Dallas County Reports a Total of 212 New Positive 2019 Novel Coronavirus (COVID-19) Cases and 6 Deaths, Including 76 Probable Cases and 51 New Cases within 14 days of Specimen Collection Date

DALLAS -- As of 12:00 pm April 13, 2022 Dallas County Health and Human Services is reporting 212 additional positive cases of 2019 novel coronavirus (COVID-19) in Dallas County, 136 confirmed cases and 76 probable cases. There is a cumulative total of 479,597 confirmed cases (PCR test). There is a cumulative total of 105,151 probable cases (antigen test). Today's report includes 51 newly reported cases of COVID-19 within 14 days of specimen collection date. A total of 6,342 Dallas County residents have lost their lives due to COVID-19 illness.

Dallas County Health and Human Services (DCHHS) provided more than 500,000 total doses of COVID-19 vaccine at the Fair Park mega-vaccine clinic, which operated January 11 through July 17. A vaccination clinic is open at the Dallas College Eastfield Campus Location on Saturdays from 9am-6pm. A weekly pop-up vaccination clinic will also take place at Ellis Davis Fieldhouse on Tuesdays through Saturdays from 10am-6pm.

The additional deaths being reported today include the following:

- A woman in her 30's who was a resident of the City of Dallas. She had been critically ill in an area hospital and had underlying high risk health conditions.
- A woman in her 50's who was a resident of the City of Dallas. She had been hospitalized and had underlying high risk health conditions.
- A man in his 60's who was a resident of the City of Dallas. He had been critically ill in an area hospital and had underlying high risk health conditions.
- A woman in her 70's who was a resident of a long-term care facility in the City of Dallas. She had been hospitalized and had underlying high risk health conditions.
- A woman in her 70's who was a resident of the City of Garland. She had been critically ill in an area hospital and had underlying high risk health conditions.
- A woman in her 90's who was a resident of the City of Garland. She expired in hospice and had underlying high risk health conditions.

To date, a total of 2,337 cases with SARS-CoV-2 variants have been identified and investigated in residents of Dallas County, including: 175 cases of B.1.1.7 (Alpha); 4 cases of B.1.351 (Beta); 1,785 cases of B.1.617.2 (Delta); 15 cases of B.1.427 (Epsilon); 26 cases of P.1 (Gamma); 10 cases of B.1.526 (Iota); 5 case of C.37 (Lambda); 4 cases of B.1.621 (Mu); 312 cases of B.1.1.529 (Omicron); and 1 case of P.2 (Zeta). Three hundred and ninety-five cases have been hospitalized and 52 have died. Thirty-nine COVID-19 variant cases were reinfections. Six hundred and seventy-nine people were considered fully vaccinated before infection with a COVID-19 variant.

As of 4/8/2022, a total of **379** confirmed and probable cases were reported in CDC week 13 (week ending 4/2/22), which is a weekly rate of **14.4** new cases per 100,000 residents.

As of the week ending 4/2/2022, about 81% of Dallas County residents age 12 years and older have received at least one dose of COVID-19 vaccine, including: 98% of residents age 65 years and older; 86% of residents between 40-64 years of age; 78% of residents 25-39 years of age; 68% of residents 18-24 years of age; and 62% of residents 12-17 years of age. In the cities of Addison, Coppell, Highland Park, Irving, and Sunnyvale, greater than 92% of residents 18 years of age and older have received at least one dose of COVID-19 vaccine. In the cities of Cedar Hill, Desoto, Farmers Branch, Garland, Lancaster, and University Park, greater than 80% of residents 18 years of age and older have received at least one dose of COVID-19 vaccine.

About 41.5% of COVID-19 cases diagnosed in Week 13 were Dallas County residents who were not fully vaccinated. In Dallas County, 47,252 cases of COVID-19 breakthrough COVID-19 infections in fully vaccinated individuals have been confirmed to date, of which 3,870 (8.2%) were hospitalized and 667 have died due to COVID-19.

Of all Dallas County residents tested for COVID-19 by PCR during the week ending 4/2/2022 (CDC week 13), **3.1%** of respiratory specimens tested positive for SARS-CoV-2. For week 13, area hospital labs have continued to report elevated numbers and proportions of respiratory specimens that are positive for other respiratory viruses by molecular tests: parainfluenza (3.44%), rhinovirus/enterovirus (30.54%) and RSV (2.63%).

There are currently 11 active long-term care facility outbreaks. A cumulative total of 6,446 residents and 4,362 healthcare workers in long-term facilities in Dallas have been diagnosed with COVID-19. Of these, 1,334 have been hospitalized and 906 have died. About 16% of all deaths reported to date have been associated with long-term care facilities.

There has been 1 outbreak of COVID-19 in a congregate-living facility (e.g. homeless shelters, group homes, and halfway homes) reported within the past 30 days. A cumulative total of 1,135 residents and 295 staff members in congregate-living facilities in Dallas have been diagnosed with COVID-19.

New cases are being reported as a daily aggregate, with more detailed data dashboards and summary reports updated on Friday evenings, available at: <https://www.dallascounty.org/departments/dchhs/2019-novel-coronavirus/daily-updates.php>.

Local health experts use hospitalizations, ICU admissions, and ER visits as three of the key indicators as part of determining the COVID-19 Risk Level (color-coded risk) and corresponding guidelines for activities during our COVID-19 response. The most recent COVID-19 hospitalization data for Dallas County, as reported to the North Central Texas Trauma Regional Advisory Council, can be found at www.dallascounty.org/covid-19 under “Monitoring Data,” and is updated regularly. This data includes information on the total available ICU beds, suspected and confirmed COVID-19 ER visits in the last 24 hours, confirmed COVID-19 inpatients, and COVID-19 deaths by actual date of death. The most recent forecasting from UTSW can be found [here](#). The most recent COVID-19 Data Summaries for Dallas County, TX can be found at the bottom of [this page](#).

“The numbers are good, but let's keep this going. If you haven't had your third shot, find a vaccine near you at vaccines.gov. Please continue to make good choices. Please continue to make good choices. Outdoor venues for large events are better than indoor venues. And please be extra cautious if you're around the immunocompromised or our most senior citizens,” said Dallas County Judge Clay Jenkins.
