

FOR IMMEDIATE RELEASE

April 29, 2022

Dallas County Reports a Total of 308 New Positive 2019 Novel Coronavirus (COVID-19) Cases and 3 Deaths, Including 188 Probable Cases and 16 New Cases within 14 days of Specimen Collection Date

DALLAS -- As of 12:00 pm April 29, 2022 Dallas County Health and Human Services is reporting 308 additional positive cases of 2019 novel coronavirus (COVID-19) in Dallas County, 120 confirmed cases and 188 probable cases. There is a cumulative total of 482,927 confirmed cases (PCR test). There is a cumulative total of 107,085 probable cases (antigen test). Today's report includes **16** newly reported cases of COVID-19 within 14 days of specimen collection date. A total of 6,401 Dallas County residents have lost their lives due to COVID-19 illness.

Dallas County Health and Human Services (DCHHS) provided more than 500,000 total doses of COVID-19 vaccine at the Fair Park mega-vaccine clinic, which operated January 11 through July 17. A vaccination clinic is open at the Dallas College Eastfield Campus Location on Saturdays from 9am-6pm. A weekly pop-up vaccination clinic will also take place at Ellis Davis Fieldhouse on Tuesdays through Saturdays from 10am-6pm.

The additional deaths being reported today include the following:

- A man in his 60's who was a resident of the City of Garland. He had been hospitalized and had underlying high-risk health conditions.
- A man in his 70's who was a resident of the City of Garland. He had been critically ill in an area hospital and had underlying high-risk health conditions.
- An woman in her 80's who was a resident of the City of Dallas. She expired at home and had underlying high-risk health conditions.

To date, a total of 2,573 cases with SARS-CoV-2 variants have been identified and investigated in residents of Dallas County, including: 288 cases of B.1.1.7 (Alpha); 4 cases of B.1.351 (Beta); 1,851 cases of B.1.617.2 (Delta); 31 cases of B.1.427 (Epsilon); 29 cases of P.1 (Gamma); 15 cases of B.1.526 (Iota); 5 cases of C.37 (Lambda); 4 cases of B.1.621 (Mu); 343 cases of B.1.1.529 (Omicron); and 3 cases of P.2 (Zeta). Four hundred and forty-five cases have been hospitalized and 63 have died. Forty-nine COVID-19 variant cases were reinfections. Seven hundred and twenty-five people were considered fully vaccinated before infection with a COVID-19 variant.

As of 4/29/2022, a total of **645** confirmed and probable cases were reported in CDC week 16 (week ending 4/23/22), which is a weekly rate of **24.5** new cases per 100,000 residents.

As of the week ending 4/23/2022, about 81% of Dallas County residents age 12 years and older have received at least one dose of COVID-19 vaccine, including: 99% of residents age 65 years and older; 87% of residents between 40-64 years of age; 79% of residents 25-39 years of age; 68% of residents 18-24 years of age; and 63% of residents 12-17 years of age. In the cities of Addison, Coppell, Highland Park, Irving, and Sunnyvale, greater than 94% of residents 18 years of age and older have received at least one dose of COVID-19 vaccine. In the cities of Cedar Hill, Desoto, Farmers Branch, Garland, Lancaster, and University Park, greater than 81% of residents 18 years of age and older have received at least one dose of COVID-19 vaccine.

About 47.8% of COVID-19 cases diagnosed in Week 16 were Dallas County residents who were not fully vaccinated. In Dallas County, 60,005 cases of COVID-19 breakthrough COVID-19 infections in fully vaccinated individuals have been confirmed to date, of which 4,019 (6.7%) were hospitalized and 726 have died due to COVID-19.

Of all Dallas County residents tested for COVID-19 by PCR during the week ending 4/23/2022 (CDC week 16), **5.8%** of respiratory specimens tested positive for SARS-CoV-2. For week 15, area hospital labs have continued to report elevated numbers and proportions of respiratory specimens that are positive for other respiratory viruses by molecular tests: parainfluenza (6.02 %), rhinovirus/enterovirus (20.22 %) and RSV (3.69%).

There are currently 11 active long-term care facility outbreaks. A cumulative total of 6,479 residents and 4,364 healthcare workers in long-term facilities in Dallas have been diagnosed with COVID-19. Of these, 1,338 have been hospitalized and 911 have died. About 16% of all deaths reported to date have been associated with long-term care facilities.

There has been 1 outbreak of COVID-19 in a congregate-living facility (e.g. homeless shelters, group homes, and halfway homes) reported within the past 30 days. A cumulative total of 1,135 residents and staff members (840 residents and 295 staff) in congregate-living facilities in Dallas have been diagnosed with COVID-19.

New cases are being reported as a daily aggregate, with more detailed data dashboards and summary reports updated on Friday evenings, available at: <https://www.dallascounty.org/departments/dchhs/2019-novel-coronavirus/daily-updates.php>.

Local health experts use hospitalizations, ICU admissions, and ER visits as three of the key indicators as part of determining the COVID-19 Risk Level (color-coded risk) and corresponding guidelines for activities during our COVID-19 response. The most recent COVID-19 hospitalization data for Dallas County, as reported to the North Central Texas Trauma Regional Advisory Council, can be found at www.dallascounty.org/covid-19 under “Monitoring Data,” and is updated regularly. This data includes information on the total available ICU beds, suspected and confirmed COVID-19 ER visits in the last 24 hours, confirmed COVID-19 inpatients, and COVID-19 deaths by actual date of death. The most recent forecasting from UTSW can be found [here](#). The most recent COVID-19 Data Summaries for Dallas County, TX can be found at the bottom of [this page](#).

“The numbers in Dallas County continue to be low, but the threat is not zero. A little prudence goes a long way. When you can avoid large crowds by going to venues off peak hours and enjoy the pretty spring weather outside, you decrease your risk of not only getting COVID, but also the flu and other viruses. To fully protect yourself, your family and the community, everyone needs at least three shots. If you have not gotten your booster yet, please go to covid.gov to find a shot near you,” said Dallas County Judge Clay Jenkins.
