DISTRICT 4 NEWSLETTER | APRIL 2021

RECORDS BUILDING UPDATE

As we get closer to the completion of the Records Building Renovation Project, the largest historic renovation project in the State of Texas, I am excited to announce that we expect to complete the project by the end of 2021. So far, we have completed levels 2 – 5 and are currently

working on the renovation of the Commissioners Courtroom, plaza and roof upgrades.

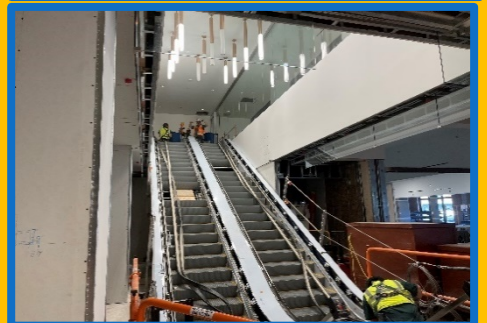

Our residents and Dallas County employees deserve modern, efficient and safe buildings to work in and conduct County services. The change is happening

April is National Child Abuse Prevention Month. Communities around the nation are encouraged to come together to support families and children to spread the awareness of child abuse prevention through outreach programs, resources, and activities to identify abuse and neglect. With each opportunity, we learn about the signs of child abuse, bring hope to families and come closer to an end of child abuse and neglect.

and though the COVID-19 pandemic has created difficulties with completing this project, I hope you will all agree that it was worth the wait!

I want you to know that I appreciate all of you and the work you do here. I hope that the completion of the Records Building will demonstrate that appreciation.

COVID-19 VACCINE EFFORTS

To ensure our senior citizens and Dallas County residents have accessibility to register and receive the COVID-19 vaccine, Commissioner Garcia has continued to partner with Dallas County Health and Human Services, elected officials, and local community leaders to offer vaccine appointments and transportation to our senior citizens. We have also continued our outreach to our District 4 communities to make sure everyone is registered to receive their COVID-19 vaccine.
