National Hispanic Heritage Month is celebrated annually from September 15 to October 15 in the United States in an effort to recognize the contributions and influence of the Hispanic Americans to the history, culture and achievements of this nation.

Special thanks to Ms. Michelle Reeve for placing two large coolers full of bottled water and hydration drinks, and a fan in her front yard for 3 weeks for our Road and Bridge 4 crew working on the street in front of her house in Carrollton, in the dangerous Texas heat. R&B4 always ensures that our staff is always following safety protocol, and we appreciate Ms. Reeve's consideration as well. It is people like her who make the real difference in our society, and I am proud to recognize such caring constituents like her.

Muchas Gracias Ms. Reeve!

Happy Birthday to Chala Martinez on her 95<sup>th</sup> Birthday and Rogelia Gonzalez on her 80<sup>th</sup> Birthday. I was happy to join in celebration of these two beautiful and inspiring ladies last month with these proclamations and I wish them good health and much joy in the coming years.
