

CERTIFICATION OF PUBLIC LOGIC AND ACCURACY TEST, HASH VALIDATION AND FIRST TEST OF AUTOMATIC TABULATING EQUIPMENT

We, the Presiding Judge of the Central Counting Station and the General Custodian of Election Records, do hereby certify that the hash validation comparison, Public Logic and Accuracy Test and the First Test of the Automatic Tabulating Equipment to be used to count the ballots for the

Joint and Special Election to be held on 05/ 04 /2024 was conducted
(name of election) (date of election)

using a predetermined number of valid votes for each candidate and for and against each proposition on the ballot for the election. Each contest position, as well as each precinct and ballot style was able to be voted and was accurately counted. Each type of device that will tabulate ballots including precinct scanners and/or central scanners, whichever is applicable, was included in the testing. The test group also contained ballots with overvotes, ballots with undervotes, if applicable to the system being tested, multi-candidate races, provisional votes and write-in votes, if applicable. We further certify that a representative sample of voting system equipment was tested with a hash validation process to ensure that the source code of the equipment has not been altered. The trusted hashes for each unique device in the voting system are pertinent to the most current version of the voting system and were obtained from the Secretary of State's office prior to the Public Logic and Accuracy Test.

Instructions to Presiding Judge and General Custodian:
The hash validation process must take place at the Public Test for Logic and Accuracy. The hash validation test may be practiced in advance of the Public Logic and Accuracy Test for proofing purposes, but only the public performance of the hash validation test may be certified. If either or both of the initial tests were not successful, prepare a written record of the changes to the program, adjustments to the equipment and other actions taken to achieve a successful test and attach to this certification.

Note: If your county does not use a Central Counting Station, only the General Custodian of Election records is required to sign this form.

**CERTIFICATION OF THIRD TEST OF AUTOMATED TABULATING EQUIPMENT
USED AT THE CENTRAL COUNTING STATION**

I, the Presiding Judge of the Central Counting Station do hereby certify that the third
test of the automatic tabulating equipment to be used to count the ballots for the

Joint and Special Election to be held on
(name of election)

05/04/2024
(date of election)

was conducted using a predetermined number of valid votes for each candidate and for
and against each proposition on the ballot for the election. [Sec. 127.094]

The test was successful and was concluded at 12:50 PM on 05 / 13 / 24.
(time) (date)

Christopher W. Patton

Printed Name of Presiding Judge of Central Counting Station

Christopher W. Patton

Signature of Presiding Judge of Central Counting Station

NOTE TO PRESIDING JUDGE:

If the initial third test conducted under Section 127.093(d) is unsuccessful, the count of ballots
voted in the election obtained with the automatic tabulating equipment is void.
If the initial third test is successful, the automatic count of ballots voted in the election is valid for
the purpose of certifying the election returns prepared at the central counting station. The
Presiding Judge shall certify in writing that the initial test was successful and the date and hour
the test was completed. The certification shall be retained with the test materials.
If the initial third test was unsuccessful, the testing authorities shall follow the procedure
prescribed by Section 127.097. When a test is successful, the ballots to be counted
automatically shall immediately be counted. Immediately on completing the automatic count, the
equipment shall again be tested, and if the initial test is successful the automatic count is valid
for the purpose of certifying the election returns. Otherwise, the automatic ballot count is void.
The procedure prescribed by 127.098(c) shall be repeated until a valid automatic count is
obtained or the testing authorities determine that obtaining a valid automatic count is
impracticable. In that case, the ballots shall be counted manually. [Sec. 127.098]
