*Any deviations to the Dallas County bid specifications may result in rejection of the Bidders if found unacceptable by Dallas County.								

*Titan and Associates Construction, LLC did submit a bid; however, they were not qualified as they were not substantially complete on their other (first) project with the County. Per the addendum specification: "Additionally, a Contractor who has not substantially completed a project with the Dallas County Replacement Housing Program will be limited to one (1) project with the Program. 'Substantially completed' is defined by the County as a poured slab and a fully framed and permitted project prior to the bid closing date." Because Titan and Associates Construction, LLC had not met this requirement, they could not be considered a responsive bidder.*
