Dallas County Law Library E-Online Resources

The Dallas County Law Library holds over 4000 legal volumes in print. The book collection, while non-circulating, has been available to the public since the current library was built in 1965. As time and technology have changed, the law library has invested in electronic resources. The continuing existence of Coronavirus and work from home realities have significantly accelerated this process.

What free online legal resources can you access from the library website?

Westlaw - Online Legal Research Database

Westlaw content includes primary law, secondary sources (such as O'Connor's), litigation, and Practical Law on the Westlaw Next platform. Dallas County Law Library patrons can access Westlaw at the Library.

LexisNexis Digital Library

LexisNexis Digital Library is available to Dallas County Law Library patrons and can be accessed remotely via any internet-connected device. Patrons can check out 3 eBooks at a time for up to 7 days. Account Holders will have access to the ALM, LexisNexis, and James Publishing.
