**DALLAS COUNTY CODE
Chapter 82**

ARTICLE I. GENERAL

Sec. 82-1. Introduction.

All employee benefits and programs covered throughout this chapter are applicable to all Dallas county employees as outlined in Article XI. Group Health Insurance.

Secs. 82-2--82-30. Reserved.

ARTICLE II. PAYROLL WORK WEEK, PAY DEPOSITS/COMPUTATION, WORK SCHEDULES, AND TELECOMMUTING PROGRAMS*

***State law references:** Personnel and payroll, V.T.C.A., Local Government Code § 151.903.

Sec. 82-31. Payroll Workweek, Payroll Deposits/Computation (This section reflects recent court approved policy language: Court Order #2011 1463 – August 30, 2011).

- (a) All county employees will be paid on a bi-weekly basis.
- (b) Bi-weekly paydays will be every other Friday except where such date falls on an officially designated holiday in which case the payday will be on the last working day before such date. Direct deposit or a debit pay card is required as a condition of employment (Court Order 2003-1785).
- (c) Advanced delivery of the county pay deposits will not be permitted. The county treasurer's office should be contacted for incorrect pay deposits or debit pay card amounts.
- (d) The computation of pay for a partial pay period will be based on the standard of 2,080 annual working hours.
- (e) Pay due will be determined by multiplying the hourly rate by the number of hours worked in the pay period involved for employees entering or terminating county employment. The employee's wages for time lost will be reduced by the number of hours lost multiplied by the hourly rate.
- (f) County employees who are required to work in excess of the standard workweek (40 hours) shall be compensated as stated in Article IV of this chapter.

(Ord. No. 2000-1341, §§ 1.00--1.10, 7-11-2000)

Sec. 82-32. Work hours scheduling. (This section reflects recent court approved policy language: Court Order #2024 0879 – August 20, 2024).

- (a) *Work Schedule.* Each elected official or department head must approve and establish authorized work schedules for each employee. Supervisors shall utilize the scheduling and timekeeping systems approved by the Dallas County Commissioners Court. All employees' work hours, exempt and non-exempt, will reflect the employees' established work schedule.
- (b) *Office hours.* An elected official/department head, with the approval of the commissioners court, has the right to establish and schedule reasonable work hours, rules and working conditions in a manner most advantageous to the county in accomplishing its service and work requirements. Compensatory time and overtime are also scheduled by the elected official/department head according to appropriate county policies. County offices, excluding 24-hour operations, are expected to remain

open between the hours of 8:00 a.m.--4:30 p.m. and remain open during the noon hour. Employees should verify office hours and work hours with their supervisor.

- (c) *Breaks and lunch periods.* An elected official/department head may also establish breaks and lunch periods for their employees. Employees may be granted one paid break of ten minutes for each four hours worked. An unpaid meal period may be 30 minutes to an hour depending on the work schedule approved by the elected/appointed official/department head. Lunch periods are in addition to the regular eight-hour work period and shall not be combined with breaks. Employees are not paid during their lunch period; therefore, they should be completely relieved of all duties and be free to leave their post of duty.
- (d) *Flex time.* The commissioners court encourages elected officials/department heads to implement flexible schedules, if feasible, and when it can be done without impacting service delivery or incurring additional expenses. However, elected officials/department heads are not mandated to grant flexible schedules, and each request will be evaluated on a case-by-case basis. Such a request requires:
 - (1) Written authorization/approval from the elected official/department head.
 - (2) The employee to submit HR/CS Form 100 to the employee's supervisor for approval. The HR/CS Form 100 will be maintained in the employee's departmental personnel file.
- (e) *Workweek.* The county's official workweek begins Saturday at 12:01 a.m. and ends the following Friday at midnight.
- (f) *Hours worked less 40.* Any nonexempt employee who does not work a full 40-hour workweek shall utilize paid leave accruals to make up the difference between actual hours worked and 40 hours. An employee shall use previously earned compensatory time before using accrued vacation or sick leave. Employees not eligible for approved leave and unable to consistently work a full workweek are subject to loss of full-time status as well as disciplinary measures.
- (g) *Other.* Each elected official/department head is responsible for ensuring that all reporting of time worked, accruals, and use of leave complies with county policies. Employees are not permitted to remain on the county's payroll if they are not on an approved leave of absence (with or without pay). Supervisors are responsible for accurate time reporting. Not reporting time accurately is considered falsifying an official document. Disciplinary action, up to and including termination, may be taken against employees and supervisors who falsify county documents related to work hours.

(Ord. No. 2000-1341, §§ 1-11--1-15D, 7-11-2000; Ord. No. 2009-0091, 1-13-2009, Ord. No. 2011 1463, 8-30-2011, Ord. No. 2024-0879, 08-20-2024)

Sec. 82-33. Telecommuting program (This section reflects recent court approved policy language: Court Order #2011 1463 – August 30, 2011; Court Order #2020 0259; 03-20-2020).

- (a) Dallas County permits employees to telework when approved by the employee's elected official/department director. With a thoughtful plan in place, telework can benefit not only the employee but also the supervisor, the team, and Dallas County.
- (b) Telework permits an employee to work at an alternate site, such as a home, a satellite office, or a library. An elected official/department director who determines it is advantageous to allow an employee to work at an alternate site may approve:

- (1) **Occasional telework:** Occasional telework is infrequent and not regularly scheduled. Written approval, such as an email, must be provided by the elected official/department director (or a designee).

Occasional telework may be used when an employee has:

- A personal need at home, such as meeting a service technician;
- A temporary workplace disruption, such as office remodeling or inclement weather; or
- Another circumstance that supports the need to telework.

Occasional telework may not exceed ten consecutive workdays.

- (2) **Regular telework:** Regular telework arrangements are for ongoing telework and must be supported by a completed Telecommuting Request Form (HR/CS #106) that specifies the requirements and details of the arrangement. The telework arrangement can last for a defined period or continue indefinitely, with regular review. The employee's elected official/department director must approve this assignment.

Regular telework may be used when:

- A lack of work space, a disaster, or an epidemic virus exists;
- The elected official/department director determines that the arrangement will result in improved productivity and employee engagement; or
- The elected official/department director determines that the telework arrangement benefits the attainment of operating goals.

- (c) Telecommuting may be appropriate for high-performing employees whose job responsibilities are suited for such arrangements. Telecommuting requests are considered on an individual basis. When evaluating whether a position is suitable for telecommuting, a manager should evaluate whether the job tasks can be performed independently and away from the workplace setting and whether an employee's absence from the workplace would interrupt office operations. When evaluating whether an employee is eligible for a telecommuting assignment, a manager should consider whether the employee is:

- (1) A high performer, as evidenced by performance evaluations;
- (2) Able to communicate effectively with clients, stakeholders, and team members;
- (3) Able to manage time effectively;
- (4) Able to work independently; and
- (5) Free from significant disciplinary actions.

(d) A telecommuting employee:

- (1) Must abide by this Policy and the employee's Telecommuting Request Form as well as all other Dallas County policies; and
- (2) Remains subject to all Dallas County performance standards and policies as well as any additional requirements imposed by the elected official/department director.

(Ord. No. 2009-0091, 1-13-2009; Ord. No. 2011-1463, 8-30-2011; Ord No. 2020-0259, 03-20-2020; Ord. No. 2021-0881, 09-07-2021)

Sec. 82-34. Lactation (This section reflects recent court approved policy language: Court Order #2016 0755 – June 21, 2016).

- A. Dallas County supports the practice of expressing breast milk, recognizes that its employees are entitled to do so at their workplaces, and will make reasonable accommodations for the needs of an employee who express milk during the course of a work day/shift.

Accordingly, Dallas County shall:

1. Provide reasonable amount of break time for an employee to express breast milk each time the employee needs to do so;
 2. Provide a place, other than a multi-user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk; and
 3. Not suspend or terminate the employment of or otherwise discriminate against an employee because the employee expresses breast milk at the employee's workplace.
- B. A Dallas County employee shall inform her supervisor of her space and scheduling needs so that appropriate and reasonable accommodations can be made. To the extent feasible, a Dallas County employee should use the time normally allotted for breaks and lunch periods to express breast milk. If the employee uses a break time that would otherwise be compensated, she will be compensated in the same way that other employees are compensated for that break time. If the employee uses a break

time that would otherwise not be compensated, she will not be compensated for that break time.

Sec. 82–35. Breast-Feeding (This section reflects recent court approved policy language: Court Order #2016 0755 – June 21, 2016).

Dallas County recognizes the health advantages of breast-feeding for children and mothers and desires to provide a supportive environment. Therefore, a mother is entitled to breast-feed her baby in any Dallas County location in which the mother is authorized to be.

(Ord. No. 2016-0755, 06-21-2016)

Secs. 82-36--82-60. Reserved.

ARTICLE III. EMERGENCY AND INCLEMENT WEATHER CONDITIONS (This section reflects recent court approved policy language: Court Order #2024 0879– August 20, 2024).

Sec. 82-61. Emergency conditions.

- (a) *Authority to close government operations.* The county commissioners court has the authority to close general government operations due to emergency conditions. Such action, unless specifically stated, does not close essential, emergency, residential and detention operations. The county fire marshal, under the direction of the county judge, is responsible for communicating with elected officials/department heads and media outlets if there are office closings or delayed openings due to inclement weather. Whenever possible, notification will be made before 6:00 a.m. to the designated radio and television stations.
- (b) *Employee time off with pay when the county is closed.* With the approval of the commissioners' court, regular employees of general government operations may be allowed approved time off with pay for those scheduled hours they would have worked had the county been in operation. If an employee is not aware that the county is closed and reports for work, additional pay or compensatory time for hours worked during this period is not authorized. Approved time off with pay is not considered time worked, and such time off shall not be used to determine eligibility for overtime.
- (c) *Employee time off with pay when the county is open.* When an elected county official closes his or her office due to inclement weather or other circumstances for a period that is normally a part of a regular work period, and intends to compensate those employees, the Office of Budget and Evaluation will: (1) notify commissioners court of the department that closed, (2) the reason(s) the department closed, and (3) the cost of the department closure during the first posted meeting after the closure.
- (d) *Vacation, sick or holiday leave during periods of closure.* Employees on vacation, sick leave or holiday leave during periods of closure are still recorded as using accrued leave.
- (e) *Time off with pay not authorized for home workers.* Employees authorized to work at home shall not be authorized time off with pay for times the county is closed by the commissioners court.

(Admin. Policy Manual, § B(1.16--1.19), Ord. No- 2012-0145, 01-24-2012, Ord. No. 2024-0879, 08-20-2024)

Sec. 82-62. Emergency service, residential and/or detention operations.

- (a) Employees in essential, emergency, residential and/or detention (EERD) operations are required to work as scheduled to meet the needs of the operation and/or emergency condition. Essential, emergency, residential and/or detention departments include, but are not limited to building security, facilities management, road and bridge operations, fire marshal, juvenile residential operations, sheriff detention and patrol services. Individual expectations or duties during emergency conditions will be communicated to employees during their departmental orientation.

- (b) Essential, emergency, residential and/or detention employees' compensation during emergency conditions or during periods that general government operations are closed is the same as during non-emergency conditions. Essential, emergency, residential, and/or detention employees who do not report to work as scheduled during emergency conditions are subject to disciplinary action, and time off may be charged as leave without pay. The elected official/department head may allow payment during this period not worked as approved time off with pay. Compensatory time accruals shall be deducted before other forms of paid leave.

ARTICLE IV. OVERTIME/COMPENSATORY TIME*

DIVISION 1. GENERALLY

Sec. 82-81. Policy statement.

Compensatory time refers to compensation, granted as future time off with pay, for instances when a nonexempt employee works beyond 40 hours (overtime) in an established work week. Whether compensation for overtime is made by payroll payment or compensatory time is at the discretion of the employing department. Supervisors may allow nonexempt employees to earn compensatory time off in lieu of overtime pay in accordance with the provisions of this policy and the Fair Labor Standards Act (FLSA). Compensatory time is earned at one and one-half time the overtime hours worked. Supervisors may assign overtime or compensatory time to meet essential operating needs of the county. It should only be assigned for those situations where the supervisor is convinced the work is essential in order to meet life, health, or safety standards or in emergency scenarios. Due to cost considerations and other factors, supervisors should be judicious in their utilization of overtime. If overtime is required, the supervisor must carefully follow the guidelines outlined in this article regarding the accrual, utilization and recording of overtime for county employees.

(Ord. No. 2000-736, § 1.22, 4-11-2000; Ord. No. 2008-460, 2-26-2008, Ord. No. 2024-0879, 08-20-2024)

Sec. 82-82. Compliance with applicable law.

The county complies with all provisions of the Fair Labor Standards Act and applicable state statutes which govern most of the overtime/compensatory time off issues discussed in this article. This article will address overtime/compensatory time off for nonexempt employees as defined by the Fair Labor Standards Act.

(Ord. No. 2000-736, § 1.23, 4-11-2000, Ord. No. 2024, Ord. No.2024-0879, 08-20-2024)

Sec. 82-83. Supervisor's responsibility.

Supervisors are responsible for ensuring compliance with the FLSA and should ensure that an eligible employee is compensated with overtime pay or compensatory time. It is imperative that supervisors be aware of the workload of each of his employees, and in cases where extraordinary amounts of time worked over 40 hours is being spent on the job, determine whether or not job expectations, productivity, staffing or other resource problems exist. If so, the manager should take corrective actions.

Each elected official/department head is held accountable for the utilization and accrual of overtime and compensatory time in their department. This accountability includes ensuring that employees do not accrue excessive amounts of overtime/compensatory time and that if accrued, it is not carried forward year after year. The county's goal is to compensate employees for overtime or compensatory time at the same pay rate at which it is accrued. Therefore, all accruals should be limited and the scheduling or pay for accruals should be within the same (1) pay period, (2) month, (3) quarter, or (4) fiscal year in which it is earned.

Whenever possible, the scheduling of compensatory time should be taken as soon as possible. Supervisors shall require employees to use compensatory time to limit

compensatory time accruals, require use of compensatory time in lieu of vacation accruals, and substitute use of compensatory time in lieu of sick leave.

(Ord. No. 2000-736, § 1.24, 4-11-2000; Ord. No. 2008-460, 2-26-2008, Ord. No.2024-0879, 08-20-2024)

Sec. 82-84. Maintenance of time and attendance records.

Each department shall keep a record of each employee's hours worked in a manner approved by the commissioners court and administered by the county auditor's office.

(Ord. No. 2000-736, § 1.25, 4-11-2000)

Sec. 82-85. On call status.

Each department is responsible for recording time utilized for on-call positions.

- (1) On call status is a condition where an employee is subject to call to duty but is not actually performing work. An employee who is required to remain on County premises, or so close thereto that the time cannot be used effectively for personal purposes, is working while on call. An employee who is not required to remain on County premises but is merely required to provide a means of contact with county officials is not working while on call. The determination is made on the degree of restricted activity, and not on the basis of location.
- (2) All hours worked by staff must be recorded in the timekeeping system.

(Ord. No. 2024-0879, 08-20-2024)

Secs. 82-86--82-110. Reserved.

DIVISION 2. NONEXEMPT EMPLOYEES

Sec. 82-111. Policy of Division.

Nonexempt employees mean those employees subject to the minimum wage and overtime/compensatory time off provisions of the Fair Labor Standards Act. All positions in the county have been designated as either nonexempt or exempt. This designation is noted on the employee's job description under the title: FLSA Code. These designations are subject to change based on reviews by the human resources/civil service department.

(Ord. No. 2000-736, § 1.26, 4-11-2000; Ord. No. 2008-460, 2-26-2008, Ord. No.2024-0879, 08-20-2024)

Cross references: Definitions generally, § 1-2.

Sec. 82-112. Accrual for overtime/ FLSA compensatory time.

The county does not permit voluntary or unauthorized overtime work. Accrual of overtime for nonexempt employees:

- (1) Must be approved in advance by the employee's supervisor; however, if worked, it must be compensated, whether approved or not, if the work was known or should have been known by the supervisor. Failure of the employee to seek approval prior to working overtime may subject the employee to disciplinary action, up to and including termination.
- (2) Is compensated at the premium rate of time and one half for all approved hours worked in excess of the employee's regular 40-hour workweek. (For example: Employee B works ten hours a day Monday--Wednesday and eight hours a day on Thursday and Friday. Employee B's time sheet will show a total of 46 hours worked during the week. Since all 46 hours represent hours actually worked, Employee B would have worked six hours more than his regularly scheduled 40 hours. Therefore, the overtime would accrue at time and a half for a total of nine hours (six hours \times 1.5 = nine hours).
- (3) If at all possible, the supervisor shall schedule the employee to take time off within a workweek when it seems likely an employee will work more than 40 hours to avoid the accrual of overtime.

(Ord. No. 2000-736, § 1.27, 4-11-2000; Ord. No. 2008-460, 2-26-2008, Ord. No.2024-0879, 08-20-2024)

Sec. 82-113. Utilization/payment for overtime/compensation time.

It is the policy of the county to provide compensatory time off instead of overtime pay. In some circumstances, employees may be paid for work over 40 hours. The options listed below shall be utilized to compensate overtime worked:

- (1) Compensatory time off (preferred method) in lieu of overtime pay may be utilized to compensate an employee who works overtime. Supervisors should grant the employee's request to utilize compensatory time off as soon as practical, provided that use of such leave time does not adversely affect the operation of the department.
 - a. Employees are encouraged to request compensatory time use;
 - b. Elected officials/department heads shall require that employees use their compensatory time.
- (2) Overtime may be paid to nonexempt employees required to work more than 40 hours in the official workweek, provided that all of the following conditions are met:
 - a. Compensatory time would adversely affect the operations of the department;
 - b. Overtime is approved in advance by the level of supervision designated by the elected official/department head;

- c. The county auditor certifies funds availability for the specified tasks in advance; and
 - d. The employee must be classified as a regular, full-time employee who is nonexempt and any other non-classified employee performing in a similar nonexempt position.
- (3) Nonexempt employees who separate from service or attain a position with an exempt status are entitled to be paid for all compensatory time accrued after April 14, 1986. The pay will be at their regular rate of pay earned during the period immediately prior to separation, or attainment of an exempt status, or at the average regular rate of pay over the previous three years, whichever is greater.
- (4) Nonexempt employees who transfer (lateral transfer, promotion, and/or demotion, etc.) from one department to another shall be paid for all overtime/FLSA compensatory time accrued with funds from the department's budget from which the employee is leaving. Such vacancy cannot be filled until all time has been paid, except those vacancies of positions required to meet mandatory staffing ratios in 24-hour-a-day operations.

Department is defined as the consolidated budgetary group for a department head or elected official. (Examples include sheriff's department, juvenile department, health and human services department, etc.).

- (5) Nonexempt employees who are promoted or demoted within a department shall be paid for all accrued overtime/FLSA compensatory time from the department's budget.
- (6) Any balance of compensatory time accrued prior to April 15, 1986, by a nonexempt employee at time of separation or attainment of exempt status will be forfeited and is not eligible for payment.
- (7) While the county must pay out FLSA compensatory amounts in excess of 240 hours for civilian nonexempt employees and 480 hours for law enforcement employees in accordance with the Fair Labor Standards Act, the departments are required to keep FLSA compensatory time below 120 hours (80 overtime hours worked) for civilian nonexempt employees and 240 hours (160 overtime hours worked) for law enforcement employees. The commissioners court will review each department's compensatory time accruals and utilization during each budget cycle.

(Ord. No. 2000-736, § 1.28, 4-11-2000; Ord. No. 2000-1341, § 1.28, 7-11-2000; Ord. No. 2008-460, 2-26-2008, Ord. No.2024-0879, 08-20-2024)

Secs. 82-114--82-130. Reserved.

DIVISION 3. EXEMPT EMPLOYEES

Sec. 82-131. Policy of division.

Exempt employees are not subject to overtime/compensatory time off provisions of the Fair Labor Standards Act. When setting salaries for exempt positions, considerations are given to the scope and time commitment of the positions as opposed to the number of tasks completed and hours worked. Therefore, there are no provisions in the Dallas County Code that guarantee exempt employees will be granted any time off for hours worked in excess of 40. Exempt employees are expected to work the required number of hours in order to perform their job assignments, even if that requirement exceeds 40 hours per week.

(Ord. No. 2000-1341, § 1.29, 7-11-2000; Ord. No. 2006-1746, 10-3-2006)

Sec. 82-132. Work schedules.

Exempt employees shall report all hours worked and adhere to an established work schedule approved by the elected official/department head. Exempt employees' work schedules shall average a minimum of 40 hours per week, including use of accrued leave time. All time worked shall be recorded in the official time and attendance system.

(Ord. No. 2000-1341, § 1.30, 7-11-2000; Ord. No. 2006-1746, 10-3-2006)

Sec. 82-133. Accrual of compensatory time.

Effective February 15, 2000, employees whose positions are classified as exempt are not eligible to accrue compensatory time. They are expected to meet the time needs of the position, which includes working over 40 hours in a workweek when required.

(Ord. No. 2000-1341, § 1.31, 7-11-2000; Ord. No. 2006-1746, 10-3-2006, Ord. No.2024-0879, 08-20-2024)

Sec. 82-134. Administrative time off.

Periodically, elected officials/department heads may grant administrative time off for exempt employees. Such time off must be approved by the elected official/department head. In order to approve such leave, the elected official/department head must ensure the exempt employee's most current 12-month average weekly work schedule exceeds 40 hours. For exempt employees whose tenure is less than 12 months, their average weekly hours worked shall be determined by the average hours worked over the number of weeks worked for the county. If this criterion is met, the elected official/department head may, at his/her discretion, approve the time off. Under no circumstances will this time be granted on an hour-for-hour basis and the total amount of time granted shall not exceed 15 workdays in a 12-month period except by formal approval by the commissioners court.

Any exempt employee who is not approved for administrative time off by the elected official/department head may be subject to disciplinary action.

Elected official/department heads should carefully monitor the amount of administrative leave time granted to each exempt employee to ensure against abuse and the leave is being granted fairly. The county departments and/or commissioners court.

(Ord. No. 2000-736, § 1.33, 4-11-2000; Ord. No. 2006-1746, 10-3-2006, Ord. No.2024 0879, 08-20-2024)

Sec. 82-135. Exempt employee premium payment plan.

In the event the County experiences an extraordinary event that causes or requires excluded exempt employees to work in excess of the customary hours in a payroll period, a department director or an elected official may submit a request to activate the Exempt Employee Premium Payment Plan (“EEPPP”) to the County Administrator in accordance with this section. An “Extraordinary Event” is defined as an unforeseen circumstance, event, or series of events that impacts public health, public safety, or critical County operations. The EEPPP is subject to the following procedures and conditions:

- (a) The request to activate the EEPPP must be submitted in writing by the department director or elected official to the County Administrator.
- (b) The submitting department director or elected official shall provide: (1) written justification to activate the EEPPP, (2) a sufficient description of the extraordinary event, and (3) include a beginning and ending date.
- (c) The form of the written request shall be promulgated and determined by County Administration.
- (d) Activation of the EEPPP shall be contingent upon the availability of adequate budget and funds for the compensation payments.
- (e) The exempt employee must be pay grade K equivalent or below to be considered eligible for the EEPPP.
- (f) The exempt employee must work an average of 20 hours per pay period over their regular hours for 30 days to be eligible for the EEPPP.
- (g) The County Administrator shall timely review the request for an EEPPP activation.
- (h) The County Administrator shall notify the department director or elected official of the approval or disapproval of the request to activate the EEPPP in writing.
- (i) If approved by the County Administrator, the department director or elected official shall notify the Budget Officer, the Director of Human Resources, the County Auditor, and the payroll manager immediately upon each EEPPP activation or extension by providing a copy of the written approval of the County Administrator or extension authorization and any supporting documentation.
- (j) Payment shall be made at 1.5 times the employee’s regular hourly rate of pay for any hours worked in excess of regular hours during the pay period during the EEPPP activation.
- (k) If the County Administrator approves an EEPPP activation, the County Administrator shall notify the Commissioners Court at their next regularly scheduled meeting.

- (l) All hours worked in excess of regular hours in the pay period and compensated as a result of a EEPPP activation for an extraordinary event shall be recorded in the payroll system using the code designated by the County Auditor.
- (m) The payroll section shall maintain a record of all hours worked and payments made in connection with each EEPPP activation.

ARTICLE V. AUTOMATED TIME AND ATTENDANCE ENTRY SYSTEM (This section reflects recent court approved policy language: Court Order #2024 0879 – August 20, 2024).

Sec. 82-171. Purpose of article.

The purpose of this article is to provide time and attendance reporting procedures for all county employees. All county employees are required to record their daily attendance. The county time and attendance tracking system includes three time entry methods: time clocks, on-line entry, and mobile devices. Employees shall use the time entry method approved by the commissioners court and designated by their elected official or department head.

Sec. 82-172. Nonexempt employee responsibilities.

- (a) The county requires that every employee work 40 hours every week. Vacation leave, sick leave, authorized holidays, authorized time off, and accrued compensatory time count toward this 40-hour per week requirement. Except for the lunch period explained in subsection (c) of this section, employees are expected to be working for the benefit of the county from the time the employee's shift begins until the employee's shift ends.
- (b) Nonexempt employees are strictly prohibited from working more than 40 hours per week, without prior approval from their supervisor. Work time must be recorded on the county's time and attendance system. An employee is never to work without recording time. If an employee is ever asked to work without recording work time, the elected official or department head must be notified immediately. If the matter is not resolved by the department, the employee must immediately notify the county human resources department.
- (c) Each elected official or department head will designate a 30-minute, 45-minute or one-hour lunch period for his nonexempt employees. The elected official or department head may not set the lunch period within the two hours after the employee's regular shift begins or in the two hours before the employee's regular shift ends. Whatever lunch period the elected official or department head designates for his employees will not be work time. The time and attendance system will automatically deduct the designated lunch period from the hours actually worked by the employee, and the employee will not be paid for this time.
- (d) An employee is not allowed to work during his meal period. An employee shall notify a supervisor prior to working through a meal period. The supervisor is required to record that meal period as time worked in the time and attendance system. Working the required meal period without prior approval on more than three occasions or failing to report the work done during the meal period may subject the employee and the employee's supervisor to disciplinary action, up to and including termination.

- (f) Tampering, altering and/or falsifying information on an employee's own or another employee's time record shall result in disciplinary action that may include termination, as well as possible criminal charges.

(Ord. No. 2000-1615, 8-14-2000, Ord. No.2024-0879, 08-20-2024)

Sec. 82-175. Supervisory responsibilities.

- (a) Supervisory responsibilities fall to the elected official, department head or their designee.
- (b) Supervisors are responsible for informing their employees about which time entry method (time clocks, mobile devices, on-line entry) they shall use to record their time and attendance. Supervisors shall educate their employees about how to use the time entry method they are assigned and about the time and attendance policies for their department.

Sec. 82-176. Time clock utilization.

- (a) Employees, who are designated by their department to use time clocks to record their time and attendance, are assigned an identification card. Employees shall be given a key card by their department supervisor which serves as time clock activation. Employees shall use their key cards at the time clocks designated by their supervisor.
- (b) Employees shall use their key card upon entering their work area and when they are ready to immediately begin work. (For example, employees are not permitted to leave their cars parked outside the door to clock in and then return to park their cars.) Employees shall clock in no sooner than six minutes before their scheduled shift start time. Employees shall clock out no later than six minutes after their scheduled shift end time. Exceptions can be made to this section if the supervisor has given prior approval to work overtime. The supervisor will make a manual override to the system to approve overtime/compensatory time.

- (3) All terminations, voluntary or involuntary, except those resulting from a reduction -in-force, shall be final and constitute a break in service. A civil service employee terminated as a result of reduction-in-force may retain his original hire date if rehired within one year. See Termination policy for employees terminated as a reduction-in-force in Chapter 86, Article 4.
- (4) The elected official/department head has final discretion regarding termination in the case where an employee submits a letter of resignation, then prior to his/her termination date wishes to withdraw the resignation to remain employed.

If the elected official/department head terminates the employee immediately or earlier than the resignation date given due to security and/or safety concerns, the elected official/department head may at their discretion authorize severance up to a maximum of two weeks or the resignation date given (whichever is less) provided the employee is leaving in good standing. Good Standing is defined as "given at least a two-week proper notice in writing and NOT resigning in lieu of termination."

- b) A letter of resignation cannot be withdrawn by either party after the effective date of termination on the employee's resignation notice or elected official's/department head's decision to immediately terminate the employee.
- c) When a resignation is given, all applicable paperwork must be processed immediately.

Subdivision II. Family and Medical Leave (FMLA)* (This section reflects recent court approved policy language: Court Order #2011 1463 – August 30, 2011).

*Federal law reference--Family and Medical Leave Act, 29 USC 2601 et seq.

Sec. 82-331. Family and Medical Leave Act (FMLA) - Benefit coverage while on FMLA

Medical coverage and other benefit options (dental coverage, life, AD&D, dependent life) will continue during FMLA leave unless an employee chooses not to retain health coverage, if any, and other optional benefits during FMLA leave. In such a case, when the employee returns from leave, coverage will be reinstated at the same benefit levels as prior to taking leave, without any qualifying period, or physical examination.

For a full review of the FMLA, see Secs 82-601 through 82-608.

(Admin. Policy Manual, § B (2.26))

Sec. 82-332. Decision deadline for maintaining leave of absence coverage.

Eligible employees who qualify for entitlement under FMLA must make a decision to maintain medical coverage and other benefit options (dental coverage, life, AD&D, dependent life) within 30 days prior to the onset of leave (when the leave is foreseeable) or within 30 days of the onset of the actual FMLA leave. While out on a FMLA leave of absence, an employee may choose to change his benefit options such as dropping dependents or cancelling their benefit coverage altogether.

(Admin. Policy Manual, § B (2.27))

Sec. 82-333. Payment of monthly premiums while on Family and Medical Leave

Employees will be required to pay their share of the monthly premiums based on their election:

- (1) Through payroll deduction when the FMLA leave is substituted paid leave;
- (2) Prepayment payroll deduction at the employee's option (pre-tax); or
- (3) By making biweekly premium payments payable to the county on payday.

(Admin. Policy Manual, § B (2.28))

Sec. 82-334. Coverage to cease upon late payment.

If an employee chooses to make monthly premium payments and the employee's premium payment is more than 30 days late, coverage will cease as of the last day for which premiums were paid. In such a case, coverage will be reinstated when the employee returns from leave at the same benefit levels as prior to taking leave without any qualifying period, physical examination, exclusion of preexisting conditions, etc.

(Admin. Policy Manual, § B (2.29))

Sec. 82-335. Failure to return from leave.

If an employee notifies the county of his intent not to return from FMLA leave or fails to return from leave, coverage will cease and the employee will be notified of his rights under COBRA. The COBRA event does not occur until the employee in a FMLA status fails to return to work at the appointed time. Therefore, any coverage not continued during FMLA status will not be eligible to be continued under COBRA. COBRA requires continuation of coverage that is in effect on the day of the COBRA event.

(Admin. Policy Manual, § B (2.30))

Sec. 82-336. Recovery of premiums.

The county will recover premiums it paid for maintaining group health plan coverage during FMLA leave when circumstances allow for their recovery as provided under the FMLA entitlement provisions.

(Admin. Policy Manual, § B (2.31))

Sec. 82-337. County's continuation of contribution.

Although the FMLA mandates only continued group health plan coverage, the county will continue its contribution, if any, to the Flexible Spending Accounts (FSA) during the period of FMLA leave since the county's contribution is provided as paid medical coverage.

(Admin. Policy Manual, § B (2.32))

Sec. 82-338. Suspended flexible spending account guidelines. (This section reflects recent court approved policy language: Court Order #2011 1463 – August 30, 2011).

- (3) Reimbursements will be made only for expenses incurred during the time contributions are made. Advance payments can continue to be made.
- (4) If an employee chooses to continue to make contributions during the leave without pay on a post-tax basis, the pre-tax election will be continued upon resumption of full-time work.
- (5) If an employee chooses, a prepayment payroll deduction (pre-tax) can be arranged.

Subdivision III Leave of Absence* (LOA)

(This section reflects recent court approved policy language: Court Order# 2009 2090; and Court Order #2011 1463 – August 30, 2011)

***Editor's note:** Ord. No. 2004-2097, adopted Nov. 16, 2004, amended art. VII, div. 2, subdiv. VII in its entirety to read as herein set out. Prior to amendment, art. VII, div. 2, subdiv. VII, §§ 82-471--82-474, pertained to certain leave without pay and derived from the Administrative Policy Manual, § B (3.31--3.34); and Ord. No. 2002-1977, adopted Oct. 29, 2002.

Federal law reference-- Family and Medical Leave Act, 29 USC 2601 et seq.

Sec. 82-471. Administrative discretion; guidelines.

A leave of absence (LOA) is an officially approved temporary suspension of employment designed to allow the county to meet its critical business functions while assisting employees who encounter special circumstances that necessitate a limited period of time away from the job, excluding Family and Medical Leave (FMLA) and Military Leave.

- (1) It is generally discouraged because it deprives a department of needed staffing. However, a reasonable request for such leave will be carefully considered:
- (2) It shall not extend beyond 90 continuous days;
- (3) An authorized LOA is a matter of administrative discretion and no employee may demand that such leave be granted; and
- (4) Elected official/department heads may grant such leave however, notification to commissioners court via court order (New Employee and Position Change Form) is required;
- (5) All approved LOAs shall be for a maximum period of 90 continuous days. Use of all or any number of the 90 days exhausts the employee's LOA possibilities for the next 24 months. (For example: If an employee is granted a 90 day LOA and only takes 15 of those 90 days prior to return to work, the employee cannot at a later date, take the other 75 days nor will the employee be eligible for another LOA for two years from LOA return date).

Sec. 82-472. Employee eligibility.

Only full-time regular, non-grant funded employees with more than 6 months of continuous service are eligible to request a leave of absence.

- (1) If the elected official/department head elects to grant a leave of absence to employees in their first six months of regular, full-time employment or to grant funded employees, the elected official/department head must submit a request for an exception to commissioners court for authorization.
- (2) The elected official/department head should forward the written request to human resources/civil service department for briefing to the commissioners court.

(Ord. No. 2004-2097, 11-16-2004)

Sec. 82-473. Reasons for granting.

An employee may be granted a leave of absence for the following reasons:

- (1) For the recovery from an illness or disability not believed to be of a permanent or disqualifying nature, after the exhaustion of family and medical leave;
- (2) When return to work would threaten the health of others;
- (3) When the service to be performed would contribute to the public welfare;
- (4) To provide necessary care for a family member or designated care recipient as defined in the county's sick leave policy under Section 82-493; or
- (5) To participate in a training program or obtain educational achievement that will increase job ability or qualify an employee for advancement within the county.

(Ord. No. 2004-2097, 11-16-2004; Ord. No. 2015-0381, 03-24-2015)

Sec. 82-474. Time limitations.

The following time limitation guidelines shall apply to an authorized leave of absence:

- (1) Such leave granted by the elected official/department head shall not exceed 90 continuous calendar days and can only be granted every 24 months from the date the last leave ended. **For example,**

Employee A's Family and Medical Leave ended on May 1st and she requested an additional 90 days to complete her recuperation. The department head approved the additional 90 days which began on May 1st and ended on August 1st. Once the 90 days leave period is exhausted on August 1st, the employee will not be eligible for leave of absence for 24 months from the August 1st date.

- (2) The time period of 90 days of leave of absence is continuous and is counted as a single period of time whether the employee is out continuously all 90 days or is out for any period of time during the 90 day period. The emphasis is on the time period and not the number of days utilized by the employee. **For example,**

Employee B's Family and Medical Leave ended on May 1st and the employee requested additional leave for medical treatments that would require him to be absent from work for one day per week from May 1st to July 15th. The department head approves the leave of absence for this period. However, if the employee needs additional time after July 15th, the department head has the authority to extend the leave of absence through August 1st. On August 1st, the leave of absence will end even though the employee may have only used 13 days during the 90-day period.

Sec. 82-475. Leave of Absence Terms and Conditions.

The following terms and conditions shall apply:

- (1) It may be paid or unpaid, depending on the employee's leave accrual balances, compensatory time balance, workers' compensation and 52e status, etc.
 - a. Paid leave continues to accrue while employees are on paid leave due to vacation, sick leave, and compensatory time.
 - b. Paid leave does not accrue while on workers compensation or unpaid leave.
- (2) Employees shall be required to use appropriate accrued leave balance(s) time during the leave, and the time shall run concurrently. Compensatory accruals shall be used before other forms of paid leave. For example, if the employee is out due to his, or a qualifying dependent's, illness (see sick leave policy), then the employee shall utilize sick, holiday credit, vacation leave, and compensatory time. However, if the employee takes a leave of absence to attend college, the employee shall only utilize vacation and compensatory time accruals.
- (3) Medical coverage and other benefit options elected by the employee will continue as long as the employee is on paid leave of absence. If on unpaid leave of absence, employees must pay their premiums as well as their dependent's premiums to maintain medical coverage and other benefit options such as dental, life, AD&D, and dependent life.
- (4) Unpaid leave of absence will result in a "break in service" for purposes of participation and vesting under the Texas County and District Retirement System (TCDRS).
- (5) A leave of absence must be taken after Family and Medical Leave (if applicable);
- (6) Employees are not allowed to work another job while on a leave of absence, unless specifically approved by the elected official/department head;
- (7) Employees are subject to the same code of conduct and can be terminated for violation of the codes or departmental policies;
- (8) Employees must work cooperatively with the department;
- (9) Employees must provide all required documentation, and
- (10) Employees must return to county employment within 48 hours, or two working days should the circumstances for which they were granted the leave of absence change.

(Ord. No. 2004-2097, 11-16-2004, Ord. No. 2024-0879, 08-20-2024)

Sec. 82-476. Submitting a request; authorization.

To request a leave of absence the following procedures shall be followed:

- (1) The employee must timely complete and submit the "Request for Leave of Absence Form, (HR/CS #30) to the elected official or department head for consideration as soon as he knows of the need for the leave or within 48 hours after learning of the need for the leave. If there is an emergency, the employee shall notify the supervisor on the next working day or follow the notification rules of his department.
- (2) The elected official/department head has the right to initiate a leave of absence for an employee when in its sole judgment, such a leave is appropriate.
- (3) If the leave of absence is not approved by the elected official or department head, the absence may subject the employee to disciplinary action, up to and including termination for violation of the county attendance policy.

Sec. 82-477. Department's response to request.

The elected official/department head shall:

- (1) Respond in writing to the employee via the Request for Leave of Absence Form (HR/CS #30) or Leave of Absence Request and Primary Caregiver Medical Certification form (HR/CS #33) indicating whether the leave request is granted or denied.
- (2) Complete and submit a personnel court order to the Auditor's Office for processing to human resources/civil service and commissioners court if the employee's request for leave of absence is approved. Leave of absence is not authorized until a personnel court order has been submitted to and approved by commissioners court. Requests to commissioners court for a leave of absence of 90 days will be processed as routine county business.
- (3) Place the employee on leave effective the first day of the absence if the leave request is approved.
- (4) If a leave request is denied by the elected official/department head, a copy of the request and the proposed response to the employee indicating why the leave request is being denied must be forwarded to the director of human resources/civil service for review to ensure compliance and consistency with county policies and procedures.

(Ord. No. 2015-0381, 03-24-2015)

Sec. 82-478. Status of position while on leave of absence.

- (a) A position will be held open for an employee during an authorized leave of absence; however, if the position is eliminated due to a reduction in force or other significant business reasons, the county cannot guarantee reinstatement at the end of the leave period.
- (b) A leave of absence, paid or unpaid, as well as any and all unpaid time, will not be

counted as time worked for purposes of merit increases, step increases, promotional increases, etc. This provision also applies to employees who are on workers' compensation and/or 52e. However, if the county makes salary/benefit modifications to all employees or to employees in the injured or absent employee's specific job category, then the employee may be impacted by these changes, if all specified requirements are met.

Sec. 82-479. Payroll and recordkeeping. (This section reflects recent court approved policy language: Court Order #2011 1463 – August 30, 2011).

- a. The payroll division of the auditor's office will monitor all leave time and notify the human resources/civil service department of possible non-compliance with policy. The human resources/civil service department will work with the department to resolve any non-compliance issues; however, if it is unable to do so, commissioners court will be briefed for final resolution.
- b. Due to the inability of the auditor's office to pay employees for extended periods of time away from the job without a court order, even those with accrual balances, a department's failure to timely process a personnel court order may result in the employees not being paid timely.
- c. The department has the responsibility for ensuring that all leave time taken by their employees are in compliance with policy and must notify the Human Resource/Civil Service department and the Auditor's office immediately of any leave not in compliance with policy.

(Ord. No. 2004-2097, 11-16-2004)

Sec. 82-480. Return from leave of absence.

At the end or expiration of the approved leave of absence, the employee has the following options:

- (1) Return to work as scheduled on or before the end of the 90-day leave of absence period. When returning to work after a leave of absence, the following guidelines shall apply:
 - a. Employee shall provide the supervisor two business days notice of intent to return to work, if feasible;
 - b. Employee must provide fitness for duty certification from his physician stating the employee is able to return to work and perform all job duties with or without accommodations, if the leave was due to the employee's own illness;
 - c. Employee must receive medical clearance from the county's employee health center, if the employee (excludes Sheriff's Department law enforcement employee) has been absent from work more than 45 days due to an illness or injury.

If a law enforcement employee of the Sheriff's Department has been absent from work more than 30 days due to an illness or injury, then the employee must receive medical clearance from the county's employee health center.

d. If an employee is injured on the job, and at the end of the leave of absence the employee is unable to perform the essential functions of his position with or without accommodations but is able to perform "light duty assignments"; then:

1. at the discretion of the elected official/department head, "light duty assignments" may be provided for up to 45 days; however,
2. at the end of the 45 days, if the employee is still not able to perform the essential functions of his position with or without accommodations, the employee will be terminated, unless the elected official/department requests and receive approval for an extension of the leave from commissioners court.

For example, employee "A" was injured on the job while restraining a youth in the detention center. The employee was released to return to work with restrictions that prevent him from working in detention. The department head may assign the employee to a clerical position for up to 45 days.

Once the 45 day light duty assignment has ended, if the employee remains unable to perform the essential functions of his position with or without accommodations, he will be terminated unless additional leave time has been requested by the department head and approved by commissioners court.

3. at the end of a leave of absence when an employee is unable to return to work and perform the essential functions of his position must be reviewed by the human resources/civil service director for compliance with the Americans with Disabilities Act (ADA).

(2) If an employee is unable to return to work at the end of the leave of absence and requires additional leave, the employee may request an exception to policy to the elected official/department head and commissioners court. If the employee's injury or illness is not an on-the-job injury/illness, and the employee is not able to perform the essential functions of his position with or without accommodations, the following guidelines shall apply:

- a. "Light duty assignments" are not available to employees for non-work related illnesses or injuries;
- b. The elected official/department head chooses not to request an extension of the leave, or if requested, commissioners court does not approve an extension of the leave of absence, the employee will be terminated; and
- c. Employees who are unable to return to work and perform the essential functions of their positions with or without accommodations are

encouraged to contact their departmental HR representative or the county's HR/civil service department to apply for other positions within their department or the county and/or the county's long-term disability insurance program. **For example,**

Employee "B" was injured while off-duty while playing football. The employee was released to return to work with restrictions that prevent him from working as a Building Mechanic. Light duty assignments are not available for non-work related illnesses or injuries. The employee must receive approval for an extension of leave from the elected official and commissioners court or be terminated.

- d. Under no circumstances shall the leave granted as an exception to this policy by commissioners court and/or the sheriff's department civil service commission exceed an additional 90 days or until the end of grant funding (if applicable), whichever comes first.
- (3) If the employee does not return to work on or before the end of the 90-day leave of absence period and does not request a leave of absence extension, the employee's termination will be considered a voluntary resignation with no right to appeal, if covered under the civil service system. The following guidelines shall apply to resignations.
- a. Ensure the employee has resigned with no intent to seek an exception to policy and request a written resignation letter from the employee;
 - b. Forward a general notice of separation along with a copy of the separation notice to the employee with a written request to return all county equipment, keys, etc. in the employee's possession; and

Subdivision IV. Other Approved Nonpaid Leave*

*Federal law reference--Family medical leave, 29 USC 2801 et seq.

Sec. 82-482. Payment of premiums.

Full-time, regular employees who are on nonpaid status (other than entitlement under the Family and Medical Leave Act) must pay for their premiums as well as their dependent's premiums to maintain medical coverage and other benefit options: dental coverage, life, AD&D and dependent life.

(Admin. Policy Manual, § B(2.34))

Sec. 82-483. Decision deadline. (This section reflects recent court approved policy language: Court Order #2011 1463 – August 30, 2011).

Employees who go on a nonpaid status must make a decision to select COBRA within 60 calendar days of the onset of their unpaid status; no medical coverage will be provided until written authorization is granted by the employee and the first month's premium is paid to Dallas County's Third Party COBRA Administrator. These employees will be required to elect continuation of health coverage under COBRA to continue medical coverage. The COBRA benefit period will run concurrently with the individual's leave without pay (LWOP) period.

(Admin. Policy Manual, § B (2.35))

Sec. 82-484. Life, AD&D and dependent life.

Life, AD&D and dependent life will cease as of the end of the month in which the nonpaid status begins. Employees who wish to maintain life insurance will need to contact the insurance carrier regarding conversion to an individual policy. Employees must contact the insurance carrier within 30 calendar days of the onset of their unpaid status.

(Admin. Policy Manual, § B (2.36))

Sec. 82-485. Discontinuance of coverage.

If an employee chooses to discontinue health coverage during the nonpaid status, upon return to work, he will be subject to plan provisions including the exclusion for preexisting conditions.

(Admin. Policy Manual, § B (2.37))

Sec. 82-486. Benefit elections.

Upon return to work, the benefit elections which were in place at the onset of leave will continue for the remainder of the plan year. Coverage will begin on the first of the month following 30 days back at work.

(Admin. Policy Manual, § B(2.38))

Sec. 82-487. Flexible spending accounts; guidelines.

The following guidelines apply to flexible spending accounts while on leave:

- (1) Once contributions have stopped, the eligibility to participate in this program for the remainder of the year ceases. A new election can be made at the next plan year.
- (2) If an employee continues to make the contributions during the leave without pay on a post-tax basis, the pre-tax election can be continued upon resumption of full-time work.
- (3) No changes in the amount contributed can be allowed. The plan document allows changes to the unreimbursed healthcare spending account only in the event of termination or death. Leave without pay is neither.
- (4) Reimbursement will be made only for expenses incurred during the time contributions are made. Advance payments can continue to be made.

(Admin. Policy Manual, § B (2.39))

Secs. 82-488--82-489. Reserved.

Subdivision V. Sick Leave* (This section reflects recent court approved policy language: Court Order# 2009 1225-July 7, 2009.)

***State law references:** Sick leave, V.T.C.A., Local Government Code § 157.071 et seq.

Sec. 82-490. Purpose.

- (a) Paid sick leave is provided to continue the salary of eligible employees who are absent from work because of illness, injury, disability, or medical appointments. Eligible employees may use sick leave for illness of, injury to, or need to obtain medical or dental consultation for the employee and/or other eligible family members. Employees are encouraged to conserve sick leave usage in the event of long-term or catastrophic illness.
- (b) This policy provides uniform guidelines for the accrual and use of sick leave. Employees are encouraged to review the Family and Medical Leave Policy and the Leave of Absence Policy for guidelines related to the use of sick leave while off work on these programs.

Sec. 82-491. Eligibility for Sick Leave Accruals.

- (a) Dallas county provides sick leave for all regular, full-time employees as follows.
 - (1) Sick leave accrues at the rate of 3.692 hours per pay period or 96 hours per year and is calculated from the start of the employee's first full pay period as a regular, full-time employee. Sick leave will accrue while the employee is on paid leave for sick leave, vacation, compensatory time

taken, or paid leave of absence. Sick leave does not accrue while the employee is on Workers Compensation or Leave of Absence without pay.

- (2) Sick leave may accrue to an employee without limitation.

(Admin. Policy Manual, § B (3.07, 3.09); Ord. No. 2001-1506, 8-14-2001)

Sec. 82-492. Notification of absence due to illness.

- (a) Attendance is important to all departmental operations. All employees must notify their immediate supervisor on each day of absence or in accordance with the notification or call-in procedures established by the department. Payment of sick leave may be denied and/or disciplinary action taken if proper notification is not received by the specified time.
- (b) Each department reserves the right to require employees to provide a note from the treating physician anytime abuse is suspected and if there is a pattern or history of absenteeism; or, after more than three consecutive days absence to support the use of sick leave whether it is for the employee or other eligible family member. See the Family and Medical Leave Policy found at section 82-601 to 82-607 for more details regarding extended absences due to illness.
- (c) Paid sick leave may be denied if sufficient medical documentation is not provided as requested. Physician statements found to be false shall be grounds for disciplinary action. Failure to report for work for three (3) consecutive days of absence without notice to the supervisor is considered job abandonment and is grounds for immediate termination at the discretion of the supervisor.

Sec. 82-493. Utilization of Sick Leave.

Sick leave must be accrued before it can be taken and may be authorized when:

- (1) An employee is physically unable to perform job duties because of an illness or injury.
- (2) An employee is the primary caregiver for a member of the immediate family who is ill or incapacitated. For purposes of this policy, immediate family members are defined as husband, wife, child, stepchild, brother, sister, nephew, niece, stepbrother, stepsister, parent, stepparent, grandparent, grandchild, uncle, aunt, or any person serving as parent/guardian; or any relative living in the same household or a designated care recipient. A "designated care recipient" for this section is defined as one individual designated by the employee who is ill or incapacitated, unable to provide self-care, and is recommended by a physician to have a primary caregiver. Employee must complete and submit a Leave of Absence Request and Primary Caregiver-Medical Certification Form to his or her supervisor.

- (3) Medical, dental, and optical appointments cannot be scheduled outside of normal work hours. Employees are encouraged to schedule planned medical appointments outside normal work hours, if possible, or in a manner that minimizes disruption of work operations such as early morning or late afternoon.
- (4) An employee who is not eligible for salary continuation under the workers' compensation program, may use sick leave to supplement workers' compensation. In no instance shall the combination of sick leave and workers' compensation benefits exceed the employee's gross pay.
- (5) An employee has exhausted all salary continuation under the workers' compensation program; sick leave may be used in an amount to supplement workers' compensation. In no instance shall the combination of sick leave and workers' compensation benefits exceed the employee's gross pay.
- (6) An employee who has completed six months or more service from effective date of employment and who is sick, injured or has a major operation may, with the approval of the employee's elected official/department head, borrow sick leave not to exceed three days. Upon termination (except in the case of death) a deduction for unearned sick leave will be made from the employee's paycheck(s).

(Admin. Policy Manual, § B(3.10--3.18); Ord. No. 2001-1506, 8-14-2001; Ord. No. 2015-0381, 03-24-2015)

Sec. 82-494. Extended Sick Leave.

- (a) **Family and Medical Leave.** Employees who are absent from work due to personal illness, the illness or injury of a covered military service member, or the illness of a minor child, parent or spouse for more than three (3) consecutive days or three (3) days over a three month period may be eligible for family and medical leave. To initiate protections afforded by family and medical leave, employees are required to provide satisfactory documentation of a serious health condition by submitting medical certification from the treating health care provider (FMLA) and the family and medical leave request form. Sick leave shall be used concurrently with family and medical leave. *Other* forms of paid leave (vacation, holiday credit, personal day) shall be used concurrently as well. *For example, the employee takes family and medical leave due to the chronic illness of a parent. If paid leave accruals are available, the employee would be required to exhaust all sick leave, vacation leave, holiday credit and personal day before moving to a without pay status.* Under no circumstances shall an employee be placed in a leave of absence without pay status (LWOP) while paid time is available. See Family and Medical Leave Policy found at Section 82-601 to 82-608 for more details.
- (b) **Leave of Absence.** If approved for leave of absence, sick leave may be used if the employee is out due to his or a qualifying family member's illness. Sick leave shall run concurrently with leave of absence in this case. A leave of absence up to 90 continuous days may be granted at the discretion of the elected official/department

head. See the Leave of Absence and Return to Work Policy found at Section 82-471 to 82-478 for more information.

- (c) **Long Term Disability.** The county provides long-term disability coverage for regular, full-time employees who are absent from work for more than six months. Employees who have long term illnesses should contact the benefits section of the human resources/civil service department for specific details.
- (d) **Termination.** Employees who are absent from work for any reason for more than six (6) months in a twelve month period shall be terminated unless exceptions have been granted by commissioners court or the Sheriff's Department Civil Service Commission.

Sec. 82-495. Exclusions.

- (a) Any periods of incapacity that result from involvement in illegal activities, the excessive use of alcohol or drugs, or use of illegal substances will not be allowable for sick leave purposes, unless the employee is under the treatment of a licensed physician or on an inpatient basis in a medically approved hospital/treatment facility.
- (b) Illness occurring while on vacation shall not be paid as sick leave unless the illness is a qualifying event as provided in the Family and Medical Leave Policy.
- (c) Sick leave shall not be used in conjunction with a disciplinary suspension without pay.

Sec. 82-496. Payroll and Recordkeeping.

Accruals and expenditures of sick leave are calculated and maintained by the county auditor's office. For payroll purposes, sick leave shall be expended in no less than one-tenth hour increments. Usage of sick leave shall be reported via the county time and attendance tracking system. Under no circumstances shall an employee be placed in a leave of absence without pay status while paid time is available. Supervisors are responsible for approving all sick leave reporting for their departments. However, the supervisors' approval does not excuse the absence unless the absence is related to family and medical leave.

(Ord. No.2024 0879, 08-20-2024)

Sec. 82-497. Employee Status Changes.

- (a) Regular full-time employees who transfer to designated part-time positions shall be allowed to retain their sick leave accruals in the time and attendance system and utilize such leave consistent with the sick leave policy.
- (b) This policy does not apply to employees who retire and who are re-employed. There can be no break in service.

Sec. 82-498. Sick leave termination benefits.

Employees who leave county employment are subject to sick leave termination benefits as follows:

- (1) Any employee who leaves the employment of the county for any reason other than reduction-in-force shall lose all right to accrued sick leave, except as provided in subsection (b) of this section.
- (2) Employees who terminate their employment after five complete years of continuous service with the county shall be paid a percentage of the balance of their accrued, but unused, sick leave as follows:

At Least (Years)	But Less Than (Years)	Percent of Final Daily Rate To Be Used
5	10	5
10	15	10
15	20	15
20	25	20
25	30	25
30	35	30
35	40	35
40	45	40
45	50	45
50	51 Plus	50

- (3) An employee who dies as a direct result of an on-the-job injury or illness will have his total accumulated sick leave paid to his beneficiary or estate. Beneficiary will be the same as that stated on the employee's county life insurance enrollment form on file in the auditor's office.

(Ord. No. 2000-1464, §§ 3.19--3.21, 7-25-2000)

Sec. 82-499. Abuse of Sick Leave.

- (a) Extensive and/or questionable use of sick leave shall be reviewed by the employee's supervisor and/or department head in a timely manner. If the finding of the review indicates misuse, disciplinary action or termination of employment may be recommended. See the Attendance Policy found at Section 86-391 to 86-400 for more information.
- (b) Each department reserves the right to substitute other forms of paid leave in lieu of sick leave in cases of questionable use. Compensatory time balances shall be used before any other paid leave accrual or personal day.

(This section reflects recent court approved policy language: Court Order# 2009 1225-July 7, 2009.)

Subdivision VI. Vacation Leave

Vacation Leave provides periodic leave to ensure employees are energized and motivated to perform their job duties at an optimal level. While the main purpose of vacation leave is for rest and relaxation, the leave may also be used for personal business or obligations that promote work/life balance.

***State law references:** Vacation leave, V.T.C.A., Local Government Code § 157.072.

Sec. 82-500. Eligibility.

The county provides vacation leave for all regular, full-time employees. Vacation leave is accrued but cannot be used during the first six months of employment.

Sec. 82-501. Vacation leave accruals.

The following guidelines apply to vacation leave accruals:

- (1) Accrual is based on the number of years of continuous service. The most recent hire date for continuous unbroken service will be used to calculate the length of service.
- (2) Employees are not required to use all vacation leave and may carry over or retain a maximum of two weeks in addition to their normal annual accrual. Regular, full-time employees shall be entitled to vacation leave as follows:

Years of Service	Bi-weekly Accrual	Annual Accrual	Maximum Accrued Hours
0 to 6 years	3.077 hours	80 hours	160 hours
7 years to 15 years	4.615 hours	120 hours	200 hours
16 years and over	6.154 hours	160 hours	240 hours

Sec. 82-502. Scheduling and Usage of Vacation Leave.

- (a) All vacation leave must be requested and scheduled in advance according to departmental procedures. Departments are encouraged to make every effort to accommodate the employee's leave request. However, vacation leave is subject to the approval of the employee's supervisor based upon the operational needs of the workgroup or department. The supervisor's approval of unplanned vacation leave or vacation leave taken in lieu of sick leave accruals does not excuse the absence and may be considered in the employee's attendance record.

- (b) Employees of more than six months of employment will be eligible to expend only the amount of vacation leave they have accumulated as of the last day of the preceding pay period. Additionally, vacation leave may be used for the following purposes:
 - (1) Absences due to inclement weather conditions;
 - (2) In conjunction with family and medical leave;
 - (3) In conjunction with approved bereavement leave;
 - (4) In conjunction with approved military leave;
 - (5) Other periods of absence for personal reasons;
 - (6) Vacation leave up to a maximum of 40 hour per week may be used to supplement workers' compensation.
 - (7) Non-family and medical leave personal illness when there are no available sick leave accruals. However, the department reserves the right to deny such usage where excessive tardiness and absenteeism are present.

- (c) Other than family and medical leave, the department reserves the right to deny such use.

- (d) Employees of more than six months will be eligible to expend only the amount of vacation leave they have accumulated as of the last day of the preceding pay period that they are requesting leave; however, vacation time may be advanced to the employee not to exceed three days upon approval of the elected official/department head. Should the employee leave the employment of the county before earning credit for the advanced vacation time, appropriate deductions for the time will be made from the employee's final county paycheck.

Sec. 82-503. Exclusions.

- (a) Vacation leave shall not be used in conjunction with a disciplinary suspension without pay.
- (b) Holidays occurring while on vacation leave shall not be counted as part of the vacation leave.
- (c) Illnesses occurring while on vacation leave shall be paid as vacation leave unless the illness is a qualifying event as provided in the Family and Medical Leave Policy. To be charged to family and medical leave, medical documentation shall be required and the leave paid as sick leave provided sick leave accruals are available.

Sec. 82-504. Payroll and Recordkeeping.

Accruals and expenditures of vacation leave are calculated and maintained by the county auditor's office. Usage of vacation leave shall be reported by the county time and attendance tracking system. Supervisors are responsible for approving all vacation leave reporting for their department and must ensure accruals are available.

(Ord. No.2024-0879, 08-20-2024)

Sec. 82-505. Coordination with Other Leave.

- (a) Employees are required to use vacation leave concurrent with family and medical leave and leave of absence, *For example, the employee requests to take family and medical leave due to the serious health condition of a spouse. If paid leave accruals are available, the employee will be required to use these accruals while on leave before moving to without pay status.*
- (b) The department shall require employees who accrue compensatory time to use available compensatory time before other forms of accrued paid leave.
- (c) See the Workers' Compensation Policy, Family and Medical Leave Policy, Leave of Absence Policy, and the Military Leave Policy for specific information regarding the use of paid leave under these respective policies.

- (b) This policy does not apply to county employees who retire and then return to county employment. There can be no break in service.

(Admin. Policy Manual, § B (3.22--3.24); Ord. No. 2001-1506, 8-14-2001; Ord. No. 2004-

In all cases, a copy of the military orders must be submitted for approval by the elected official/department head, unless the employee is prevented by military necessity. Paid leave will not be granted for voluntary services. If military leave is granted to category D employees, it will not extend beyond the funding source.

 - a. Use all accrued vacation and compensatory time to remain on the payroll until such leave is exhausted. Only non-exempt employees are eligible to utilize accrued compensatory time.
 - b. Use a pre-determined amount of accrued vacation leave and compensatory time to fund their health insurance premiums and/or bridge the gap between their military and county salary. Only non-exempt employees are eligible to utilize accrued compensatory time.
 - c. Maintain health insurance coverage for their dependents through COBRA at active employees rates up to 24 months after the absence begins or for the period of service, if less.

- (2) Vacation and sick leave will not accrue during the employee's absence; however, upon the employee's return, vacation and sick leave, which are based on length of employment with the county, will be calculated for future accruals as though the employee had not been on military leave.
- (3) Employee may apply for retirement credit for the time spent on active duty, provided the employee is eligible for re-employment rights and he/she returns to work within the prescribed time limits.

(Ord. No. 2001-1989, 10-16-2001; Ord. No. 2001-2182, 11-13-2001)

Sec. 82-513. Military service re-employment.

(a) *Generally.*

- (1) An employee returning from military service must meet the following criteria to be eligible for reinstatement:
 - a. The employee or appropriate military officer must have provided the notification of military service as outlined in the military leave policy.
 - b. At the time of military discharge, the employee generally has no more than five years of total absences from the county for all military service.
 - c. The employee was honorably discharged from military service.
 - d. The employee complies with the requests for documentation to establish any of the above criteria. However, re-employment may not be denied if documentation is not readily available. If later documentation is received that shows re-employment requirements were not met, the department may terminate, although the termination may not be retroactive.
 - e. The employee returns to employment or applies for re-employment within the time frames specified below or circumstances beyond the employee's control made it impossible to report back to work within the time frames specified herein.
- (2) The length of an employee's military service determines the time period for seeking re-employment following military discharge. If military service was for:
 - a. Less than 31 days, the employee must return to work on the first regularly scheduled workday that begins within eight hours after returning home, unless other arrangements are approved by the elected official/department head.
 - b. 31 days to 180 days, the employee must submit an application for re-employment no later than 14 days after discharge. An application for re-employment may be a written or verbal notice to the elected official/department head or their designee.
 - c. 181 days or more, the employee must submit an application for re-employment within 90 days after military discharge.
- (3) An employee who is hospitalized or convalescing from a service-related injury or illness may report back to work or apply (depending on their length of service) at the end of the period of hospitalization or convalescing, not to exceed two years.

(b) *Position upon re-employment.*

- (1) Generally, if the period of military service was for:
 - a. Less than 91 days, the employee must be placed in the position that he/she would have held if continuous employment had not been interrupted by military service, provided he/she is qualified for that position. If the employee is not qualified to perform the duties of the position after reasonable efforts by the department to qualify the

employee, the employee must be reinstated into the position he/she held when military leave began.

- b. 91 days or more, the employee must be placed in the position that he/she would have held if continuous employment had not been interrupted by military service, or a position of like seniority, status and pay, the duties of which the employee is qualified to perform. If the employee is not qualified to perform the duties of the position, reasonable efforts will be made by the department to qualify the employee. If the employee is still not able to qualify for the position, he/she must be reinstated into the position held at the time military leave began, or to an alternative position in the department that he/she is qualified to perform with similar seniority, status and pay.
- (2) When an employee incurs or aggravates a disability during the period of military service, reasonable efforts will be made by the department to accommodate the disability. However, if the disability renders the employee unable to return to the position they would have held if their continuous employment had not been interrupted by military service, they will be placed in any other position in the department equivalent in seniority, status and pay. The employee must be qualified to perform or become qualified to perform with reasonable efforts by the department, or the nearest approximation to such a position in terms of seniority, status, and pay consistent with circumstances of the employee's case.
 - (3) The department is not required to reinstate an employee if circumstances have changed and re-employment would be impossible, unreasonable or present an undue hardship. Please contact the human resources/civil service department for review if the option to not re-employ is being considered.
- (c) *Benefits after re-employment.*
- (1) An employee who is re-employed following military leave is entitled to the seniority and other rights and benefits determined by seniority that he/she would have had if employment had not been interrupted by military service. Thus, in determining the employee's wage, leave accrual or retirement credits, the department should contact the auditor's and treasurer's offices for specific information. Any employee who is considering drawing down his or her retirement should be counseled by a retirement representative in the treasurer's office concerning the repercussions of this decision.
 - (2) Health insurance benefits discontinued during military leave for an employee and his/her eligible dependents must be reinstated as if employment had not been interrupted. There will be no lapse in coverage, no waiting periods or exclusions for pre-existing conditions, other than waiting periods or exclusions that would have applied if there had been no absence for military service. Returning employees will have their insurance eligibility reinstated the first of the month of their return. While returning employees will be reinstated beginning the first of the month of their return, the employees will begin paying for their benefits beginning with the first paycheck of the month following their return.

Returning employees who do not apply for reinstatement with the 120-day period following their date of release from active duty will be re-enrolled and begin paying for insurance on the first of the month following their application. They will be subject to all applicable policy requirements and exclusions.

- (3) An employee who returns to work after a military leave that is more than 30 days but less than 180 days, may not be discharged without cause for six months following re-employment. If the military leave was for more than 180 days, the protection against discharge other than for cause, is increased to one year.

(Ord. No. 2002-110, 1-15-2002; Ord. No. 2005-1006, 5-24-2005)

Sec. 82-514. Disaster Leave.

In accordance with Texas Government Code Section 437.202, an employee who is a member of the Texas military forces, a reserve component of the armed forces, or a member of a state or federally authorized urban search and rescue team who is called to support a declared disaster shall be entitled to a paid leave of absence from the person's duties for each day the person is called to active duty during the disaster, not to exceed seven workdays in a fiscal year ("Disaster Leave"). Disaster Leave is in addition to the paid leave provided for authorized training or duty otherwise authorized or ordered. During Disaster Leave, the employee shall not be subjected to loss of time, personal time, sick leave, or vacation time.

 - (2) Commissioners court approved closings; and
 - (3) Whereas it is the desire of the commissioners court to provide quality and immediate health care services to employees, approved time off with pay will be granted in reasonable amount for regular, full-time employees to attend the county employee health center.
- (b) Each elected official/department head will be responsible for developing departmental policies consistent with the intent of the court in conjunction with policies which will not interfere with the daily, efficient operation of the department.

(Admin. Policy Manual, § B (3.29, 3.30); Ord. No. 2002-299, 2-12-2002)

Sec. 82-516. Jury duty

- (a) Serving on a jury is a civic duty and as such is fully recognized and supported by the county. Therefore, leave time for jury duty will be granted in reasonable amounts as approved time off with pay (coded as jury duty in the time and attendance system). When employees are summoned for jury duty, the following guidelines shall apply:
 - (1) The employee shall immediately notify the supervisor and provide a copy of the jury summons notice.
 - (2) If selected to serve on the jury, the employee shall verbally notify the supervisor.
 - (3) The employee shall report for jury duty each day as instructed by the court.
 - (4) At the completion of the process, the employee will provide the supervisor with documentation from jury services that he/she participated/served in the jury process.
- (b) If the employee is released from jury service during normal working hours, the employee should either report to work immediately or contact his/her supervisor for further instructions. When requesting an employee to return to work, the supervisor should consider the number of work hours remaining in the day and the amount of travel time required. Failure to return to work or to contact the supervisor may result in the employee being required to utilize accrued leave time and disciplinary action, up to and including termination.

(Ord. No. 2002-299, 2-12-2002)

Sec. 82-517. Grand Jury Duty (This section reflects recent court approved policy language: Court Order #2011 1463 – August 30, 2011).

- (a) Serving on a grand jury is only recognized and supported by the county if the summons is from a federal court. Serving on a county grand jury is voluntary and if an employee chooses to do so then the department has the option to:
 - (1) Allow the employee to use accrued vacation leave;
 - (2) Work with the employee to make up any lost hours while serving on the grand jury; or
 - (3) Request a leave of absence through commissioners court.

Sec. 82-518. Witness duty.

- (a) Testifying as a witness is a civic duty and is supported by the county. Reasonable leave time for witness duty will be granted as approved time off with pay, not to exceed eight hours or one work day per calendar year.
- (b) When an employee is summoned as a witness, the employee shall immediately notify the supervisor and provide a copy of the court order, subpoena, or summons. The following guidelines shall apply:
 - (1) Witness leave is appropriate for duty with a federal, state, or local court.

- (2) Leave for witness duty must be requested in advance as soon as the employee receives the summons or subpoena.
 - (3) Time to appear in court when the appearance is part of the employee's regular job duties will be approved as regular time worked.
 - (4) Time spent by employees testifying as expert witnesses will be governed by their department's procedures. Employees who receive compensation from their court for their appearance shall in no instance receive dual compensation from the county.
 - (5) Time to appear in court when the employee is a party to the action is the individual employee's responsibility and will not be covered under this policy. However, employees may use accrued vacation or compensatory time for this purpose if time is available.
- (c) The person responsible for time and attendance entry in the department will enter the pay code for jury duty with a comment code of "Witness."
 - (d) The employee should contact his/her supervisor for instructions regarding return to work when court is adjourned or when excused during normal working hours. Employees may be required to submit proof of attendance from the court to the supervisor upon completion of the witness duty. Failure to return to work or contact the supervisor may result in the employee being required to utilize other accrued leave time and disciplinary action, up to and including termination.
 - (e) All other witness duty not specifically addressed in this policy must be done on the employee's own time or must be charged to vacation, compensatory time, or leave without pay.

(Ord. No. 2004-206, 2-3-2004)

Sec. 82-519. Bereavement Leave. (This section reflects court approved policy language: Court Order #2008-0157-January 22, 2008 and Court Order #2008-1128-June 10, 2008 and Court Order #2011-1463 – August 30, 2011 and Court Order #2024-0879 – August 20,2024).

The County recognizes that a death in the family creates some very difficult times for an employee. In an effort to support the employee during this time and to specify the guidelines involved with granting leave to an employee during this time, the following policy guidelines shall apply:

- (a) An elected official/department head may grant a regular, full-time employee up to the following number of days off, depending on family ties:
 - (1) Up to 5 working days (40 hours) of leave time off for bereavement leave if the relative who dies is a: mother, father, spouse, child, sister, brother, grandchild, grandparent, or someone who has acted as the employee's parent(s);
 - (2) up to 3 working days (24 hours) of leave time off for aunts, uncles, nieces, nephews, stepparents, stepchild, step-brother/sister, in-laws or for any relative living in the same household;

- (3) One day of leave for cousins; and
 - (4) For funerals of other relatives, friends, and acquaintances not included above, the employee shall utilize compensatory time or vacation time accruals.
- (b) The guidelines specify up to the maximum number of days or hours; however, due to business necessity, the elected official/department head may require the employee to return sooner;
 - (c) Such leave shall be charged to the employee's sick leave accruals;
 - (d) If additional time off is requested, the elected official/department head or their designee, at their discretion, may grant additional time off; however, this additional time off must be charged to the employee's compensatory accruals - vacation accruals or taken off as leave without pay if the employee has no such accruals; and
 - (e) An elected official/department head may, at their discretion, request verification of the absence (i.e., death certificate, newspaper article, etc.).

Subdivision IX. Catastrophic Sick and Vacation Leave

Sec. 82-520. Policy.

This policy is adopted by the Dallas County Commissioners Court pursuant to the authority in Subchapter E, Section 157.071 *et. al.* of the Texas Local Government Code, to provide for a sick and vacation leave pool. This policy will enable County employees to voluntarily donate accrued sick and vacation leave to a pool for the use of and to help alleviate the financial hardship caused to an employee if the employee's or the employee's "eligible family member's" catastrophic illness or injury forces the employee to exhaust all paid leave time earned and subsequently lose compensation from the County. This policy is not intended to and does not provide for paid leave after the exhaustion of the employee's FMLA or Leave of Absence; rather, all sick pool leave must run concurrent with either approved unpaid FMLA or an unpaid Leave of Absence.

This policy does not supersede nor replace other disability or retirement programs or policies. The availability of a catastrophic sick and vacation pool will not delay or prevent the County from taking adverse or disciplinary action against an employee when such action is warranted. No inducement, discipline, promise or threat of inducement or discipline shall be used to encourage or discourage participation.

Sec. 82-521. Definitions.

 - c. A period of illness or injury that is long-term due to a condition for which treatment may be ineffective (e.g., stroke, cancer, terminal disease, etc.) and requires absence from work for ten or more consecutive work days; or
 - d. An absence of at least ten consecutive work days to receive multiple treatments (including any period of recovery there from) either for restorative surgery after an accident or other injury, or for a chronic condition, e.g., cancer or kidney disease.

- (i) Open Enrollment Period -- The open enrollment period for the Sick Leave Pool will be on a semi-annual basis. Contributions can be made in October and April.

Sec. 82-522. Procedures.

(a). Administrator

- (1) The Administrator processes Catastrophic Sick and Vacation Pool contributions that are received during the open enrollment periods. For employees who are terminating, resigning, and retiring, and wish to donate sick and/or vacation leave, the employee must submit the catastrophic leave pool donation form to the Payroll Division prior to the effective date of termination, resignation, or retirement. The department must submit the notice of separation form prior to the effective date of termination, resignation, or retirement. Employees not terminating, resigning or retiring will only be able to join and contribute to the Catastrophic Sick and Vacation Pool during the open enrollment periods in October and April of each fiscal year.
- (2) Upon receipt of a request for leave from the Catastrophic Sick and Vacation Pool ("Catastrophic Leave"), the administrator reviews each request on an individual basis, including the physician's certification form to determine whether or not the condition is catastrophic based on the definition defined by this policy.
- (3) The administrator may require the employee to provide additional information or documentation and/or may consult with a medical expert such as the Employee Health Center Physician to determine whether the condition is severe enough to be considered catastrophic for the employee to qualify for leave from the catastrophic leave pool.
- (4) If the Administrator is uncertain whether a particular employee is eligible for an award of Catastrophic Leave, the Administrator may request the Dallas County Employee Health Center Physician determine in conjunction with the treating physician if the illness or injury is considered catastrophic. If considered catastrophic, the Administrator will award the leave based on policy.
- (5) The administrator approves or denies the request for the use of catastrophic leave from the pool. Once it has been confirmed that the leave is catastrophic,

the Administrator in conjunction with the Payroll Division determines the amount of leave to be granted, which will be in pay period increments. The leave being granted starts the beginning of the pay period after leave has been approved.

- (6) The administrator shall send written notice of the approval or denial of the request, via memo or email, to the employee, the Elected Official/Department Head (if applicable), and the Payroll Division of the County Auditor's Office. If catastrophic leave is approved, the notice should include the amount of sick pool leave approved.
- (7) If the employee is not eligible to contribute to the Catastrophic Sick and Vacation Pool, the Administrator will send a notice to the employee with an explanation of the eligibility criterion and the reason the proposed contribution does not meet the criterion.
- (8) After determining that an employee is eligible and before awarding any Catastrophic Leave, the Administrator or Payroll must:
 - a. divide the number of hours in the Catastrophic Leave Pool by three (3) to determine the maximum number of hours of Catastrophic Leave that may be awarded to that employee;
 - b. determine the amount of Catastrophic Leave that should be awarded to the employee based on the circumstances of the application and the date the employee will exhaust any FMLA or Leave of Absence. Catastrophic Leave cannot be granted beyond the date the employee will exhaust any FMLA or Leave of Absence;
 - c. award the employee the lesser of the amount that could be awarded, if it exceeds one-third of the total amount of time in the pool or 60 days (480 hours) for employee, 30 days (240 hours) for eligible FMLA/LOA family members. The maximum leave allowed cannot exceed the lesser of one-third of the total amount of time in the pool or 60 days (480 hours) for employee or 30 days (240 hours) for dependent;
 - d. decrease the balance in the Catastrophic Leave Pool by the number of hours of catastrophic leave awarded to the employee from the Catastrophic Leave Pool.
- (9) If catastrophic leave is awarded, the administrator may award this leave based on the attached Vacation and Sick Leave Pool Contribution table for that fiscal year. The maximum amount an individual may withdraw for Catastrophic Leave in a fiscal year is 60 days (480 hours) if the Catastrophic Illness or Injury involves the employee; or 30 days (240 hours) if the Catastrophic Illness or Injury involves an eligible FMLA/LOA family member, assuming they meet the policy requirements.
- (10) The catastrophic leave pool will be administered on a first-come, first-served basis, determined by the date or time when all necessary information, certifications, and releases have been provided.

- (11) The administrator will administer adjudication and/or clarification of this policy and will advise elected officials/department heads, supervisor, department representative, and recipients of the guideline of the policy when issues arise.
- (12) The administrator will notify payroll if any recipient loses it rights to access the Catastrophic Leave Pool.
- (13) The administrator will assist the Payroll Division of the Auditor's Office (if needed) in maintaining records of leave contributions, requests, denials and approvals made under this policy and forward in a timely manner, all approved requests of donors and recipients to the Payroll Office of the Auditor.
- (14) Only the administrator will publicize the program and the need for donors. Such publicizing will be done upon establishment of the pool and periodically thereafter. Frequency of publicizing will depend upon the balance of sick leave in the pool and the current and/or projected need by the recipients. Publicizing will be done in a manner that is cost effective, as determined by the Administrator.
- (15) All decisions made by the Administrator (in conjunction with the Employee Health Center Physician) in regard to an employee's eligibility to receive catastrophic sick leave will be final.
- (16) All decisions made by the Administrator in regard to an employee's eligibility to donate sick and vacation leave will be final.

(b). Contributions/Donations

- (1) An employee must have been employed full-time by Dallas County for at least twelve consecutive months, contribute a minimum of 1 day (8 hours) of sick or vacation time to the pool, and have at least 10 days (80 hours) of combined sick or vacation time remaining after his/her contribution **this section does not apply to donors who are terminated, resigning, or retiring in order to donate.**
- (2) An employee may contribute a maximum of 5 days or 40 hours combined accrued sick or vacation leave in increments of 1 day or 8 hours each fiscal year. An employee cannot donate compensatory time.
- (3) Contributions must be made:
 - a) during the open enrollment periods; OR
 - b) when an employee terminates, resigns or retires from the County. The employee may donate additional sick and vacation hours up to a maximum combined total of 80 hours (10 days) of accrued leave in increments of 1 day or 8 hours to the pool for a total of 15 days or 120 hours for the fiscal year to take effect immediately before the effective date of termination, resignation, or retirement (**section 1 does not apply to donors who are terminated, resigning, or retiring in order to donate**); OR,

- c) during one supplemental two week open enrollment period in the fiscal year (TBD) if requested by the Administrator, to replenish the pool and authorized by Order of the Commissioners Court.
- (4) Contributions to the Catastrophic Sick and Vacation Pool are strictly voluntary; however, in order to be “eligible” to participate in the Catastrophic Leave Pool, the Commissioners Court in adopting this policy requires that an employee “donate” a minimum of eight (8) hours of sick/vacation leave combined.
- (5) Any employee electing to contribute sick or vacation time to the Catastrophic Leave Pool shall complete the “Catastrophic Leave Pool Donation Form,” and submit it to the HR department for review and approval and submission to the Auditor’s Office Payroll Division.
- (6) Sick or vacation leave donated will be deducted from the contributing employee’s sick or vacation leave balance by the Auditor’s Office Payroll Division. An appropriate notation will be made on the donor’s sick or vacation leave record that the leave was donated to the Catastrophic Leave Pool.
- (7) Donated leave time is permanent and cannot be reversed, revoked or refunded to the employee. The leave contributed by an employee becomes the property of the County’s Catastrophic Leave Pool and cannot be returned in the event the employee dies, retires, resigns, is terminated, is placed on temporary suspension or otherwise fails to maintain his or her membership in the Catastrophic Leave Pool from year to year.
- (8) Enrollment and contribution to the Catastrophic Leave Pool is not a guarantee that a contributing employee will receive any time from the pool should such employee have a need to make application for Catastrophic Leave at a later date.

(c) Requesting Catastrophic Pool Leave

- (1) An employee requesting Catastrophic Leave from the Pool must: a) have a Catastrophic Illness or injury (or eligible FMLA family member with a catastrophic illness or injury); b) be employed as a fulltime non-probationary employee continuously for 12 months; c) have contributed at least eight (8) hours of accrued sick or vacation leave (see Sick and Vacation Leave Contribution Table); d) must be meeting job performance requirements, based on their most recent performance appraisal, and (e) have approved FMLA or LOA for the days which they seek Catastrophic Leave, to be eligible for pool leave.
- (2) Employee must have exhausted all accrued paid leave (sick, vacation, compensatory time, personal day, etc.) to which the employee is otherwise entitled before being eligible to use leave from the catastrophic leave pool.
- (3) The employee must be absent from work due to a catastrophic illness or injury of himself/herself or an “eligible family member” as defined in the policy as a catastrophic illness or injury to request and receive catastrophic leave, which can begin no earlier than the 11th day of absence.

- (4) Employees must be on an approved Family Medical Leave (unpaid) or Leave of Absence (unpaid).
- (5) The maximum leave the employee will be able to withdraw, if approved by the administrator is set forth in the contribution table.
- (6) An eligible employee electing to apply for use of time from the Catastrophic Leave Pool must complete a "Catastrophic Leave Pool Request Form" and have the treating physician complete the "Catastrophic Leave Pool Medical Certification Form." Both forms must be completed and submitted together to the Administrator for review. The Form must include a certification from the physician that the employee or Dependent as defined in this policy has or had an illness or injury that is catastrophic as also defined in this policy and a statement of the diagnosis, prognosis, and anticipated recovery time for the illness or injury. Failure to submit a completed form or both forms will cause a delay and possible denial of your request. If an employee is unable to request leave from the Catastrophic Leave Pool due to his/her catastrophic illness, the Elected Official/Department Head may submit the request on the employee's behalf.
- (7) If the initial medical record information supplied is not adequate, the employee must provide further sufficiently detailed medical record information and a medical release for medical information to the Administrator, if requested. The Administrator may require an independent medical examination. Failure to comply with a request for additional medical information may result in delay or denial of the application.
- (8) An employee who has been granted and exhausted available Catastrophic leave pool time is not eligible for additional Catastrophic leave pool time until two (2) years has elapsed from the last Catastrophic leave pool day for which that employee was paid.
- (9) Sixty days (480 hours) is the lifetime maximum that may be withdrawn from the pool for the employee and eligible dependent combined; with the lifetime maximum for the dependent not to exceed 30 days (240) hours.
- (10) The leave recipient may use catastrophic leave time in the same manner as sick leave earned by the recipient in the course of employment, for the catastrophic injury or illness for which it was approved.
- (11) Employees returning to work after being off on Catastrophic Pool Leave must provide the Administrator a written release from their physician documenting their ability to return to work (with or without restrictions) as well as obtain clearance from the Dallas County Employee Health Center Physician.
- (12) The employee must notify the Administrator in writing (via certified mail) and via phone within 48 hours if they begin receiving or are notified that they will begin receiving (whichever comes first): a) disability payments (including social security, long term, or short term) or other voluntary supplemental insurance payment to replace lost income; or b) pay, reimbursement, or recovery for loss of

work time or damages from a third party as a result of the catastrophic illness or injury.

(d) Payroll Division Auditor's Office

- (1) Upon receipt of notification of approval of catastrophic leave granted to the employee, the Payroll Division will credit the approved amount of time granted to the recipient from the catastrophic leave pool with an appropriate notation made on the recipient's sick leave record that the leave was received from the Catastrophic Leave Pool.
- (2) Payroll will track the catastrophic leave used by the employee and notify Human Resources, the department and the employee when the employee is close to exhausting the paid leave.
- (3) If the employee returns to work prior to exhausting the leave, Payroll will credit back the unused balance to the Catastrophic Leave Pool and maintain a record of such.
- (4) As the employee must have used all available earned leave or compensatory time prior to utilizing Catastrophic pool leave, Payroll will ensure that the employee continues to accrue any applicable leave while on Catastrophic Pool Leave (unless the employee does not return to work).
- (5) A holiday within the leave period is not counted as catastrophic leave.
- (6) An employee absent on sick leave assigned from the county sick leave pool is treated for all purposes as if the employee were absent on earned sick leave. Employees on catastrophic leave continue to accrue leave.
- (7) Employees must exhaust all accrued leave with pay entitlements before they use Catastrophic Leave, including the leave earned while on Catastrophic Leave. If the employee accrues vacation or sick leave while on Catastrophic Leave, Payroll will deduct the accrued vacation or sick leave prior to deducting hours from the Catastrophic Leave allotted the employee.
- (8) The estate of a deceased employee is not entitled to payments for unused catastrophic leave acquired by the employee from the Catastrophic Leave Pool.

(e) Return of Unused Catastrophic Leave to the Catastrophic Leave Pool/Termination of Catastrophic Leave.

- (1) Catastrophic Leave must be used only for the reason requested and approved. Employees shall immediately notify the Administrator if there is any change in the nature or severity of the illness or injury that modifies their need for Catastrophic Leave. Use of Catastrophic Leave for purposes other than Catastrophic Illness or Injury may result in termination. The grant of time for Catastrophic Leave shall terminate upon the earliest of the following:

- a. The date the employee is able to return to work.

- b. The date the employee's FMLA or LOA runs out (catastrophic leave must run concurrently with a grant of unpaid FMLA or unpaid LOA);
 - c. The exhaustion of the specific amount of time that the Administrator granted to the employee, unless the Administrator has granted the employee additional Catastrophic Leave time and, in such case, upon the exhaustion of any additional Catastrophic Leave time that was granted to the employee;
 - d. The effective date of the employee's termination, retirement, or resignation;
 - e. The employee has used the maximum amount of Catastrophic Leave time allowable under this policy; or
 - f. The Administrator determines that the employee is no longer eligible to receive any further or additional Catastrophic Leave time (including if the employee fails to cooperate with requests for medical information, submits false information, remains off work because the employee is not following the doctor's prescribed treatment, or is abusing sick leave pool hours).
- (2) The Payroll Division must track each employee receiving catastrophic leave. Any balance of catastrophic leave: 1) remaining after the employee has used the Catastrophic Leave; or 2) which is no longer needed or justified due to the Catastrophic Illness or Injury, must be canceled and returned to the Catastrophic Sick and Vacation Pool. This action should also be taken if, anytime within the period following the date the award was initially used, any of the following situations is met:
- a. The Administrator determines that the employee is no longer eligible for Catastrophic Leave;
 - b. employee is deceased;
 - c. employee terminates employment; or
 - d. employee retires.

(f) Exclusion and Limitation

- 1) The following are not eligible to access the Catastrophic Leave Pool:
- a. Employees who are off without pay because of a disciplinary or unlawful action.
 - b. Employees who have been officially disciplined for sick leave abuse within the 12 months preceding the date of the catastrophic leave being granted.
 - c. Employees who have committed fraud or misrepresentation in the request or use of catastrophic leave.
 - d. Employees with a Catastrophic Illness or Injury requiring intermittent leave of 24 hours or less per week.
 - e. Employees on active duty in any Military force.
 - f. Employees confined in correctional institution (jail, prison, boot camp, detention center, house arrest, etc.).
 - g. Full-time grant funded employees are not entitled to Catastrophic Leave beyond the termination date of the funding sources for the position.
 - h. Employees who go from full-time to part-time will no longer be eligible for catastrophic leave.

- 2) The following treatments/conditions/illnesses/injuries are not eligible for Catastrophic Leave:
- a. Routine medical, vision and/or dental care for an employee or eligible family member;
 - b. Elective cosmetic surgery or procedures;
 - c. A broken limb;
 - d. Weight loss surgery or treatment;
 - e. Stress related illnesses;
 - f. Colds, flu, and allergies;
 - g. Minor surgery with no complications such as appendectomy or tonsillectomy;
 - h. Carpal tunnel syndrome;
 - i. Addiction treatment, including drug or alcohol rehab treatment;
 - j. Bereavement;
 - k. Pregnancy, unless a serious complication from pregnancy that requires hospitalization for ten or more days;
 - l. The birth of a child, which is considered normal regardless of the method of delivery and will not be considered for Catastrophic Leave;
 - m. A catastrophic injury that occurred during the course of employment with another employer;
 - n. Employees off work because of an on the job injury (Worker's Compensation) **if they are currently receiving workers comp benefits**;
 - o. A disability under the Americans with Disabilities Act ("ADA") that would render the employee incapable of performing the essential functions of their job, even with a reasonable accommodation;
 - p. A disability under the ADA that does not prevent the employee from performing the essential functions of their job, with reasonable accommodations, unless the disability is also a Catastrophic Illness or Injury and reasonable accommodation requires time off for more than ten continuous days in-patient treatment in a hospital, hospice, or residential medical care facility. All ADA disabilities qualifying for reasonable accommodations may not qualify as a Catastrophic Illness or Injury. The maximum amount of Catastrophic Leave an individual requiring such an ADA reasonable accommodation is allowed is thirty (30) days, depending on their length of service with the County as set forth in this policy.
- 3) Any vacation or travel (100 or more miles) resulting in an absence of 48 hours or more from the employee's primary residence registered with Dallas is not eligible for leave from the Catastrophic Leave Pool, unless the purpose of the trips is only for necessary medical treatment or care (dual purposes may not be covered). The employee should notify the Administrator immediately of any such planned trips/travel away from the employee's current primary residence during the period for catastrophic leave, for a determination as to whether the leave remains covered by this policy. The Administrator may require documentation from the primary care physician regarding the medical necessity for the trip/travel.

- 4) If the employee, for any reason, terminates or ends employment with the County while on Catastrophic Leave, the employee is not entitled to payment for any Catastrophic Leave awarded that is unused.

(g) Coordination With Other Benefits (including exclusions)

- (1) *Worker's Compensation.* Employees off work because of an on the job worker's compensation injury are not eligible for catastrophic leave **if they are currently receiving workers comp benefits.**
- (2) *Family Medical Leave.* All eligible events that qualify for Family and Medical Leave (FML) may not qualify as a Catastrophic Illness or Injury; however, a Catastrophic Illness or Injury may qualify as FML. If the employee is eligible for Family and Medical Leave, all days away from work as a result of Catastrophic Illnesses or Injuries will be counted against the employee's Family and Medical Leave entitlement. The catastrophic leave will terminate at the same time as the FMLA leave, unless the employee has obtained a Leave of Absence which would allow the employee to continue to receive catastrophic leave.
- (3) *Short and Long Term Disability and Supplemental Benefits.* Catastrophic Leave will not be granted if an employee is receiving short term or long term disability benefits, including social security disability benefits or supplemental benefits.
- (4) *Grievance Policy.* Denial of catastrophic leave is not grounds for filing a grievance and is specifically excluded from the civil service grievance appeal process. Catastrophic leave is not a right and is awarded based on availability of catastrophic leave in the Catastrophic Sick and Vacation Pool and the eligibility of the employee as determined by the Administrator.

(h) Recordkeeping and Confidentiality

- (1) The Administrator must maintain a confidential record of all Catastrophic Sick and Vacation Pool records in accordance with the law.
- (2) Applications for Catastrophic Leave and all documents related to the application, including the notice of an award or denial, must be treated as confidential at all times. All notices to be sent to any person involved in the process (such as the Administrator) must be sent in envelopes clearly labeled "confidential" and directed to the attention of the intended receiver.
- (3) The applications for award for Catastrophic Leave and all supporting documentation must be kept in a separate file for confidential medical information. The employee must approve and sign a form to authorize the release of medical information and other documents before any information can be released. If the employee is medically unable to sign the required release form, the next of kin or person who is legally authorized to do so must sign the form before any documentation can be released.

(i) Annual Reporting

- (1) The Administrator must submit an annual fiscal year report obtained from the County Payroll to the Commissioners Court on the usage and status of the Catastrophic Sick and Vacation Pool. The annual reports will include:
 - a. the total number of hours contributed;
 - b. the total number of hours awarded;
 - c. the total number of awarded hours that were used;
 - d. the total number of applications for Catastrophic Leave received;
 - e. the total number of applications approved;
 - f. the total number of applications denied; and
 - g. the remaining hours in the pool.

(j) Miscellaneous

- (1) No advances on sick leave or vacation accruals will be granted to allow an employee to meet the minimum required to request catastrophic leave.
- (2) Catastrophic Leave granted from the Catastrophic Leave Pool Program will be counted only for approved workdays.
- (3) An employee may not provide or receive remuneration or any gift in exchange for a sick pool donation.
- (4) Dallas County will have a right of reimbursement from the proceeds of any full or partial recovery for lost wages, whether by settlement, judgment, or otherwise (supplemental disability, etc.), recovered by the employee for any days that were covered by Catastrophic Leave. This reimbursement provision includes, but is not limited to, any recovery from any individual or group automobile or liability insurance policy, including any uninsured/underinsured motorist coverage and any personal injury protection coverage you or a covered dependent may have.

(k) Grandfathered Employees

Employees with a pre-existing Catastrophic Illness or Injury who: 1) are out on FMLA or a LOA before initial enrollment period start date; 2) are considered an “eligible employee/recipient,” by the sick leave pool donation requirements; and 3) do not have any sick or vacation time to donate or will not have at least 10 days (80 hours) of combined sick or vacation time remaining after his/her contribution, will be grandfathered in and will not have to donate leave to be eligible for contributions from the sick leave pool. Sec. 82-555. Consequences of misrepresentation.

The county's workers' compensation program is totally funded by the taxpayers of the county. As such, the county takes a very aggressive role in monitoring its claims and expenses to ensure employees are complying with this article. In addition to the possibility of having workers' compensation benefits terminated or denied, employees who do not comply with this article, or who misrepresent their injury or recuperation progress, or who falsify county documents related to this article are subject to disciplinary actions up to and including termination and possible criminal charges.

(Ord. No. 2000-889, § 4.04, 5-2-2000; Ord. No. 2004-1803, 10-5-2004)

Sec. 82-556. Departmental responsibilities.

Each elected official/department head plays a key role in effectively implementing the county's workers' compensation program. Specifically, each department shall take responsibility for:

- (1) Providing a safe work environment for all employees in order to prevent injuries;
- (2) Ensuring the employee receives prompt medical attention should an injury occur in the work place;
- (3) Reporting all injuries within 24 hours to the risk management section of the human resources/civil service department and ensuring compliance by following the step-by-step procedures outlined in departmental procedures;
- (4) Completing all required forms (including accurate time sheets) in order for the county to comply with the Texas Workers' Compensation Act;
- (5) Staying in contact with the employee if the employee is not able to immediately return to the work place; and
- (6) Providing modified duty to the employee, when feasible and necessary, to allow the employee to return to work as soon as possible.

(Ord. No. 2000-889, § 4.05, 5-2-2000; Ord. No. 2004-1803, 10-5-2004)

Sec. 82-557. Departmental compliance.

The county requires all supervisors to follow outlined policies and procedures. Failure to comply with these guidelines may result in serious consequences for the county; therefore, and when appropriate, elected officials/department heads may take disciplinary action up to and including termination.

(Ord. No. 2000-889, § 4.06, 5-2-2000; Ord. No. 2004-1803, 10-5-2004)

Sec. 82-558. Workers' compensation and other employee benefits.

When accessing workers' compensation benefits, the injured employee and supervisor must be aware of how the employee's status may impact other county benefits and applicable policies. They include, but are not limited to, the following:

- (1) *Reporting lost time.* Each time an employee is absent from work due to a workers' compensation injury, the employee must provide documentation from his health care provider to his supervisor not less than every three weeks. This includes intermittent lost time.
- (2) *Workers' compensation and family and medical leave.* Workers' compensation and family and medical leave will run concurrently. Employees who are injured under workers' compensation and remain off duty for more than three working days or who will require ongoing medical treatment, shall be placed on family and medical leave utilizing the same criteria as outlined in the county's family and medical leave policy. Supervisors/managers are responsible for ensuring that injured employees are placed on family and medical leave.
- (3) *Insurance benefits.* Employees on workers' compensation leave are required to pay for all applicable monthly insurance costs. Various leave accruals may be used to pay for the benefit premiums, until such accruals are exhausted and the employee reaches leave without pay status (LWOP), at which time the employee will be required to pay the premium out-of-pocket to continue benefits. Employees may elect to suspend coverage; however, they will be subject to the 30-day waiting period. If an employee elects to maintain coverage and fails to pay the premiums, all insurance will be canceled. If coverage is reinstated when the employee returns to work, the employee will be subject to the 30-day waiting period.
- (4) *Accrual of leave.* Employees, including probationary employees who are off work and receiving weekly workers' compensation payments, shall not continue to earn vacation leave, sick leave or holiday pay during such period. Probationary employees may have their probationary period extended for such period of absence from work due to a workers' compensation injury/illness. However, this extension is at the discretion of the elected official/department head.
- (5) *Salary/benefit modifications.* Employees who are on leave, including workers' compensation, are not eligible to receive salary increases such as merit increases, step increases, promotional increases, etc., until the employee has met all requirements for such increases, including the actual work experience criteria. However, if the county makes salary/benefit modifications to all county employees or to employees in the injured employee's specific job category, then the employee may be impacted by these changes, if he meets all specified requirements.

(Ord. No. 2000-889, § 4.07, 5-2-2000; Ord. No. 2002-1977, 10-29-2002; Ord. No. 2004-1803, 10-5-2004)

Sec. 82-559. Reporting a workers' compensation injury.

Managers and supervisors have a responsibility to report all job-related injuries within 24 hours.

(Ord. No. 2000-889, § 4.08, 5-2-2000; Ord. No. 2004-1803, 10-5-2004, Ord. No.2024 0879, 08-20-2024)

Sec. 82-560. Recording of time.

Each elected official/department head is responsible for ensuring that all reporting of time worked, accrual and use of leave, complies with county policies. Employees are not permitted to remain on the county's payroll if they are not on an approved leave of absence (with or without pay), which includes FMLA. Supervisors are responsible for accurate time reporting. The law requires that what is reported must be paid. Not reporting time accurately is considered falsifying an official document. Disciplinary action, up to and including termination, may be taken against employees and supervisors who falsify county documents related to work hours.

- (a) When an employee loses time on the date of injury due to seeking medical attention, supervisors should code the employee's time as regular time. Any subsequent lost time would be coded as WC70 or WC100 time.
- (b) If employees must attend on-going medical treatment before reaching maximum medical improvement (MMI) for a compensable injury after return to work, the supervisor may document the incremental time for each week and report the aggregate on a supplemental report to the risk management office. Medical appointments should be scheduled for those hours when the employee is not scheduled to work, if possible.
- (c) After reaching maximum medical improvement (MMI), time away from work to attend medical treatment shall be charged as compensatory leave followed by other paid leave accruals before moving to leave without pay.

Example: Jack reaches MMI. He must visit his doctor periodically. He schedules a visit that requires him to leave work two hours early. The time is coded as compensatory, sick, vacation, or LWOP.

(Ord. No. 2000-889, § 4.09, 5-2-2000; Ord. No. 2004-1803, 10-5-2004, Ord. No.2024-0879, 08-20-2024)

Sec. 82-561. County procedures for filing and reporting workers' compensation claims.

When a job related injury occurs, the supervisor and employee must call the appropriate injury reporting hotline.

(Ord. No. 2000-889, § 4.10, 5-2-2000; Ord. No. 2004-1803, 10-5-2004)

Sec. 82-562. Submitting supplemental reports.

The supervisor must report intermittent lost time, return to work, termination or death are listed as follows:

- (1) If the employee begins losing time from work after initial filing of a workers' compensation claim, the supervisor must complete a supplemental report of injury and forward to the risk management office within 24 hours. The supervisor forwards the new employee and change form to the auditor's office to initiate FMLA status.
- (2) If the employee returns to work, the supervisor must complete a supplemental report of injury indicating the date the employee's returned to work, whether or not it is full or light duty, including a copy of the release from the medical provider and forward to the risk management office within 24 hours. Personnel action forms returning the employee must be forwarded to the auditor's office for regular pay to resume.
- (3) If an employee is terminated, resigns or dies during the course of the injury, the supervisor must complete a supplemental report and forward to the risk management office within 24 hours. A notice of separation form should be completed and forwarded to the appropriate offices.

All supplemental reports must be faxed to the risk management office within 24 hours.

(Ord. No. 2000-889, § 4.11, 5-2-2000; Ord. No. 2004-1803, 10-5-2004)

Sec. 82-563. Salary continuation.

- (a) *Generally.* Unless otherwise prohibited by county policy, in addition to workers compensation payments, the county may provide salary continuation to eligible employees who are injured and disabled in the course and scope of their employment with the county. Salary continuation payments may be made to eligible county employees whose receipt of workers' compensation payments does not equal 70 percent of their gross pay. The amount of salary continuation payments cannot exceed the difference between the employee's workers' compensation payments and 70 percent of their gross pay. For example, if the employee's workers' compensation payment does not equal 70 percent of their gross pay, salary continuation can be paid in addition to their workers' compensation payment to equal but not exceed 70 percent of their gross pay.
- (b) *Eligible employees.* Salary continuation is paid only to regular, full-time employees who have completed their probationary period and become disabled due to an injury or illness that arises out of the course and scope of their employment with the county. Temporary or part-time employees are not eligible to receive salary continuation payments. Probationary employees may have their probationary period extended for such period of absence from work due to a workers' compensation injury/illness. However, this extension is at the discretion of the elected official/department head. Law enforcement officials are covered from the initial date of employment, per section 82-553.
- (c) *Continuation payments.* Salary continuation is an employee benefit, and not an employee right. In order to receive it, the employee must follow all guidelines outlined in this article. Salary continuation payments:
 - (1) Will be paid for a total of up to 13 weeks per injury, per a 12-month period, depending on the type of injury (see subsection (c)(2) of this section). However, in no event, shall salary continuation payments be continued after an employee's weekly workers' compensation payments have ceased;

- (2) Are paid based upon guidelines set forth by the official disability guidelines. For example, for knee surgery, the normal recovery time under the official disability guidelines is two to three weeks, therefore salary continuation payments for knee surgery shall not exceed three weeks;
 - (3) Shall cease once an employee retires, dies, terminates employment, funding source ends, or the employee reaches maximum medical improvement, whichever comes first;
 - (4) Will terminate for category D employees when the funding source for his/her position terminates. If salary continuation is paid to category D employees, it will be paid for the stipulated time period or until their funding source has ended, whichever comes first;
 - (5) May be increased to reflect any salary increases caused by the adjustment to an approved county salary schedule made effective during such period, if the employee meets all criteria;
 - (6) Shall not be made beyond the scheduled, effective date if an employee, after having given/received notice of retirement, resignation, termination, reduction-in-force or discharge, is injured on the job, unless expressly approved by the commissioners court; and
 - (7) Will be paid to law enforcement officials until the employee has either returned to work or until the expiration of the term of office for the elected official for whom they work, whichever comes first. This benefit is administered in accordance with article 3, section 52E of the state constitution (see section 82-553) and all other applicable laws and statutes.
- (d) *Forfeiture.* An employee shall forfeit all rights to any employee salary continuation payments to which he would otherwise have been entitled due to his injury or illness, if the employee:
- (1) Engages in work, either part-time or full-time, for pay, or as a volunteer, or on behalf of himself or any other person, firm or corporation while receiving injured employee salary continuation payments;
 - (2) Resigns, is terminated, dies or the funding source ends;
 - (3) Falsifies or misrepresents his injured condition or physical capacity or disability as worse than it, in fact, is;
 - (4) Refuses to return to regular or modified duty when released to do so by the treating physician;
 - (5) Fails to provide documentation from a certified physician for all time lost from work, including intermittent periods of lost time;
 - (6) Fails to comply with the Texas Workers' Compensation Act pertaining to injured employees;
 - (7) Fails to comply with all reporting requirements;
 - (8) Fails to follow all required policies and procedures;

- (9) Fails to submit to a required medical examination and treatment at the county's request and expense by a physician chosen or approved by the commissioners court; and
 - (10) Does not comply with or meet the guidelines outlined in section 82-554.
- (e) *Utilization of other types of leave.* In instances where an employee is not eligible for, or has exhausted, all salary continuation prior to being able to return to work, the employee will receive all appropriate workers' compensation benefits and may elect (by completing and submitting auditor's election form) to utilize other leave as follows:
- (1) Compensatory time in any amount not to exceed 40 hours per week while off work for a workers' compensation injury.
 - (2) Vacation leave in any amount not to exceed 40 hours per week while off work due to a workers' compensation injury; and
 - (3) Sick leave in an amount to supplement their workers' compensation to equal their gross pay received prior to injury.
- (f) *Leave of absence without pay.* An employee who has used all his accrued sick leave, vacation leave and injured employee salary continuation plan benefits before returning to work may be granted a leave of absence without pay for a reasonable period upon recommendation of the employee's elected official/department head and approval by the commissioners court. If leave without pay is granted, it will not extend beyond the end of their funding sources.

(Ord. No. 2000-889, §§ 4.20--4.25, 5-2-2000, Ord. No.2024-0879, 08-20-2024)

Sec. 82-564. Return to work.

- (a) *Guidelines.* It is the policy of the county, with the cooperation of all departments, to return all injured/ill employees to work as soon as feasible. If an employee is unable to return to his regular job duties, the county will make every reasonable effort to assign the employee to modified or different job duties. However, priority is given to placing employees who have sustained a compensable workers' compensation injury or illness. An employee who is able to return to work will do so under the following circumstances:
- (1) Full medical release with no restrictions: The employee returns to work and is able to perform his regularly assigned job duties.
 - (2) Full medical release with permanent restrictions: The employee returns to work and is able to perform modified job duties. If feasible, the department may:
 - a. Retain the employee in his position by accommodating all medical restrictions;
 - b. Transfer the employee to another position;
 - c. Contact the human resources/civil service department for assistance in possibly placing the employee in another county department; or
 - d. Terminate the employee if unable to accommodate.

- (3) Temporary medical restrictions: The employee is able to return to work with temporarily modified job duties. If feasible, the department may:
 - a. Temporarily modify the employee's job duties, not to exceed 90 days;
 - b. Reassign the employee to another position in the department;
 - c. Contact the human resources/civil service department for assistance in temporarily placing the employee in another county department; or
 - d. Terminate the employee if unable to accommodate.

- (b) *Placement of employee.* Placement of an employee is not automatic or guaranteed. The following conditions apply:
 - (1) A vacancy must exist;
 - (2) The employee must meet the qualifications;
 - (3) The hiring department may require the employee to compete for a position; and
 - (4) The employee may be terminated if unable to locate another position in the department or county.

- (c) *Pay while performing modified or permanently reassigned duties.* The employees shall continue to earn his base salary while performing modified job duties. If the employee is temporarily placed in another department, the hiring department will continue to pay the employee's salary. However, an employee shall not temporarily fill a position and earn their same base salary for more than 90 days without the commissioners court approval. If the temporary assignment exceeds 90 days, the salary paid will be commensurate with the tasks assigned. Law enforcement officials with work related injuries will be subject to provisions outlined in section 82-553.

- (d) *Pay while performing modified or temporarily reassigned duties.* Employees shall earn their base salary while performing modified or temporarily reassigned job duties. If the employee is temporarily placed in another department, the hiring department will continue to pay the employee's salary. The goal is to get the employee back to work as soon as the treating physician allows. Under no circumstances will a position be held open or temporarily filled for a period longer than 90 days without approval from the commissioners court. Prior to the expiration of the 90-day period, the department must notify the commissioners court if it plans to extend this temporary position. Law enforcement officials with work related injuries will be subject to provisions outlined in section 82-553.

- (e) *Requirements for return-to-work from a workers' compensation injury.* Prior to reinstatement following a workers' compensation injury in which the employee has lost time:
 - (1) An employee must submit a certificate/letter from the treating physician which states the injured employee is physically able to return to work. The employee is encouraged to take a copy of their job description (which can be obtained upon request from the County Human Resources/Civil Service Department) to their treating physician for review; and
 - (2) The treating physician must complete the county form P/CS form 200 highlighting any limitations to which the employee must adhere. The employee

and supervisor must strictly adhere to these limitations. Failure to do so may result in disciplinary action being taken, up to and including termination.

- (f) *Other requirements.* Supervisors should be aware that the Workers' Compensation Act coordinates with a number of federal and state statutes, including the Americans with Disabilities Act and the Family and Medical Leave Act. If the supervisor has questions regarding this policy, he should immediately contact the human resources/civil service department.
- (g) *Requirements for return to work from a non work related injury/illness.* Employees who become ill or are injured away from the workplace are subject to the guidelines outlined in the county's Family and Medical Leave Act along with subsections (e)--(g) of this section.
- (h) Employee Return to Work – Sheriff's department employees.

See Appendix A: Sheriff's Department Civil Service Commission Rules and Regulations – Chapter 2.68 (Employee return to work after an illness/injury).

*Federal law reference--Family and Medical Leave Act, 29 USC 2601 et seq.

Sec. 82-601. Purpose of article.

(a) The purpose of this article is to comply with the Family and Medical Leave Act of 1993 (FMLA) and the National Defense Authorization Act for FY2008, balance the demands of the workplace with employees' medical and family needs, and accomplish these purposes in a manner that accommodates the interests of the county. Should any discrepancy exist between this policy and the FMLA, the FMLA controls.

(b) This article outlines the responsibilities of employees to ensure compliance with the FMLA.

(c) The county requires all managers/supervisors and employees to follow these policies and procedures. Failure to comply may result in serious consequences for the county, and when appropriate, elected officials/department heads may take disciplinary action, up to and including termination, if an employee fails to comply.

(Ord. No. 2000-485, § 5.00, 3-7-2000; Ord. No. 2002-1977, 10-29-2002; Ord. No. 2009-0883, 5-12-2009, Ord. No. 2023-0278, 03-07-2023)

Sec. 82-602. Summary of benefits.

If the employee complies with the obligations outlined in this article, the county will:

(1) Provide an eligible employee up to 12 weeks of family and medical leave, including military family leave, within a 12-month period measured forward from the first date an employee takes FMLA leave.

The 12 weeks of family and medical leave for part-time eligible employees shall be determined on a proportional basis.

(2) Provide eligible employees up to 26 weeks of leave in a single 12-month period to care for an injured or ill covered military servicemember;

(3) Return the employee to the same or equivalent position with equivalent pay, benefits, and working conditions when the employee returns to work after the leave;

(4) Continue to contribute to group health benefits at the same level during the leave unless the employee cancels health insurance coverage; and

(5) Continue to contribute to benefits other than health insurance if the benefits would be maintained while the employee is on other forms of leave.

(Ord. No. 2000-485, § 5.01, 3-7-2000; Ord. No. 2002-1977, 10-29-2002; Ord. No. 2009-0883, 5-12-2009, Ord. No. 2023-0278, 03-07-2023)

Sec. 82-603. Key employees.

In some situations, in order to prevent substantial and grievous economic harm to county operations, key salaried employees may be denied reinstatement after family and medical leave. Key salaried employees are defined by the FMLA as the top ten percent of all wage earners in an organization. When an elected official/department head receives a leave request from an employee and has reason to believe the employee may fall into this category, the elected official/department head should contact the human resources/civil service department for assistance.

(Ord. No. 2000-485, § 5.02, 3-7-2000; Ord. No. 2002-1977, 10-29-2002; Ord. No. 2009-0883, 5-12-2009, Ord. No. 2023-0278, 03-07-2023)

Sec. 82-604. Eligibility.

(a) *Eligible employees.* An employee who is eligible for family and medical leave is an employee who:

- (1) Has been employed by the county for at least 12 months in the last 7 years (Employment periods before a separation that is older than 7 years will not count towards eligibility unless the break in service is due to fulfillment of the employee's Uniformed Services Employment and Reemployment Rights Act ("USERRA") service obligations.);
- (2) Has worked at least 1,250 hours during the 12-month period preceding the commencement of the leave (A person re-employed following military service shall have the hours that would have been worked for the county but for the USERRA service obligations added to any hours actually worked during the previous 12-month period to meet the 1,250-hour requirement.); and
- (3) Works at a location where Dallas County employs at least 50 employees within 75 miles of that worksite as of the date when the employee gives notice of the need for leave.

(b) *Qualifying reasons for leave.* The county is required to grant leave to eligible employees for:

- (1) The birth of a child and to bond with the newborn child within one year of birth or the placement with the employee of a child for adoption or foster care and to bond with the newly placed child within one year of placement. (Eligible

spouses who work for Dallas County are limited to a combined total of 12 workweeks of leave in a 12-month period to share for the birth of a child and bonding with the newborn child and the placement of a child with the employee for adoption or foster care and bonding with the newly placed child. Each spouse may be eligible for additional leave for other reasons. For example, if both spouses individually took six weeks off in connection with the birth of their child, they could each take an additional six weeks in the same 12-month period for a serious personal health problem.);

(2) Caring for an eligible family member with a serious health condition.

(a) Family members for whom the employee may take family and medical leave include:

(i) Spouse: a husband or wife as defined or recognized in the state where the individual was married, including in a common law marriage. Spouse also includes a husband or wife in a marriage that was validly entered into outside of the United States, if the marriage could have been entered into in at least one state.

(ii) Parent: a biological, adoptive, step, or foster parent or an individual who had day-to-day responsibility to care for and financially support the employee when the employee was a child ("Parent" does not include parents-in-law.); and

(iii) Son or daughter: a biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis (in place of parent), who is either under age 18 or age 18 or older and incapable of self-care because of a mental or physical disability at the time FMLA leave is to begin.

(b) A serious health condition is an illness, injury, impairment, or physical or mental condition that involves inpatient care or continuing treatment by a health care provider.

(3) An employee's own serious health condition that makes the employee unable to perform job functions, including incapacity due to pregnancy and for prenatal medical care.

(4) Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a military member on covered active duty or call to covered active-duty status. The qualifying exigency must be one of the following:

- (a) Short-notice deployment;
- (b) Military events and related activities;
- (c) Childcare and school activities;
- (d) Financial and legal arrangements;

- (e) Non-medical counseling;
- (f) Rest and recuperation;
- (g) Post-deployment activities;
- (h) Parental care; and
- (i) Additional activities not encompassed in the other categories, but agreed to by Dallas County and the employee, including the timing and duration of the leave.

(5) To care for a covered servicemember with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the servicemember (referred to as military caregiver leave).

(a) An eligible employee is limited to a *combined* total of 26 workweeks of leave for **any** FMLA-qualifying reasons during the single 12-month period. If two employees who are legal spouses wish to take leave, the employees are limited to a combined leave of 26 weeks in a single 12-month period to care for a covered military servicemember.

(b) "Covered servicemember" means:

(i) a current member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or

(ii) a covered veteran, per the FMLA, who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness.

(c) "Next of kin" of a covered servicemember means the nearest blood relative other than the servicemember's spouse, parent, son, or daughter in the following order of priority: Blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins unless the covered servicemember has specifically designated in writing another blood relative as his nearest blood relative for purposes of military caregiver leave.

(d) *Defined leave time.* The defined 12-month period, as applicable to this article, will be calculated by taking the 12 consecutive calendar months measured forward from the date family and medical leave begins. Only 12 weeks of family and medical leave will be granted per a consecutive 12-month period except for military caregiver leave where 26 weeks of leave during a 12-month period will be granted.

(e) *Intermittent and reduced leave schedule.* Leave may be taken on an intermittent or reduced leave schedule when necessary. Intermittent leave is

taken in separate periods of time due to a single illness or injury or for a qualifying exigency rather than for one continuous period of time. Reduced schedule leave means the employee works fewer hours than normally scheduled. In order to accommodate the employee's need to take intermittent leave or be placed on a reduced leave schedule, the following shall apply:

- (1) The employee may be temporarily transferred to another position to better accommodate the arrangement;
- (2) The employee shall make a reasonable effort to schedule medical care so as not to disrupt unduly Dallas County's operations;
- (3) The county is only required to grant this arrangement after the birth or placement of a child for adoption or foster care if the elected official/department head approves;
- (4) An employee may not be required to take more leave than necessary to address the circumstance that precipitated the need for the leave; and
- (5) Any employee required to work mandatory overtime who is unable to work overtime due to FML reasons will have FMLA hours deducted based on the required mandatory hours to be worked.

(Ord. No. 2000-485, § 5.03, 3-7-2000; Ord. No. 2002-1977, 10-29-2002; Ord. No. 2009-0883, 5-12-2009, Ord. No. 2023-0278, 03-07-2023)

Sec. 82-605. Requirements.

(a) *Medical leave.* If the employee is requesting leave due to the employee's own or a covered family member's serious health condition, the employee must supply appropriate medical certification to the third-party administrator. The county may also require a second opinion or third opinion at the county's expense. In the event of a third opinion, the third opinion will be binding. The county may request recertification of a medical condition:

- (1) Every 30 days in connection with an absence by the employee unless the employee's medical certification indicates that the minimum duration of the condition is more than thirty days. If so, the county must wait until that minimum duration expires before requesting a recertification unless paragraph (2) of this section applies. In all cases, the county may request a recertification every six months in connection with an absence by the employee;
- (2) In less than 30 days if:
 - (a) the employee requests an extension of leave;

- (b) the circumstances surrounding the leave change (for example, the employee has been absent continuously, but the medical certification provides for intermittent leave for 1 to 2 episodes of 2 days each quarter);
- (c) Dallas County receives information that casts doubt upon the continuing validity of the certification; or
- (d) Dallas County receives information that casts doubts upon the employee's stated reason for the absence.

(b) *Certification.* It is the employee's responsibility to provide the third-party administrator a complete and sufficient medical certification, certification of the qualifying exigency, or certification for the serious injury or illness of the covered servicemember. Failure to provide the requested certification in the allotted time may result in a delay or denial of the family and medical leave and subject the employee to disciplinary action, up to and including termination for violation of the attendance policy.

(c) *Employee's obligation to provide notice of the need for leave.* An employee is responsible for notifying the manager/supervisor and third-party administrator of an injury or illness that will prevent the employee from working on a continuous basis for more than 3 days or that will require periodic absences for treatment or recovery from a serious health condition over the course of several weeks.

(1) Unforeseeable Leave. If the event is unplanned, such as a sudden illness or injury of the employee or an eligible member of the employee's family, the employee or a responsible party shall notify the county as soon as possible and practical.

(2) Foreseeable Leave. If the event is planned, such as surgery or childbirth, then the employee shall make every reasonable effort to provide the county with at least 30 days' notice of the dates the employee will be absent from work.

(d) *Supervisor's role.* If an employee is out for more than three working days for a medical reason and has not requested family and medical leave by the fourth day or if an employee is periodically out for three or more working days in a 3- month period for a medical reason and has not requested family and medical leave, the supervisor shall immediately contact the third-party administrator to report the absences.

(e) *Leave limits.* Whether paid or unpaid, an eligible county employee is entitled to a total of 12 weeks of family and medical leave or 26 weeks of military caregiver leave during a consecutive 12-month period. An employee shall be required to use compensatory time leave balances prior to utilizing other paid leave accruals during the leave. For example, if the leave is due to the illness or injury of the employee, family member, or covered military servicemember, all leave balances

shall be used before moving to an unpaid leave status. If the leave is due to a qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on active duty (or has been notified of an impending call or order to active duty) in support of a contingency operation, the employee shall use vacation, compensatory time, and personal day before moving to unpaid leave status. Family and medical leave is only paid during the portion of leave for which the employee has paid accruals. An employee on paid leave will continue to accrue vacation and sick leave.

(f) *Workers' compensation and family and medical leave.* A workers' compensation injury which results in a serious health condition requiring the employee to be off work for more than three days or requiring continuous treatment for which the employee will be absent from work will be designated as family and medical leave if the employee is eligible for family and medical leave. If workers' compensation payments are appropriate, the payments will be made in full compliance with all applicable laws. Please refer to the county's workers' compensation policy Chapter 82 Article VIII. Workers' Compensation for more information.

(g) *Pay increases and family and medical leave.* Only paid time covered under family and medical leave shall count as time worked for purposes of merit increases, step increases, promotional increases, etc. Any and all unpaid time will not be counted as time worked.

(h) *Insurance coverage; payments.* While an employee is out on family and medical leave, the county will continue to provide group health benefits to the employee at the same coverage level, provided the employee continues to pay the employee's portion of the premium through payroll deductions via sick, vacation, and compensatory leave accruals. Once the employee has exhausted all such accruals, in order to continue the employee's insurance benefits, the employee must continue to make timely payments directly and as specified by the Auditor's Office. If the employee's insurance is canceled due to nonpayment or late payment while on FMLA, the employee may be eligible for COBRA.

(1) The FSA Dependent Care contributions will automatically stop while an employee is out on unpaid FMLA. FSA Dependent Care contributions will reinstate upon return to work.

(2) If the employee fails to pay all owed insurance premiums on a timely basis as specified by the Auditor's Office, the insurance coverage will be terminated; and,

(3) Written notice will be mailed by the County Auditor to the employee and the elected official/department head at least 15 days before coverage is to cease advising that coverage will be dropped on a specific date. Coverage may cease retroactively to the end of the month if any premiums were paid provided the 15-day notice was given. The County will recover

the employee's share of any premium payments missed by the employee for any FMLA leave period during which the County maintains health coverage by paying the employee's share after the premium payment was missed.

(4) If an employee is able to return to work, but fails to do so, the employee may be required to reimburse the county for the premiums the county paid on the employee's behalf during the employee's unpaid family and medical leave. The only exceptions to this requirement are the employee's failure to return to work as a result of a documented serious health condition affecting the employee, a family member, or a covered servicemember which would otherwise entitle the employee to leave under FMLA or other circumstances beyond the employee's control.

- (i) *Return to work.* If an employee has been out on medical leave due to the employee's own health condition, the third-party administrator shall require a fitness for duty release from the employee's healthcare provider prior to allowing the employee to return to work. The fitness for duty release must be received no less than 48 hours prior to the return-to-work date.
- (j) *Violation of rights.* Dallas County may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA. If an employee believes the employee's rights under the Family and Medical Leave Act have been violated, the employee should contact the human resources/civil service department.

Sec. 82-606. Dual Notice Requirement.

- (a) **Employee Responsibility for Dual Notice.** An employee must report FMLA-related absences to both the employee's immediate manager and the third-party FMLA administrator. Failure to provide timely notice to both parties may result in a delay or denial of FMLA leave.
- (b) **Notice to Manager.** An employee must notify the employee's immediate manager of any approved intermittent FMLA-related absences as soon as practicable and note the expected duration of the leave. When leave is foreseeable, an employee must give 30-day advance notice.
- (c) **Notice to Third-Party Administrator.** An employee must also report approved FMLA-related absences to the third-party FMLA administrator within 48 hours of the absence, following the procedures outlined by the administrator. This notice should include the reason for the leave and the expected duration of the leave.

(d) **Consequences for Non-Compliance.** Failure to comply with the dual notice requirement may result in:

1. Delayed or denied FMLA leave.

3. An employee must keep the employee's manager, and the third-party administrator informed of any changes to the leave status or expected return-to-work date.

3. Supervisors must track FMLA leave usage and work with the third-party administrator to manage and address any patterns or concerns related to leave usage.
4. Supervisors must maintain confidentiality regarding employee FMLA leave information and ensure that FMLA rights are not interfered with or and employees are not retaliated against.
5. **Consequences for Non-Compliance.** Failure to fulfill these responsibilities may result in potential disciplinary action, up to and

including termination, for failing to adhere to county policy and FMLA regulations.

(c) **HR Representative Responsibilities.**

1. Central HR representatives must oversee the administration of FMLA leave, ensuring compliance with federal regulations and county policies.
2. Central HR representatives must act as liaisons between employees, supervisors, and the third-party administrator to facilitate the FMLA leave process.
3. Central HR representatives must provide training to supervisors and employees on FMLA policies and procedures.
4. Departmental HR representatives must monitor FMLA leave usage and address any discrepancies or issues in coordination with the third-party administrator and supervisors.
5. **Consequences for Non-Compliance.** Failure to fulfill these responsibilities may result in potential disciplinary action, up to and including termination, for failing to adhere to county policy and FMLA regulations.

Sec. 82-608. Supervisor Responsibilities for Managing Leave Usage.

- (a) Supervisors must review FMLA leave reports provided by the third-party administrator to identify concerning patterns of leave usage or potential issues.
- (b) Supervisors must notify the Central HR FMLA leave coordinator of potential issues. Central HR will communicate with employees who have frequent or extended FMLA leave usage to explore possible solutions, such as accommodations or modified work schedules.
- (c) Supervisors must notify the Central HR FMLA leave coordinator of potential issues. Central HR will communicate with employees who have frequent or extended FMLA leave usage to explore possible solutions, such as accommodations or modified work schedules.
- (d) Supervisors must ensure that any actions taken to address concerns related to FMLA leave usage comply with FMLA regulations and county policies, avoiding any interference with employee's FMLA rights or retaliation.
- (e) **Consequences for Non-Compliance.** Failure to fulfill these responsibilities may result in disciplinary action, up to and including termination, for failing to adhere to county policy and FMLA regulations.

Sec. 82-646. Medical and dental coverage. (This section reflects recent court approved policy language: Court Order #2008 1754-September 16, 2008).

(a) *[Failure to give proper notice of retirement; deduction of insurance premiums.]* An employee who fails to give two weeks' written notice of his/her retirement whose insurance premiums or accrual amounts are paid on their behalf shall have the full insurance premium (county's plus employee's cost) deducted from his/her last pay check.

(b) *Eligibility.*

(1) Retirees are eligible for medical and dental coverage if they are enrolled in medical and dental coverage through the county and do not have a break in coverage, meaning that:

- a. The retiree is enrolled in a county medical plan as an active, regular employee or has COBRA coverage through a county medical plan on the day prior to their retirement date; and
- b. The retiree enrolls for county retiree medical coverage within 31 days of their retirement date; and
- c. The retiree is continuously covered by a county group retiree medical plan and does not have a break in coverage for any reason, including nonpayment of premiums.

(2) If the retiree drops county group retiree medical or dental plan coverage for any reason, the retiree will not be allowed to re-enter a medical plan or dental plan as a retiree in the future, including during annual enrollment. For example, if the retiree drops medical coverage but continues dental coverage, the retiree will not be allowed to elect medical coverage in the future. The employee will be allowed to return to a County Group Retiree-Only Health Benefits Plan when he/she leaves fulltime employment, provided the employee now retiree has no break in benefit coverage.

If an eligible surviving spouse and/or children currently enrolled in a County Group Retiree-Only Health Benefit Plan drops county group retiree medical or dental plan coverage for any reason other than becoming a fulltime county employee with active benefits, the surviving spouse and/or children will not be allowed to re-enter a medical plan or dental plan as a eligible surviving spouse and/or children in the future, including during annual enrollment. The employee/eligible spouse and/or children will be allowed to return to a County Group Retiree-Only Health Plan when he/she leaves fulltime employment, provided the employee/surviving spouse and/or children have no break in benefit coverage.

(3) Retirees over 65 years of age are only eligible to enroll in County Group Retiree-Only Health Benefit Plans for Retirees and Surviving Spouse/Dependents over the age of 65. Eligible retirees who are enrolled in a County Group Retiree-Only Health Benefit Plan, their eligible non-Medicare dependents can only enroll in the Retiree-Only eligible Plan for non-Medicare Dependents.

(c) *Eligible dependents.*

- (1) If the retiree is eligible for retiree medical or dental coverage, their dependents may also be eligible for medical or dental coverage through the county plans, if they meet all of the following requirements:
 - a. The dependent meets the requirements of either a lawful spouse or eligible child as defined in the underlying plan's summary plan description; and
 - b. For medical coverage: The dependent is enrolled in medical coverage through the county and does not have a break in coverage, meaning that:
 1. The dependent is enrolled in a county medical plan on the retiree's last day as an active, regular employee or has COBRA coverage through a county medical plan on the day prior to their retirement date; and
 2. The retiree enrolls the dependent(s) when the retiree enrolls for county retiree medical coverage within 31 days of their retirement date; and
 3. The dependent is continuously covered by a county group medical plan and does not have a break in coverage for any reason, including nonpayment of premiums. See the "premium payments" section below for more information.
 - c. For dental coverage: The dependent is enrolled in dental coverage through the county and does not have a break in coverage, meaning that:
 1. The dependent is enrolled in a county dental plan on the retiree's last day as an active, regular employee or has COBRA coverage through a county dental plan on the day prior to the retirement date; and
 2. The retiree enrolls the dependent(s) when the retiree enrolls for county retiree dental coverage within 31 days of the retirement date; and
 3. The dependent is continuously covered by a county dental plan and does not have a break in coverage for any reason, including nonpayment of premiums. See the "premium payments" section below for more information.
- (2) In addition to the eligible dependents described above. The retiree may be able to add new dependents to the medical or dental plans if they meet the requirements in the "change in status events" section [subsection (d)] below.

(d) *Change in status events.*

- (1) Once the retiree enrolls for retiree medical or dental coverage, the retiree may not change benefit choices, including adding or dropping dependent coverage, until the next annual enrollment period unless the retiree or dependent experiences a qualified change in status event. Refer to the plan

document or summary plan description for the underlying medical or dental plan for a list of the qualified change in status events and a description of the requirements.

- (2) If the retiree does experience a qualified change in status event, the retiree may make a new election for coverage as long as the election is consistent with the qualified change in status event. To be considered consistent, the qualified change in status event must result in either becoming eligible for or losing eligibility for coverage under the plan. The change must correspond with the specific eligibility gain or loss.
 - (3) In order for a new dependent to be covered, the retiree must enroll the new dependent within 31 days after the date of the qualified change in status event. Benefits will begin on the first day of the month following notification of status change. The retiree must satisfy all other eligibility and enrollment requirements of the county retiree medical or county dental plans in which the retiree is enrolled. Refer to the underlying plan document for specific enrollment deadlines and instructions. If the retiree misses the plan's enrollment deadlines, the retiree cannot make any changes, regardless of the type of change in status event that occurred.
 - (4) Note that the act of retiring does not constitute a qualified change in status event for the retiree. Thus, the retiree may not add new dependents to the plan at the time of the retirement. However, if the spouse retires, the act of retiring could be a qualified change in status event, allowing the spouse to enroll in the county plans, if the spouse loses his or her coverage as a direct result of retirement.
 - (5) The opportunity to add new dependents to the plan due to qualified change in status events applies only to the retiree and their eligible dependents. Once the retiree is deceased, no new dependents may be added to the plan due to a change in status event, even if that event appears to otherwise satisfy the plan's requirements. See the section on "dependents of deceased retirees" below [subsection (e)] for more information.
- (e) *Dependents of deceased retirees.*
- (1) The surviving spouse and eligible child(ren) of a deceased retiree are eligible to continue coverage, if they meet all of the following requirements:
 - a. The surviving spouse and/or eligible child(ren) is/are enrolled in coverage through the county at the time of the retiree's death;
 - b. The surviving spouse and/or eligible child(ren) meet(s) all other eligibility requirements of the plan; and
 - c. The surviving spouse and/or eligible child(ren) do(es) not have a break in coverage, including nonpayment of premium.
 - (2) If a surviving spouse or dependent drops county group retiree medical plan or county dental plan coverage for any reason, that dependent will not be allowed to re-enter the applicable plan in the future.

- (3) After the retiree's death, no new dependents are eligible for coverage at any time. For example, if a surviving spouse remarries, the new spouse is not eligible for retiree medical or dental coverage.
 - (4) A surviving spouse or dependent over 65 years of age are only eligible to enroll in County Group Retiree-Only Health Benefit Plans for Retirees and Surviving Spouse/Dependents over the age of 65.
- (f) *Annual enrollment.*
- (1) The county will hold an annual enrollment period each plan year. during the annual enrollment period, the retiree may change choices in retiree medical and dental coverage, cancel coverage for dependents, or make no changes. enrollment changes made during the annual enrollment period will be effective on January 1 following the annual enrollment period.
 - (2) The retiree may not add dependents to retiree medical or dental plan coverage during annual enrollment. Dependents are eligible only if they were covered by the plan at the time of their retirement, or if they experience a qualified change in status event as described in the "change in status events" section [subsection (d)] above.
- (g) *Premium payments.*
- (1) Once the retiree elects retiree medical or dental plan coverage, the retiree must continue to pay the monthly premiums for themselves and any dependents in a timely manner, following the retiree billing rules communicated by the plan administrator, in order to continue eligibility. If the retiree discontinues premium payments for any reason, eligibility will end for the retiree and any covered dependents, and the retiree cannot elect coverage again at a later date.
 - (2) As health care costs increase, required premium payments for retiree medical and dental coverage may also increase. The county reserves the right to change required premium payments or modify plan benefits offered at any time.
- (h) *If the retiree medical plans end or are modified.* The county reserves the right to change, suspend, or end the retiree medical and dental plans at any time, in whole or in part. In the event that the retiree medical and dental plans are discontinued or terminated, benefits would be paid only for services received up to the date of plan termination. The retiree will be notified if the retiree medical and dental plans are amended or terminated.

The continuation of this program beyond the Initial Term is contingent on the approval of funding by the Commissioners Court.

Key Features:

5. **Approved Childcare Providers:** Eligible employees will be required to enroll their dependents with *approved childcare providers* helping to ensure that eligible employees' children receive the same level of quality care.
6. **Feedback and Continuous Improvement:** The program's evaluation process emphasizes the importance of feedback from participants. DIVISION 3. LAW ENFORCEMENT AND DETENTION OFFICERS SALARY PLAN

Sec. 82-980. General plan provisions.

- (a) *Positions covered under plan.* The county positions covered under this plan are those previously covered by the sheriff's commissioned officer salary schedule, sheriff's detention service officer salary plan, constable commissioned officer salary schedule and detention service supervisors and detention service managers covered by the exempt salary schedule. Grand jury bailiffs and assistant fire marshals are included in this plan since they have been covered by the sheriff's commissioned officer salary schedule.
- (b) *Scheduled salary increase.* All employees covered by this plan shall receive the scheduled 2.5 percent salary increase on January 1, 1998, and then shall, on their anniversary date of employment or promotion to their current grade, be assigned to the appropriate grade in the law enforcement and detention officer salary schedule (Attachments A and B) for their position and be placed initially in the closest higher step except that:
 - (1) DSO's on step 1, 2 or 3 and any employee above the maximum of the salary range in which they were placed prior to January 1, 1998, shall not receive the 2.5 percent increase.
 - (2) Any employee whose salary on January 1, 1998, after the 2.5 percent increase, equals the salary amount of the highest step earned by the employee's months of service in that grade shall be placed in that step with no change in salary.
 - (3) Any employee whose salary on January 1, 1998, after the 2.5 percent increase exceeds the amount of the highest step earned by the employee's months of service in that grade shall, on the anniversary date, be placed in the earned step with no change in salary until advancement to a higher step is earned or the salary schedule is revised to provide a higher salary for the current step.
- (c) *Deputies.* All certified deputies will be placed on their anniversary date in the next higher step in the deputy salary range. All non-certified personnel occupying a deputy position who are in the process of obtaining their certification as a deputy shall be placed in the deputy recruit salary range, based on their months of service as a recruit.
- (d) *Salaries less than minimum; increase.* All employees covered by this plan whose salary is effective January 1, 1998, is less than the minimum of their salary range (step 1) shall be increased to the salary of step 1 effective January 1, 1998 rather than on their anniversary date in 1998. All employees who are advanced to the minimum of the salary range effective January 1, 1998, shall advance to step 2 on their anniversary date in 1999 and shall advance further in accordance with the provisions of this plan.
- (e) *Advance due to satisfactory performance.* Beginning January 1, 1999, all covered employees will advance in their salary range based on satisfactory job performance and on the completion of the necessary months of service established for each step in the law enforcement and detention officer salary schedule, except for those

transitional employees whose months of service in grade exceed the requirement for the next step above the one in which they are initially placed. Such transitional employees shall, on their anniversary date in their current position, annually advance to the next step until such time as their position in the salary range corresponds to the step earned by their months of service in their current position.

- (1) Only paid time covered under family and medical leave shall count as time worked for purposes of merit increases, step increases, promotional increases, etc. Any and all unpaid time will not be counted as time worked. Once family and medical leave has been exhausted, all other time (paid or unpaid) taken during the applicable 12-month period will not be counted as time worked for these purposes. These provisions also apply to employees who are on workers' compensation.
 - (2) However, if the county makes salary/benefit modifications to all employees or to employees in the injured or absent employee's specific job category, then the employee may be impacted by these changes, if he meets all specified requirements.
- (f) *Detention service officer or detention service supervisor.* A detention service officer or detention service supervisor who is appointed to a deputy recruit position whose current salary exceeds the range for a deputy recruit shall not have their salary adjusted until such time as they complete the 12 months of service as a deputy recruit. When they have completed 12 months as a recruit they will be placed at the minimum salary for a deputy. If their salary at that time exceeds the minimum salary of the deputy salary range, they shall be placed at the minimum of the range without a salary decrease and will then advance to the higher steps based on the completion of the necessary months of service required for each step. In this case the deputy's salary will not be decreased and will only be increased at such time as they advance to a step that offers a higher salary.
- (g) *Sheriff, constable or fire marshal.* The sheriff, constable or fire marshal may delay indefinitely any step increase based on a non-satisfactory performance evaluation or disciplinary action. Such delay will not affect the employee's anniversary date and eligibility for future salary. Sec. 82-984. General Administration.

Applicability.

Eligible employees in language skill positions who demonstrate through proficiency language skills testing the necessary proficiency in a second language other than English will receive additional compensation (See Table 1 Eligibility Criteria's for Bilingual Pay Incentive Pilot Program). The language for which additional pay is requested must be one that is commonly spoken in the Dallas County area and which is necessary for Dallas County to provide services essential to its successful performance of official functions.

A. Eligibility Requirement.

1. Recommendation of a position as a Language Skills Position, by the Department after assessing the organizational/business bilingual needs of the Department in performing its official functions, the Department must determine that there is a need for bilingual skills in a particular language, for the position and submit the Language Skills Proficiency Test Request Form. The recommendation must include a **Good Faith Compliance, Certification and Recertification Form** (hereafter called the "Certification Form"), by the supervisor/manager of the department, affirming that the employee provides proficient bilingual skills services to constituents on a Regular Basis in compliance with the requirements outlined in the Language Skills policy;
2. Human Resources approval of the department's recommendation of the position as a language skills pay position based on policy criterion; and,
3. Satisfaction of the following criterion by the employee:
 - a. Position whose job responsibilities are such that proficiency of a language other than English is necessary on a regular basis and beneficial for the department in order for the department to meet their public service responsibility and perform their essential functions resulting in a positive impact on the department's delivery of service. The Department must provide the "Certification Form" affirming that the employee provides proficient bilingual skills services to constituents on a regular basis in compliance with the requirements outlined in the language skills policy.
 - b. Has direct public contact on a regular basis with residents or customers who do not speak English. Fifty percent of the job duties must require working with the public;
 - c. Use the language skill on a Regular Basis during daily work week. Language Skills Pay is not available for positions that may use language skills on **an incidental or occasional basis**. The employee must use the language skill on a Regular Basis during his/her work week;
 - d. Is reasonably available to residents/customers needing assistance to translate from English to another language or from another language to English when called upon to do so; and

- e. Demonstrate proficiency (speaking only or speaking, reading, and writing) in a foreign language other than English. The employee must take and pass a proficiency test with a minimum score of 70% in on or more areas (speaking only or speaking, reading, and writing). Passing the bilingual proficiency test does not guarantee that an employee will receive Language Pay, rather they must pass the test in order to be eligible. A department may seek a waiver of the requirement that the employee pass each area (oral/communication, read, and write) of the bilingual proficiency test, from the Commissioners Court, for good cause shown.
4. The maximum number of county-wide bilingual positions authorized under this program will be determined by Commissioners Court as a pilot or non-pilot project and will be based on the number of authorized active positions within the department. For example: County has 6000 authorized active position with the HR department having 20 of these positions. With a maximum allocation of 300 positions county-wide, the HR department would be authorized .99 positions or 1 position rounded to the nearest whole number.
 5. The department may exceed the number of positions they were allocated as long as the maximum number of positions (300 for example) is not exceeded and a business need has been established based on the language skills policy. For example, HR is allocated one position; however, based on the language skills policy is not authorized a position; therefore, one position is still available to be used by another department with a definitive need based on policy; however, does not have any allocations left.

b. Responsibilities.

1. The Elected Official/Department Heads (or designated representatives) are responsible for determining a definitive need for and identifying the number of language skills positions needed within their department based on the number of positions allocated by submitting the Language Skills Assignment Pay Questionnaire 2016-02 to HR with description and justification for the departments' need. The supervisor/manager will confirm via the "Certification Form" that the employee provides proficient bilingual skills services to constituents on a Regular Basis in compliance with the requirements outlined in the language skills policy. The Department's language skills position selection must be based on a good faith assessment of the bilingual business and organizational needs of the Department without preference or favoritism given to any employee and in compliance state and federal law, including non-discrimination laws."
2. The Human Resources Department will evaluate and validate the number of positions requested based on the number of positions allocated and make a recommendation to approve/deny, using the eligibility criteria as outlined in the policy and on the questionnaire, which is based on the function/duties of the Department (i.e. provides services directly to clients/constituents), frequency which the position requires the use of a bilingual skills on a Regular Basis; the amount of public contact the position requires (50% or more, direct or call in combined) and whether any other employees (exempt from language pay) are

able to provide the language services. The HR Department will, audit and monitor the program, and employees to ensure compliance to policy.

3. If Human Resources validate more than one request for a section, since the availability of Language Pay for eligible positions in each Department is limited, the eligible employee who scores the highest overall score in that section will qualify for the first available Language Pay position. The next highest scoring Eligible Employee, in the section, will qualify for the next available Language Pay position. If there is a tie between eligible employees for Language Pay, in a section, consideration is given to: the position the Department considers the most pressing, the frequency which the position requires bilingual skills, and the amount of public contact the position requires. If after the above there is still a tie preference is given on seniority basis. Language Pay is tied to the position, not to the employee.
4. If approved by Commissioners Court, the Auditors' Department will designate skills pay positions based on the number of approved positions per department.

Sec. 82-985. Compensation – Language Skills Assignment Pay.

1. Eligible employees meeting the eligibility requirement in this policy will receive **\$1,200 annually** for passing the speaking, reading, and writing proficiency tests administered by Dallas County's approved vendor for a foreign language other than English.
2. Eligible employees meeting the eligibility requirement in this policy will receive **\$800.00 annually** for passing the speaking proficiency tests administered by Dallas County's approved vendor, if the Department indicates that it only needs the employee to pass the speaking proficiency test when it submits the Language Skills Assignment Pay Questionnaire with a description of its needs.

Sec. 82-986. Testing Procedure.

- a. The Human Resources Department will coordinate, schedule, and/or proctor all Language Skills Testing for all County employees, including tests results and follow-up.
- b. For testing to determine eligibility for language pay and based on the number of authorized language skill position, the Elected Official/Department Head will submit the names of employees to be tested to the HR department on the Language Skills Proficiency Test Request Form (HR 2016-01).
- c. The selected employee eligible for bilingual incentive pay will complete the "Bilingual Testing Request Form" provided by Universe Technical Translation Inc. (UTT). The form will then be sent to UTT by the employee for processing and the vendor will provide the employee a link with instructions for online payment. The employee has 24 hours to cancel prior to schedule start date and time to cancel testing. Time and date will be determined by the employee and vendor. Payment instructions and cancelation instruction are on the form.

- d. All language skills testing cost will be paid by the employee. Employees who fail to pass the initial testing will be provided one additional opportunity to test within 30 days **OR** the Elected Official/Department Head may elect to submit an alternate for initial testing. All subsequent testing will be at the employee's expense. Employees who do not pass after a second test must wait one year before being eligible to re-test. For the initial testing (1st test), the Elected Official/Department Head may elect to approve the reimbursement to the employee for the cost of the testing with funds from the Departments Discretionary Account (DDA) or other funding source identified provided the reimbursement meets the guidelines of the DDA, other funding source and the Auditor's department requirements.
- e. Employees will not be required to retest/requalify to continue to receive the language skills proficiency pay. The department will verify via an updated "Certification Form" that the employee continues to provide proficient bilingual skills services to constituents on a Regular Basis in accordance with the requirements outlined in the language skills policy. The "Certification Form" should be sent to the HR department no later than September 1st prior to the beginning of the next Fiscal Year (October).
- f. Testing will be scheduled during the employees normal work hours whenever possible. When operational needs necessitate scheduling the initial test time outside the employees regular work schedule, the test time will be counted as time worked.
- g. Each County department will have a point of contact to act as a representative with Human Resources to identify and communicate to Human Resources which employee(s) are designated to be tested, preferably their HR Representative.
- h. Tests may be conducted by telephone for speaking and reading tests and via fax and email for written tests. Tests conducted via telephone, fax, or email must be conducted at Dallas County Human Resources office and will be proctored by Human Resources in accordance with Paragraph a of this subsection. Tests will be recorded for quality purposes.
- i. Employees who fail to take a test at the scheduled date and time (i.e. late arrival, no show, etc.) will be required to pay cost of the missed test. Cancelation and contact information is indicated on the payment form.
- j. New tests will not be required when an employee transfers to a position requiring the same use of a skilled language based on policy guidelines, if the re-evaluation of the position was performed within the time period mentioned in this policy (i.e. September 1st prior to the next Fiscal Year). That employee will continue to receive the incentive pay provided the employee meets the test requirement for the position. If, however, there is a break in an employee holding a Language Skills Assignment Pay position with the County for two years or more, that employee must retake the Language Skills Testing for language skills pay (cost will be paid by the employee as outlined in this policy).

Sec. 82-987. Employee Performance Responsibilities.

1. All employees accepting Language Pay will be required to utilize their bilingual and/or communication skills when requested and as needed during the course and scope of their duties.
2. Employees who fail to utilize their bilingual skills when required will be deemed ineligible to receive incentive pay.
3. Employees are required to maintain acceptable proficiency in bilingual communication skills (speak and/or read, and write) as long as they are receiving Language Pay for such skills.
4. Any employee receiving Language Pay is expected to assist other non-bilingual employees in the translation of documents and assistance with the public. Assistance may be required for other departments or areas that extend beyond the employee's normal scope of responsibilities.
5. An employee receiving Language Pay may be asked to retake the proficiency test, if issues arise with the employee's proficiency performance or other good cause shown.

Sec. 82-988. Modification/Termination.

1. An eligible employee who qualified for Language Pay will no longer receive Language Pay if: a) the employee no longer uses the language skills on a Regular Basis in the scope of employment; b) the employee is demoted, transferred, or promoted to a position that has not been designated as a skills pay position by the auditor; c) the employee is not available to interpret and/or translate when needed; or d) the Department requests that the bilingual skills pay position designation be removed from the employee's position or e) the Commissioners Court decides to discontinue Language Pay for the position
2. The Commissioners Court reserves the right to modify or terminate the bilingual incentive pay policy with or without notice.

Sec. 82-989. Non-Language Pay Employees.

Bilingual employees that work for Dallas County departments, not receiving Language Pay will not be subject to discipline for declining to use bilingual skills in the course of employment (excludes employees of elected officials). Requests can be made for their bilingual assistance in a language other than English, but the request may be declined. This provision does not apply to exempt salaried employees who are ineligible for Language Pay.

Sec. 82-990. Audit.

1. The employees in positions designated as bilingual will be reviewed annually by the Department to determine if the policy criteria for the position are still being met and to ensure that there is a continued business need for the

position for the employee to continue receiving Language Pay. The HR department will accept the supervisor/manager confirmation via “Certification Form” that the employee continues to provide proficient bilingual skills services to constituents on a regular basis in compliance with the requirements outlined in the language skills policy, unless it has a good cause basis not to accept the Certification Form. The Department must notify Human Resources within thirty (30) days if the position no longer qualifies for Language Pay. The Department can also survey clients/constituents to obtain feedback regarding services provided as a result of having a bilingual skill position for that area/section being served, to include with its updated Certification Form.
