THE BARBARA JORDAN LEADERSHIP INSTITUTE

**FIBROID
INSTITUTE
TEXAS**

RAISING AWARENESS. CHANGING LIVES.

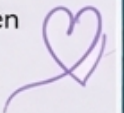

- ✓ Doing this since 2022
- ✓ Uterine Fibroids affect 80% of women by age 50.
- ✓ African American women are 3x more likely to experience fibroids.
- ✓ We're here to educate, empower, and advocate for better women's health.

IN RECOGNITION OF TEXAS FIBROID AWARENESS MONTH

Thanks to legislation passed in 2021, Texas recognizes the need for awareness, research, and better care.

Together, we're building a healthier future for women across our communities.
