**TAX ROLL (TRW) FACT SHEET**

- The Tax Roll (TRW) is an ASCII file. This is the only available format. It includes information regarding entities collected by the Dallas County Tax Office for the current year Tax Roll (paid and unpaid accounts), unpaid balances for prior years, and Appraisal District changes made to accounts during the current Tax Year.
- The TRW does not contain legal description information or headers.

Legal description information can be obtained by visiting the DCAD (Dallas Central Appraisal District) website <http://dallascad.org/DataProducts.aspx>. Download the current year's Certified Data Files (Comma Delimited) at Certification for no charge and cross reference with the TRW file by account number. Information for additional Appraisal Districts is available at <https://www.dallascounty.org/departments/tax/other-questions.php>.

- Each account generated on the file is detailed by jurisdiction with an average of 5 per account.
- The TRW file is processed after the end of day on Fridays and the new file is available on the website the following Monday (excluding holidays).
- Cost: The TRW data file is accessible on the website for no additional charge.
- The *Tax Roll (TRW) File Layout* includes pertinent format information for the TRW file.

**Note:** *If these concepts are foreign to you, seek help from your IT department or an IT person. The Dallas County Tax Office is unable to provide technical support for your use of the data.*
