becoming productive, law-abiding citizens, while promoting public safety and victim restoration.

Description

The Dallas County Juvenile Board approved the creation of the Letot Girls' Residential Treatment Center on September 27, 2010 and has planned for estimated annual operating expenses of \$2.25 million to be paid by the Juvenile Department's budget. Currently, the Juvenile Department is funding the placement of girls out of Dallas County with a State of Texas grant. When the Girls' Center is opened, these state funds will fund the Center's operating expenses. The Juvenile Department anticipates that the cost of operating the Girls' Center will equal the out of County placement expenses it is currently incurring. Although the Girls' Center will not save the County money, girls will be provided the local, long-term comprehensive, family inclusive treatment essential to re-integrating them into our community.

The Letot Girls' Residential Treatment Center will be housed in a new two-story, 55,000 square foot facility which will be built on the corner of Denton Drive and Lombardy, adjacent to the existing Letot Center. MENTAL HEALTH AND MENTAL RETARDATION

Department #5310

Mission Statement

The purpose of Dallas County's mental health and mental retardation contracts is to promote high quality support, treatment, and assistance to people who live with the challenges of mental illness and mental retardation.

Description

In previous years, these contracts were made directly and exclusively with Dallas County Mental Health and Mental Retardation (DCMHMR), now called Dallas MetroCare Services. This arrangement, however, was changed on July 1, 1999, by the rollout of the Medicaid managed care waiver plan known as NorthSTAR.

Under the NorthSTAR pilot study, the State pooled together all mental health and substance abuse treatment funding in a seven-county region including Dallas. NorthSTAR blended local match funds with federal and state funds (i.e. Medicaid, TCADA dollars, and Federal Block Grants). Those funds were then disbursed to two behavioral health organizations (BHOs) in FY2000 (and one BHO for FY2001), who in turn reimburse providers for services rendered to Medicaid and medically indigent persons. Dallas County has retained its mental retardation contracts with Dallas MetroCare Services. Behavior and Psychiatric Services and Personal Family Assistance remain unchanged and are funded through the *Other Contracts* of the FY2007 budget. During January 2016 transition planning funding was approved by Dallas County for the North Texas Behavioral Health Authority (NTBHA) for the period of January 2016 – August 2016.

FY2019 Budget Highlights

- The FY2019 Budget was a continuation of FY2018 services.
- The FY2018 Budget represents an additional \$377, 628 for 1115 Waiver, \$500,000 for Catholic Charities and continuation of \$4,213,290 to fund North Texas Behavioral Health Authority
- The FY2016 Budget represents an additional \$450,000 to fund the transitional planning budget for North Texas Behavioral Health Authority. It is anticipated Dallas County will be reimbursed for actual expenditures provided during the transition stages of NTBHA.
- The FY2015 Budget represents the addition of the Child Advocacy contract in the amount of \$250,000.
- The FY2014 Budget eliminated the contribution to the State for NorthStar and replaced it with a contribution to the 1115 Waiver Project.

- As part of the FY2007 budget, Commissioners Court approved funding to Dallas Metrocare Safe Haven Supportive Housing Program that serves difficult to reach homeless individuals with mental illness or a substance addiction problem.
- In FY2008, Commissioners Court approved a local grant match for the Texas Department of Agriculture Home – Delivered Meal Grant Program. The Visiting Nurse Association and Jewish Services of Greater Dallas, Inc. were the local recipients of the grant which provides meals for homebound elderly and disabled persons.
- As part of the FY2008, Commissioners Court agreed to enter into a local agreement between the City of Dallas for supplemental funding to support the operating of the homeless Assistance Center “The Bridge”.
- In FY2010, as a cost saving initiative, Commissioner’s Court reduced the majority of the advocacy agencies budget by 10%.
- In FY2011, as a cost saving initiative, Commissioner’s Court reduced the majority of the advocacy agencies budget by 10%.
- The Office of Budget & Evaluation submitted a request to provide continued funding for New Beginning Center in the amount of \$10,000 for FY2011 as part of the Budget Office annual contracts. Initially, New Beginnings Center received funding from the Emergency Shelter Grant, after the conclusion of the grant New Beginnings requested continued funding. The New Beginning Center would receive a not to exceed amount of \$10,000 for FY2011 from Unallocated Reserves. The Homeless Assistance Center “The Bridge” FY2011 contribution was decreased by \$10,000 to make this contribution budget neutral.
- The FY2012 Budget includes an increase in the Home-Delivered Meals contract due to an increase in the population of individuals 60 years and older in Dallas County, as reflected in the 2010 Census.

Description

Each of the seventeen Criminal District Courts has a presiding judge who is elected from the County at large every four years. These courts have original jurisdiction over all felony cases. There are seven full-time criminal magistrates who arraign all prisoners booked into the Dallas County jail system and who serve as auxiliary criminal district judges of limited jurisdiction. They hear uncontested pleas, revocations and adjudications, as well as contested examining trials, writs, extradition cases, bond forfeitures and other matters. They also conduct competency hearings to determine an individual's mental ability to stand trial. Cases originate from the seventeen Criminal District Courts. PUBLIC DEFENDER

Department #4040

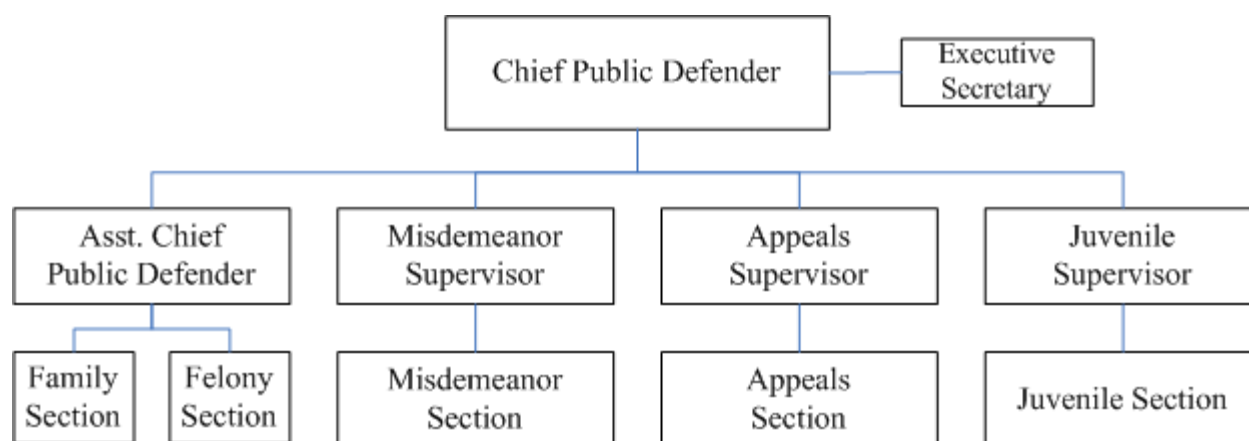

Mission Statement

It is the mission of the Public Defender's Office to encourage Judges to use the office as a cost-effective means to provide legal defense to individuals who cannot afford legal representation in all of the Criminal District, Judicial District, County Criminal, Juvenile, Family, Appeals and Mental Illness Courts, by hiring and training competent attorneys and providing meaningful investigation of cases.

Description

The Public Defender's Office aims to effectively represent clients in pre-trial motion hearings, jail visits, record checks, plea negotiations, competency hearings, client and witness interviews, and both jury and bench trials. Because no judge is required to appoint a Public Defender, the Chief Public Defender is also responsible for expanding the scope of the office by convincing the judges that this form of defense is more cost-effective than appointing outside legal counsel. The office is under the direction of the Chief Public Defender who is appointed by Commissioners Court.

CONTINGENT APPROPRIATIONS

Department #9940

Description

The Contingency budget is used for items that will be appropriated in various departments contingent upon some future activity or distribution formula. No expenditures occur in this budget; rather, funds are transferred from this budget to the user-departments and expended through these budgets. Since there are no expenses in this budget, the figures below show the initial appropriation for each fiscal year.

FY2019 Budget Highlights

The FY2019 budget for contingent appropriations has been developed using the assumptions detailed below.

Personnel

\$4,000,000 Funding for staff positions that are budgeted in contingency and reviewed throughout the fiscal year. If funding continues to be required for the positions, the funds are moved into the departmental budgets.

Operations

\$950,000 Funding to redistribute each department's unspent D.D.A balances.

\$100,000 Funding for countywide training/conference pool to be disbursed based on approved guidelines.

Capital

\$100,000 Funding for replacement equipment in FY2018

Since funds budgeted in Department 9940 - Contingency funds are transferred to the department using the funds prior to being spent, the Financial Trends table below compares the budgets over four years rather than actual amounts spent.

COUNTY-WIDE VACANCY SAVINGS

Description

In the FY2017 budget, each authorized full-time position is fully funded. Since the possibility is remote that each department will have all positions filled the entire year, a negative appropriation is required in order to adjust the overall expenditure level (and as a consequence, the required tax rate) to a realistic level. This adjustment is known as salary lag.

Prior to FY2004, salary lag was budgeted centrally, rather than in each department's budget. Under this policy, departments were not held responsible for vacancy management. Beginning in FY2004, each department has a salary lag target they are expected to meet through the management of vacancies as they occur throughout the year. The target is based on the County's overall salary lag experience rather than on each department's history.

UNALLOCATED, EMERGENCY RESERVES

Departments #9950

Description

The County's approved budget appropriates all revenues certified by the County Auditor, including a full appropriation of the budgeted ending balance. The County's policy is to budget ½% of budgeted expenditures as an Unallocated Reserve and the remainder of the projected ending balance as an Emergency Reserve. Unallocated Reserve is intended for routine, although unanticipated expenditures throughout the year and requires a majority vote of the Commissioners Court.

Emergency Reserves are intended for significant unanticipated emergency needs and require a unanimous vote of the Commissioners Court before being spent (i.e., transferred to another budget). Occasionally, Emergency Reserves are used as an appropriation source for funds received that exceed the Auditor's projection. That is, they are spent with the knowledge that they will be replenished at year end by larger-than-anticipated revenue. Texas law forbids total appropriations that exceed the originally approved budget, and therefore without use of Emergency Reserves in this manner, additional revenue could not be spent in the year it is received.

Financial Summary

The recent history of the two reserves is shown below.
