# Course Descriptions

**Below 100-** This course is designed to eliminate preventable line-of-duty police deaths and serious injuries through compelling common-sense training designed to focus on areas under an officer's control.

**Crisis Intervention Training** – The purpose of the Intermediate Crisis Intervention Training course is to educate law enforcement officers about issues pertaining to crisis intervention techniques, especially in communicating with persons with a mental illness.

This course meets Texas Commission on Law Enforcement (TCOLE) requirements #1850

**C.I.T. Update** - This course is a Refresher to the 16 hour Crisis Intervention Training class.

**Dallas County Active Shooter Safety Tips for Employees** - Active shooter training is one of several proactive steps organizations can take to prepare employees and managers to respond appropriately to an active shooter incident. While the likelihood of an active shooter event is rare, all employees should know how to recognize the signs of potential violence and what their role is during an active shooter situation.

**De-escalation Techniques: Limiting the Use of Force in Public Interaction**– This course is mandate training per 85<sup>th</sup> Legislative session. This course is designed to explain the purpose and focus of de-escalation training: to improve the response of officers to incidents that involve persons in crisis, who are behaving erratically, emphasizing that public and officer safety are at the heart of this training process.

**Human Trafficking** - The purpose of this course is to increase the law enforcement communities awareness of the issues of human trafficking through the exposure of informational materials and research to include: victim identification and investigation techniques, rescue and prosecution considerations, referral and service provider availability, practical case studies to assist in building a coordinated community response and to obtain an inter-connectivity of state, federal and global human trafficking concerns.

**Internal Affairs Investigations** – This course is designed to orient supervisors to the unique investigative and legal aspects of conducting internal affairs investigations, both administrative and criminal. The program provides instruction on the techniques and procedures used in these investigations.

**Interacting with Deaf and Hearing Impaired Persons** - The course will help the officer know the procedures for dealing with deaf and hearing impaired persons, discuss appropriate techniques utilized to interact with them, identify practical suggestions for more effective communication, discuss the communication impediment program, distinguish what situations require an interpreter per student role-play and describe how to identify specialty license plates issued to them.

**Mental Health for Jailers** - This course is mandate training per 85th Legislative session. It is designed to gain an understanding of mental impairments and their impact within the jail system.

**Missing and Exploited Children** - This course is intended as an introduction to issues related to responding to and investigating missing and exploited children cases.

**Report Writing/Court Testimony** - Accurate reporting is vital to protect the integrity of any case. This course will show the officers how to improve their writing skills with topics that will encourage factual report writing, evidence collection, metadata, elements of a crime, distractions, technology, and more.

This class introduces the law enforcement officer to the issues that arise during testimony in a criminal trial.

**State and Federal Law Update 3187** - This 2021-2025 Texas State & Federal Law Update #3187 course is designed to provide Texas Peace Officers with both State and Federal legislative updates and court decisions that impact the law enforcement profession.

After reviewing the U.S. Supreme Court (SCOTUS) decisions, we will study the latest Texas code changes and additions that affect law enforcement policy makers, administrators, or law enforcement officers.

There were a large number of Penal Code, Code of Criminal Procedure, and Transportation Code revisions as well as some new laws

**TCIC/TLETS Less Than Full Access (LTFA)** - Designed for operators who perform all NCIC/TCIC functions at any level lower than full access. Generally, this pertains to inquiry only, including mobile data terminal (MDT) or notebook computer users. Operators must receive this training within the first six months of assignment or employment. Recertification within two years of certification or most recent recertification date.

**TCIC/TLETS Full Access**- Designed for operators who perform all NCIC/TCIC functions, including inquiry, entry, modification, clearing, canceling, and III functions. Operators must receive this training within the first six months of assignment or employment, regardless of whether these duties are performed on a full-time or part-time basis. Recertification within two years of certification or most recent recertification date.

**Suicide Prevention for LE** – This course provides law enforcement officers with a foundational skill set to better understand and address the behavioral health stressors that are unique to law enforcement.

**Use of Force in a Jail Setting**- This course is designed to provide the county detention officer with an understanding of use of force situations encountered in a correctional environment. It was developed by the Texas Commission on Law Enforcement.
