

Dallas County Criminal District Attorney's Office

The District Attorney's Office is responsible for seeking justice on behalf of the people of Dallas County. Part of seeking justice includes being conveniently accessible to the community while providing services to victims, witnesses and those affected by violence.

The mission of the Community Resource Satellite Offices is to provide assistance to victims of domestic violence, elderly abuse and others, in a safe and convenient location, should they be unable to seek services at the main office in downtown Dallas.

The District Attorney's Office and its staff are here to serve YOU!
