Property Name: Oates School

Physical Address:

City: Mesquite

Longitude: Latitude:

UTM Coordinates: UTM Zone: 14 UTM East: UTM North:

Location Description: Christian College Campus

How is marker displayed? Affixed to building Inside building (if so, where?) On pole in front of building Marker is not present (if not, why?)

Alternate Name(s): Originally on the grounds of Christian College of the Southwest. In 1970, CCS built an administration building, a gym, and a physical plant. It was probably in this process that they destroyed the Oates School. The College went bankrupt in 1971. The land and buildings were later acquired by Abilene Christian College, and then by the current Dallas Christian Academy. I drove the campus, and found no sign of the Oates School, and could find no one who remembered it. Historic Mesquite, Inc., can find no mention of the Oates School after about 1971.
