Law Library Service by the Numbers

The Dallas County Law Library helps people every day

In person daily: about 250 customers
By phone daily : about 65 calls

Always Improving Service

The Library strives to continuously improve our service model. The library has added an employee to our staff in order to help more customers at the front desk. To decrease telephone wait times, the library is now dedicating a staff member to answer calls during select, high-volume hours.

Law Library Service by Practice Areas

The Law Library focuses on supporting civil litigation, with a majority of patrons seeking information regarding family law matters.

The library offers an extensive set of Texas family law forms and maintains a complete Texas family law collection in print. It also provides 8 individual computer stations available to the public with free access to the internet, Westlaw and LexisNexis.

Law Library Service Partners in Texas

The Law Library works closely with legal aid providers in our state. **Texas Law Help** is dedicated to providing free and reliable legal information to Texans (https://texaslawhelp.org).

The **Texas State Law Library** serves the legal research needs of the citizens of the state. They are a public law library (https://www.sll.texas.gov).
